3. A scholarship recipient may only miss one 75-minute required session because s/he is presenting research at another scheduled panel, and s/he is the first-author of that paper. The session must then be made up by attending another optional session so that the total time in Doctoral Summit sessions equates to 12.5 hours. Students who have more than one scheduling conflict with Summit events, including the networking breakfast and debriefing dinner, will be excluded from participating. Their scholarship will be rescinded and offered to another student. Recipients must notify the Summit organizers of any/all scheduling conflicts when they complete the Scholarship Agreement and Acceptance Form.

4. The scholarship recipient must either join a Section or volunteer to serve on one of the Academy’s standing committees and/or Section committees in the year following the Summit to demonstrate their investment in the Academy.
