

# SCAVENGER HUNT!

Let's take a virtual tour around Hersheypark! Here's how to play:

Use [street view](#) in Google Maps or Google Earth to find the answers to the following questions. All answers are based on what can be seen in street view, not what is in the park, in real life, today. Submit your answers to <https://forms.gle/94r7cmJ3N2oxxE4S8>

While in street view you can move around using the arrow keys, clicking on the image, clicking on the map, or dragging the pegman to a new location. Some questions may require you to view an object from a particular spot, so try different viewing angles. You can zoom in to read signs and see far away objects. Here is a video that offers tips on using street view to complete the scavenger hunt. [https://youtu.be/INUQ82\\_KTzc](https://youtu.be/INUQ82_KTzc).

Note: Two sets of street view photos were taken in Hersheypark at different times. They are both available in google maps but are shown as separate lines on the map. Questions marked with \*\* require being on the correct "timeline" in the specified area. The clock icon in the top left of the screen can help you switch between years.
