Oliver Adunka MD, Chair-Elect, ACI Alliance Board of Directors and Professor and Director of Otology, Neurotology and Cranial Base Surgery, Department of Otolaryngology-Head and Neck Surgery, Ohio State University

Dr. Adunka is an ENT surgeon who provides cutting-edge, personalized care for people of all ages with hearing loss. He conducts research on treatment options that may advance care. He is a member of the Joint Committee on Infant Hearing, which focuses on the complexities of hearing loss and its effect on a child's development as well as methods to improve identification in infants. Dr. Adunka is the incoming Chair of the Board of Directors for American Cochlear Implant Alliance.

Teresa H. Caraway PhD, CCC-SLP, LSLS Cert. AVT, CEO, Hearing First

Dr. Caraway is a Speech Language Pathologist and Auditory Verbal Therapist. She is the CEO of Hearing First, an educational endeavor of the Oberkotter Foundation. Hearing First supports families and professionals on the Listening and Spoken Language (LSL) journey through Awareness, Education and Community. She has been recognized by her peers for outstanding clinical skills and is a seasoned workshop presenter on teaching spoken language through listening. Dr. Caraway served on the ACI Alliance Founder’s Board and has been widely recognized for her work to advance listening and spoken language outcomes in children with hearing loss.

Charles Limb MD, Francis A. Sooy Professor, Departments of Otolaryngology-Head & Neck Surgery and Neurosurgery, University of CA San Francisco School of Medicine

Dr. Limb is the Director of the Douglas Grant Cochlear Implant Centers at UCSF and the UCSF Benioff Children’s Hospital, Oakland. He conducts research and has widely published on music perception generally and by those who have cochlear implants—including TED talks on the topic. Dr. Limb is also part of a research team that recently received a grant from ACI Alliance to study telehealth innovation in cochlear implant programming.
Megan Narron AuD, Director, Yale University Adult Cochlear Implant Program
Dr. Narron identifies, diagnoses, treats, and monitors adult patients with hearing disorders for at the Yale Hearing and Balance Center, Otolaryngology where she co-leads the Cochlear Implant Program. Dr. Narron specializes in implantable hearing technology, including cochlear implants including cochlear implants. In addition to her clinical responsibilities, she conducts research and provides clinical training. She is also a Connecticut State Champion for ACI Alliance.

Donna Sorkin MA, Executive Director, ACI Alliance
Donna Sorkin is the executive director of the American Cochlear Implant Alliance and is a long-time advocate for people with hearing loss of all ages. Prior to joining ACI Alliance, she worked for a cochlear implant manufacturer as Vice President for Consumer Affairs, and she also headed two other non-profit organizations in the field. She experienced progressive hearing loss as an adult and has been hearing with a cochlear implant for 28 years.

Lindsay Zombek MS, CCC-SLP, LSLS Cert AVT, Lead Clinical Specialist in Speech Language Pathology, University Hospitals Cleveland Medical Center
Lindsay Zombek is a clinical specialist who provides aural (re)habilitation for infants, children and adults with hearing loss and their families. Ms. Zombek is active in her field, serving on the State of Ohio Subcommittee for Universal Newborn Hearing Screenings and as an Ohio State Champion for ACI Alliance.
