

INTRODUCING A NEW MEMBER BENEFIT!

GROUP HEALTH AND ANCILLARY BENEFITS

AMERICAN COUNCIL FOR INDEPENDENT LABS WHAT IS THE NEED?

Our membership is the most important thing to our organization. We realize that in order for you to be successful, you need to operate your business in the most efficient and effective way possible

Offering a package of major medical benefits and a robust ancillary package will allow even the smallest of our members the chance to attract and retain the best talent to help your business grow.

TRIAD BENEFITS WHAT IS THE ANSWER?

ACIL has partnered with Affinity Benefits to offer comprehensive major medical plans through Triad Benefits and Ancillary Products through MetLife. Both programs will allow member groups down to 1 employee to come together and purchase benefits. Doing this will lower cost and improve benefits over what a group can get on their own.

Triad Benefits offers national coverage with 8 major medical plans to choose from. Groups can choose their own network and plans while being provided the security of coming together with other members to control costs.

PLAN DETAILS NETWORKS AND PLANS

Triad Benefits has 6 copay plans with varying deductibles as well as 2 Health Savings Account qualified plan designs. Each group can choose which plan suites their needs.

Triad offers two network options for each group to choose from as well. Each option will work on a national level
