WEST makes a case for two criminal justice texts...

FACTS:

On October 29, 1982 WEST published Criminal Law by Joel Samaha, University of Minnesota. Text is specifically written and designed for an undergraduate criminal law course covering general principles and individual crimes. Text plus casebook: cases and discussion parallel textual analysis but are set off from chapter material if separate treatment is desired. Covers the latest developments in criminal law such as criminal homicide, economic necessity as a defense, and recent techniques for testing criminal insanity.

445 pp./Instructor's Manual with Test Bank

In February 1983 WEST will publish a completely balanced, objective, and up-to-date text on criminology by Larry Siegel, University of Nebraska at Omaha. Criminology provides a solid overview of criminology, covering basic concepts, theories, and types of crimes. Extensive use of "Close-Up" sections highlight human issues and concerns. Close-Ups include Gambling in America, John Hinckley and the Insanity Defense, Premarital Violence: Battering on College Campuses, Juvenile Gangs, and the Death Penalty Debate.

New For 1983—From Prentice-Hall

**JUVENILE DELINQUENCY: Concepts and Control, Third Edition**
Robert C. Trojanowicz and Merry Morash, both of Michigan State University
New edition of a best selling introductory text updates coverage of drug and alcohol abuse and discusses concerns of female delinquency. A multi-disciplinary approach is used throughout, stressing the relationship between theory and practice in various programs.
12/82 448 pp. (est.) Cloth $21.95

**ORGANIZED CRIME: Concepts and Control, Second Edition**
Denny F. Pace, Long Beach City College, Jimmie C. Styles, Tarrant County Junior College
Newly revised to include computer fraud, obscenity and pornography, terrorism and nationally organized militant groups, this text covers the political and social implications of organized crime at the community, state and national levels. A practical look at the organization of intelligence and enforcement units stresses the need for citizen support to effectively minimize the influence of organized crime.
9/82 304 pp. (est.) Cloth $20.95

**CORRECTIONAL INSTITUTIONS**
Vernon Fox, Florida State University
By focusing on the many topics either ignored or neglected in other texts, i.e. assessing the need for prisons, determining their location—architecture—construction, staff society and institutions for the criminally insane, students get a real inside look at the unrelenting pressure which correctional personnel experience.
3/83 304 pp. (est.) Cloth $21.95

**INTRODUCTION TO PRIVATE SECURITY**
Robert R.J. Gallati, Northeastern University
This complete and balanced overview of the special problems involved in making security systems operational is presented in a straightforward manner from the experienced professional's perspective. The history, current role, and future prospects of private security in our society are examined in this in-depth introductory text.
10/82 352 pp. (est.) Cloth $22.95

**PARTICIPANTS IN AMERICAN CRIMINAL JUSTICE: The Promise and the Performance**
Clemens Bartollas, Northern Iowa University, Stuart J. Miller, Washington and Jefferson College, Paul B. Wice, Drew University
Utilizing a behavioral approach to contrast the idealized expectations society imposes on the criminal justice system to the realities of working for the system, students are afforded an understanding in advance of the major conflicts and problems they will face on the job.
10/82 416 pp. (est.) Cloth $22.95

THE JOHN JAY PRESS, established in 1976, publishes and distributes books and monographs of interest to those in criminal justice and related fields. Titles include works on police corruption and brutality, terrorism, criminal justice education, child prostitution, runaways, and forensic psychology.

LAW ENFORCEMENT NEWS, a twice-monthly newspaper for and about the criminal justice profession, provides timely and comprehensive news, feature articles, book reviews, analyses, commentaries and interviews with criminal justice trend-setters. It has been hailed as "One of the most professional journals of its kind and must reading for all who are engaged in criminal justice education."

POLICE STUDIES: The International Review of Police Development covers trends in criminal justice across a broad range of issues and countries. This quarterly journal fills a void that has existed in comparative literature by providing an exchange of ideas and techniques from worldwide contributors who include university scholars, police administrators and members of research institutions.

The Criminal Justice Center also sponsors operational workshops in the areas of criminal justice, fire science and security management. In addition the Center's interdisciplinary research staff conducts applied public policy studies of crime control issues and criminal justice agency operations.

The United States today houses probably the most heavily armed private population in world history. Half of the households in the country own at least one firearm, bringing the total number of such weapons in private hands to substantially over one hundred million. Criminal violence in America has reached record proportions, making it among the highest in the world.

What, if anything is the relationship between these two facts?

This is the first comprehensive review and assessment of all the claims and counter-claims of the antagonists in the "Great American Gun War."

"The book is more than 'state of the art.' It separates data from inference, logic from value-based argument, and identifies the sorts of issues which cannot be settled by empirical inquiry. After decades of jousting among contending parties, UNDER THE GUN is just what is needed.”

James F. Short
Washington State University

“This book will surely be viewed as the seminal work in this area . . . “

Phillip J. Cook
Duke University

“. . . I thought it was truly brilliant, by far the best resource on the weapons/crime issue, and the only non-polemic document in the entire field.”

WELCOME TO SAN ANTONIO!

San Antonio is a city with a picturesque combination of Old World charm and modern facilities.

Located in the heart of Texas, it has a population of almost one million people and a cultural heritage spanning more than 250 years. It is now the commercial and financial center of the southwest part of the state.

On a stroll through downtown, the visitor can discover many of the sites for which San Antonio has become famous—the Riverwalk, also called the Paseo del Rio; La Villita (the Little Village); El Mercado (the Mexican marketplace); and HemisFair Plaza.

Also nestled in the heart of the downtown area is the Alamo, where over 180 men fought and died in the name of Texas independence. This popular visitor’s spot carries memories of famous men who were legends in their own time, including Davy Crockett, Jim Bowie, and William Travis. Here took place one of the most heroic and dramatic battles in history.

The San Antonio River meanders its way through the downtown business district, 20 feet below street level. This waterway is the center of its own community with European-style sidewalk cafes, specialty boutiques, nightclubs, and restaurants along the cobblestone paths.

La Villita is an original San Antonio settlement. Local artists not only sell their wares in restored historic stone houses located there but also demonstrate their crafts for spectators.

One of the city’s well-known downtown sites is HemisFair Plaza, home of the 1968 World’s Fair and location of the 750-foot Tower of the Americas. A revolving restaurant and an observation deck are at the summit of the tower.

The choices of places to see and things to do in San Antonio are many. Visitors can tour the new San Antonio Museum of Art or catch a Broadway show. San Antonio has a famous zoo, and nearby are the oriental-style Sunken Gardens. The Witte Museum houses the Museum of Natural History and archaeological exhibits. Ethnic cultures are represented at the Institute of Texas Cultures located on HemisFair Plaza.

The city’s proximity to Mexico is most evident at El Mercado, San Antonio’s bustling Mexican marketplace. The cobblestone pedestrian mall is complete with arts and crafts shops, clothing boutiques, jewelry stores, and restaurants.

South of the city near the San Antonio River are historic eighteenth century Spanish missions. Established by Franciscan friars, the four missions are still active churches. A mariachi mass is celebrated each Sunday at San Jose Mission, the largest and most elaborate.

THE COVERS

On the front cover is the Alamo, the chapel of a Spanish mission built in 1718. It became the shrine of Texas liberty when 187 Texas soldiers died there while being besieged by Santa Anna’s troops.

On the back cover is the Quadrangle at Fort Sam Houston, built in 1876.
