ACEC/PA EXECUTIVE DIRECTOR LEEANN SHERMAN EARNS CERTIFIED ASSOCIATION EXECUTIVE CREDENTIAL

WASHINGTON, D.C. (Feb. 4, 2020) – The American Society of Association Executives (ASAE) has announced that Leeann Sherman, executive director of ACEC/PA, has earned the Certified Association Executive (CAE®) designation. The CAE is the highest professional credential in the association industry.

“To have this certification will allow me to strategically move ACEC/PA and its members forward in the best way possible,” said Sherman. “I’m excited to seek out new opportunities that will take the association toward more collaboration and growth.”

To be designated as a Certified Association Executive, an applicant must have experience with nonprofit organization management, complete a minimum of 100 hours of specialized professional development, pass a stringent examination in association management, and pledge to uphold a code of ethics. To maintain the certification, individuals must undertake ongoing professional development and activities in association and nonprofit management. More than 4,400 association professionals currently hold the CAE credential. The CAE Program is accredited by the National Commission for Certifying Agencies (NCCA).
