

Can you figure out which coaster is the favorite of which Coaster Enthusiast? Each coaster can be found in one of the Coaster Con 43 host parks. Each person has only one favorite, and each coaster is the favorite of a different enthusiast. Put a circle in a box if you have made a match between person and coaster, and put an x in any box that cannot be a match. Once all the boxes have been filled, you've figured out the answer!
