

SCAVENGER HUNT!

Let's take a walk around Dutch Wonderland! Here's how to play:

Use [street view](#) in Google Maps or Google Earth to find the answers to the following questions. Use the provided [park map](#) to help you find the locations to the first 20 questions, or just search the park on your own. All answers are based on what can be seen in street view, not what is in the park, in real life, today. Submit your answers at <https://forms.gle/1LFSQ6bcR4C6t3wZ7>

While in street view you can move around using the arrow keys, clicking on the image, clicking on the map, or dragging the pegman to a new location. Some questions may require you to view an object from a particular spot, so try different viewing angles. You can zoom in to read signs and see far away objects. Here is a video that offers tips on using street view to complete the scavenger hunt. https://youtu.be/INUQ82_KTzc

1. The entrance to the park is through a building that looks like a what?
2. What animal is between the park entrance and park exit?
