

ACE WESTERN CANADA ROUNDUP

May 25-26, 2019

Beautiful scenery, historic flats, and a genuine bucket-list coaster masterpiece await attendees of the 2nd annual ACE Western Canada Roundup!

Fly into Calgary YYC airport, then make the drive up to the West Edmonton Mall for the 2pm start at Galaxyland. There, experience Mindbender, one of the most intense coasters in the world. Also on tap is Autosled (custom Zierer), an S&S doubleshot tower, a shooting dark ride, and more - all located in one of the world's largest shopping malls. After you've had your mind properly bent and you've shopped till you've dropped, head back to Calgary.

Sunday begins at Heritage Park, a living museum with a collection of historic flat rides including a hand-painted carousel, the last remaining portable Whip, an Eli Bridge Ferris wheel, and a Caterpillar ride running original cars and canopy. Take a ride on the classic steam train and browse the antique car museum before heading west of town to Calaway Park.

The weekend concludes with a gem of a park. Calaway Park is home to three coasters and the best log flume in Canada. The park is also home to a Schwarzkopf Enterprise, a Chance Chaos, plus classic flats like Paratrooper and Wave Swinger.

Have some extra time?

If you have some extra time, there are lots of things to see and do in the area.

Head to West Edmonton Mall early and have a splash at World Water Park, play a round of mini-golf, catch the sea lion show, bowl a game or two, or try your skill at the Alien Outbreak Escape Room.

Come a day early and book a wacky themed room at Galaxyland Hotel for a night you won't soon forget.

In Calgary, head to Canada Olympic Park and hop a ride on a wheeled bobsled racing down the course that wiped out the Jamaican team in 1988. N.America's fastest zipline is here as well, plus a Mario Kart-inspired "Skyline Luge" that's crazy fun.

West of Calgary, be sure to take in the splendour of Banff National Park, one of the most beautiful places on earth, then head up to Jasper to Glacier National Park and test your nerve on the glass bridge overlook.

Head even further west to Revelstoke and ride The Pipe, a thrilling single-rail alpine coaster.

How much does it cost?

ACE Members: \$94.50 CAD (Approx \$75 USD)

Non-members: \$99.75 CAD (Approx \$80 USD)

Price includes admission to Galaxyland, Heritage Park, and Calaway Park.
