Abstract Submission Open for American Cochlear Implant Alliance Conference CI2023 Dallas

Washington, D.C.: American Cochlear Implant Alliance (ACI Alliance) will host its annual clinic research conference CI2023: Cochlear Implants in Children and Adults in Dallas, Texas on June 7-10, 2023.

CI2023 Dallas will feature keynote lectures, panel sessions, podium and poster sessions, complete with live discussion, allowing attendees to pursue a wide array of cochlear implant and related content. Attendees and presenters include audiologists, physicians, speech pathologists, psychologists, scientists, engineers, educators, students, advocates and others involved in cochlear implantation sharing multidisciplinary scientific information. The conference will provide attendees with opportunities to explore topics for CI patients across the lifespan.

Abstract submissions are currently being accepted through October 14, 2022. All those submitting abstracts must attend CI2023 Dallas in person should their abstract be selected as a podium or poster presentation.

The CI2023 Dallas Conference Website is open and will provide information updated regularly from now until the conference. Registration for the conference will open in January 2023 with early bird registration rates available through April.

ACI Alliance is a not-for-profit membership organization created with the purpose of eliminating barriers to cochlear implantation by sponsoring research, driving heightened awareness, and advocating for improved access to cochlear implants for patients of all ages across the US.
