Friday June 9th 1230PM

Aural rehabilitation for adult cochlear implant recipients is not widely available. Join other interested CI team members to explore the reasons why some programs elect to provide AR, while others do not. Discuss the results of a March 2023 survey sent to ACI Alliance members on the topic. POCs: James Saunders MD james.e.saunders@hitchcock.org and Pam Dawson M.Ed pdawson@hear-me-now.org
