<b>Website:</b>	<a href="http://www.bumc.bu.edu/medfellowship/fellowship-tracks/prevmedresidency/">http://www.bumc.bu.edu/medfellowship/fellowship-tracks/prevmedresidency/</a>
<b>Contact information:</b>	Linda Neville, Program Coordinator Boston Medical Center Preventive Medicine Residency linda.neville@bmc.org
<b>Program type(s):</b>	Categorical General Preventive Medicine and Public Health, Combined Program with Internal Medicine
<b>Require completion of an ACGME accredited residency program?</b>	Yes
<b>Full, funded program size (categorical residency):</b>	5
<b>If combined program, full program size:</b>	8
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	Not applicable
<b>Participate in the PGY-1 National Match?</b>	for the combined Internal Medicine-Preventive Medicine Program Only
<b>Participate in the Standardized Acceptance Program?</b>	No
<b>Accept Foreign/International Medical Graduates?</b>	Yes
<b>Sponsor visas?</b>	Yes
<b>Most important elements when selecting applicants for interview:</b>	Previous research, letters of recommendation
<b>Sources of program funding:</b>	Institutional funding, Federal grant, foundation
<b>Average annual salary for PM1/PGY-2 residents:</b>	\$61k - \$70k
<b>Benefits residents receive:</b>	Dental, Medical, Parking and/or transportation
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	Not limited
<b>How many annual sick/vacation days available?</b>	15-19
<b>Available master's degree options:</b>	M.S. in Health Services or Epidemiology
<b>Master's degree completed in one or two years?</b>	Two years
<b>One year master degree option available if half of the degree has already been completed?</b>	No
<b>Can the master's degree be completed online?</b>	No
<b>Available master's degree majors/concentrations:</b>	Biostatistics, Epidemiology, Global Health, Health Systems Administration, Maternal and Child Health
<b>Master's degree tuition funding:</b>	Fully funded

<b>Residents receive funding for books/fees?</b>	Residents receive a book/fee stipend
<b>Type of board review provided:</b>	Subscription to online/printed ACPM board review material, Purchase printed board review books
<b>Biggest strength of the program:</b>	customized and dedicated mentorship in setting with focus on health of the urban underserved
<b>Strong research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Integrative health, Population health, Public health
<b>Available research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Integrative health, Other chronic disease, Population health, Public health, Reproductive health, Veteran health
<b>Examples of recent resident research projects:</b>	Impact of physician burnout on opioid prescribing; use of a score for hospital patients to predict hospital readmission; diabetes photovoice project in an urban community
<b>Time spent performing direct patient care over the course of the residency:</b>	16 weeks (ACGME minimum)
<b>Opportunities for residents to perform primary care?</b>	Yes
<b>Required residency rotations:</b>	Integrative/Lifestyle Medicine, Occupational Medicine, Primary Care
<b>Elective residency rotations:</b>	Addiction Medicine, Infectious Disease (STI, TB, HIV, etc.), Research, Travel Medicine
<b>Type of rotation schedule:</b>	residents work with coordinator to create schedule
<b>Residents permitted to create their own electives?</b>	Yes
<b>Are residents unionized?</b>	Yes
<b>Length of permitted "away" rotations:</b>	resident dependent
<b>Global health electives available outside of the US?</b>	possibly if sought out by resident
<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federally Qualified Health Center, Primary Care or Urgent Care, Research

## Centers for Disease Control and Prevention Public Health and General Preventive Medicine Program (Atlanta)

<b>Website:</b>	
<b>Contact information:</b>	
<b>Program type(s):</b>	Categorical General Preventive Medicine and Public Health
<b>Require completion of an ACGME accredited residency program?</b>	No
<b>Full, funded program size (categorical residency):</b>	12
<b>If combined program, full program size:</b>	Not applicabe
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	5
<b>Participate in the PGY-1 National Match?</b>	No, our program does not participate
<b>Participate in the Standardized Acceptance Program?</b>	No
<b>Accept Foreign/International Medical Graduates?</b>	Yes
<b>Sponsor visas?</b>	No
<b>Most important elements when selecting applicants for interview:</b>	More information can be found on our website <a href="http://www.cdc.gov/prevmed">www.cdc.gov/prevmed</a>
<b>Sources of program funding:</b>	Federally funded
<b>Average annual salary for PM1/PGY-2 residents:</b>	\$71k - \$80k
<b>Benefits residents receive:</b>	Dental, Medical, Vision, Gym membership, Parking and/or transportation
<b>Receive conference funding?</b>	Yes, but only if they are presenting
<b>How many annual CME days permitted?</b>	0
<b>How many annual sick/vacation days available?</b>	20-24
<b>Available master's degree options:</b>	Master of Public Health, Master of Tropical Medicine and Hygiene
<b>Master's degree completed in one or two years?</b>	One year
<b>One year master degree option available if half of the degree has already been completed?</b>	Yes
<b>Can the master's degree be completed online?</b>	No
<b>Available master's degree majors/concentrations:</b>	Biostatistics, Epidemiology, Tropical Medicine and Hygiene
<b>Master's degree tuition funding:</b>	Fully funded
<b>Residents receive funding for books/fees?</b>	All MPH course books are purchased by residency program
<b>Type of board review provided:</b>	Intramural board review curriculum

<b>Biggest strength of the program:</b>	Federal public health and policy exposure
<b>Strong research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health, Reproductive health
<b>Available research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health, Reproductive health
<b>Examples of recent resident research projects:</b>	
<b>Time spent performing direct patient care over the course of the residency:</b>	16 weeks (ACGME minimum)
<b>Opportunities for residents to perform primary care?</b>	Yes
<b>Required residency rotations:</b>	We don't rotate, see website
<b>Elective residency rotations:</b>	
<b>Type of rotation schedule:</b>	1-year longitudinal assignments
<b>Residents permitted to create their own electives?</b>	No
<b>Are residents unionized?</b>	No
<b>Length of permitted "away" rotations:</b>	None
<b>Global health electives available outside of the US?</b>	Yes, and salary/benefits remain (also select "Other" if you wish to explain)
<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, DoD), Global Health and Development, Health Systems Administration, Managed Care Organization, Non-Governmental Organization, Research, State or County Health Officer, Travel Medicine

<b>Contact information:</b>	Elizabeth Garland, MD, MS Program Director elizabeth.garland@mssm.edu Inessa Lopez, MPH Program Coordinator inessa.lopez@mssm.edu
<b>Program type(s):</b>	Categorical General Preventive Medicine and Public Health
<b>Require completion of an ACGME accredited residency program?</b>	No
<b>Full, funded program size (categorical residency):</b>	6
<b>If combined program, full program size:</b>	Not applicabe
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	3
<b>Participate in the PGY-1 National Match?</b>	No, our program does not participate
<b>Participate in the Standardized Acceptance Program?</b>	Yes
<b>Accept Foreign/International Medical Graduates?</b>	Yes
<b>Sponsor visas?</b>	No
<b>Most important elements when selecting applicants for interview:</b>	Previous Research, Letters of Recommendation, Personal Statement, Evidence of Commitment to Preventive Medicine/Public Health
<b>Sources of program funding:</b>	Institutional funding, VA, American Cancer Society
<b>Average annual salary for PM1/PGY-2 residents:</b>	
<b>Benefits residents receive:</b>	Dental, Medical, Vision
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	5
<b>How many annual sick/vacation days available?</b>	25+
<b>Available master's degree options:</b>	Master of Public Health
<b>Master's degree completed in one or two years?</b>	Two years
<b>One year master degree option available if half of the degree has already been completed?</b>	Yes
<b>Can the master's degree be completed online?</b>	No

<b>Available master's degree majors/concentrations:</b>	Biostatistics, Epidemiology, Global Health, Health promotion Disease Prevention, Occupational/Environmental
<b>Master's degree tuition funding:</b>	Fully funded
<b>Residents receive funding for books/fees?</b>	Select books are purchased by residency program, SAS funding every year
<b>Type of board review provided:</b>	Subscription to online/printed ACPM board review material, Subscription to a non-ACPM question bank (e.g., BoardVitals, DataChem)
<b>Biggest strength of the program:</b>	ability to tailor residency program to individual interests
<b>Strong research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Lifestyle medicine, Population health, Public health, Veteran health
<b>Available research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Informatics/Health IT, Integrative health, Lifestyle medicine, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health, Reproductive health, Veteran health
<b>Examples of recent resident research projects:</b>	Evaluation of Colon Cancer Screening by Primary Care Providers Incidence of Cervical cancer screening in women with history of Military Sexual Trauma Risk Factors for non-uptake of PrEP in high risk MSM in Bangkok
<b>Time spent performing direct patient care over the course of the residency:</b>	16 weeks (ACGME minimum)
<b>Opportunities for residents to perform primary care?</b>	Yes
<b>Required residency rotations:</b>	Department of Health, Department of Veterans Affairs, Environmental Health/Occupational Medicine, Research
<b>Elective residency rotations:</b>	Addiction Medicine, Environmental Health/Occupational Medicine, Functional Medicine, Global Health, Health Communication, Health Policy, Infectious Disease (STI, TB, HIV, etc.), Informatics/Health IT, Integrative/Lifestyle Medicine, Managed Care Organization, Occupational Medicine, Other Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, etc.), Primary Care, Research, Toxicology/Poison Control, Travel Medicine
<b>Type of rotation schedule:</b>	Residents create their own rotation schedule
<b>Residents permitted to create their own electives?</b>	Yes
<b>Are residents unionized?</b>	No
<b>Length of permitted "away" rotations:</b>	1-2 months

<b>Global health electives available outside of the US?</b>	Yes, and salary/benefits remain (also select "Other" if you wish to explain)
<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, DoD), Federally Qualified Health Center, Global Health and Development, Informatics/Health IT, Lifestyle Medicine, Managed Care Organization, Occupational Medicine, Primary Care or Urgent Care, Research

## Johns Hopkins Bloomberg School of Public Health Public Health and General Preventive Medicine Program (Baltimore)

<b>Website:</b>	www.jhsph.edu/gpmr
<b>Contact information:</b>	
<b>Program type(s):</b>	Categorical General Preventive Medicine and Public Health, Combined Program with Family Medicine
<b>Require completion of an ACGME accredited residency program?</b>	No
<b>Full, funded program size (categorical residency):</b>	6
<b>If combined program, full program size:</b>	4
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	6
<b>Participate in the PGY-1 National Match?</b>	Yes, but for only 1 slot of our 6 categoricals for a transitional year.
<b>Participate in the Standardized Acceptance Program?</b>	Yes
<b>Accept Foreign/International Medical Graduates?</b>	Yes
<b>Sponsor visas?</b>	Yes
<b>Most important elements when selecting applicants for interview:</b>	Prior experience in public health, likelihood to go in to public health practice, potential to be a leader in the field
<b>Sources of program funding:</b>	Institutional funding, Federal grant
<b>Average annual salary for PM1/PGY-2 residents:</b>	\$31k - \$40k
<b>Benefits residents receive:</b>	Dental, Medical, Gym membership
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	Not limited
<b>How many annual sick/vacation days available?</b>	15-19
<b>Available master's degree options:</b>	Master of Public Health
<b>Master's degree completed in one or two years?</b>	One year
<b>One year master degree option available if half of the degree has already been completed?</b>	No
<b>Can the master's degree be completed online?</b>	No
<b>Available master's degree majors/concentrations:</b>	Biostatistics, Emergency Preparedness/Disaster Response, Epidemiology, Global Health, Health Informatics, Health Systems Administration, Lifestyle Management, Maternal and Child Health, Nutrition, Population Medicine, Tropical Medicine and Hygiene

<b>Master's degree tuition funding:</b>	Fully funded
<b>Residents receive funding for books/fees?</b>	Select books are purchased by residency program, All mandatory fees are reimbursed by residency program
<b>Type of board review provided:</b>	Subscription to a non-ACPM question bank (e.g., BoardVitals, DataChem), Purchase printed board review books
<b>Biggest strength of the program:</b>	Diversity and size of cohort, leadership potential of graduates
<b>Strong research areas:</b>	Epidemiology, Global health, Lifestyle medicine, Metabolic disease (e.g., diabetes, obesity), Population health, Public health, Reproductive health
<b>Available research areas:</b>	Basic science (e.g., immunology, molecular biology), Cancer, Epidemiology, Global health, Infectious disease, Informatics/Health IT, Integrative health, Lifestyle medicine, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health, Reproductive health, Veteran health
<b>Examples of recent resident research projects:</b>	Use of LARCs, teaching culinary classes to communities to improve diet/nutrition, overdose prevention
<b>Time spent performing direct patient care over the course of the residency:</b>	16 weeks (ACGME minimum)
<b>Opportunities for residents to perform primary care?</b>	Yes
<b>Required residency rotations:</b>	one public health agency: federal, state, or local
<b>Elective residency rotations:</b>	Addiction Medicine, Environmental Health/Occupational Medicine, Functional Medicine, Global Health, Health Communication, Health Policy, Infectious Disease (STI, TB, HIV, etc.), Informatics/Health IT, Integrative/Lifestyle Medicine, Managed Care Organization, Occupational Medicine, Other Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, etc.), Primary Care, Research, Toxicology/Poison Control, Travel Medicine
<b>Type of rotation schedule:</b>	Residents create their own rotation schedule
<b>Residents permitted to create their own electives?</b>	Yes
<b>Are residents unionized?</b>	No
<b>Length of permitted "away" rotations:</b>	5-6 months
<b>Global health electives available outside of the US?</b>	Yes, and salary/benefits remain (also select "Other" if you wish to explain), Residents must seek/have funding for these rotations. The rotation host can also provide the funding.

<b>What types of jobs do alumni hold?</b>	Academic Medicine, Aerospace Medicine, Clinical Preventive Medicine, Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, DoD), Federally Qualified Health Center, Global Health and Development, Health Systems Administration, Informatics/Health IT, Lifestyle Medicine, Managed Care Organization, Non-Governmental Organization, Occupational Medicine, Primary Care or Urgent Care, Research, State or County Health Officer, Travel Medicine

## Loma Linda University Health Education Consortium Public Health and General Preventive Medicine Program (Loma Linda)

<b>Website:</b>	<a href="http://prevmedresidencies.com/">http://prevmedresidencies.com/</a>
<b>Contact information:</b>	Kathy Keenan Residency Coordinator kkeenan@llu.edu 909-558-4918
<b>Program type(s):</b>	Categorical General Preventive Medicine and Public Health, Combined Program with Family Medicine
<b>Require completion of an ACGME accredited residency program?</b>	Yes
<b>Full, funded program size (categorical residency):</b>	9
<b>If combined program, full program size:</b>	16
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	4
<b>Participate in the PGY-1 National Match?</b>	Yes, for the transitional year
<b>Participate in the Standardized Acceptance Program?</b>	Yes
<b>Accept Foreign/International Medical Graduates?</b>	Yes
<b>Sponsor visas?</b>	
<b>Most important elements when selecting applicants for interview:</b>	USMLE scores, Clinical training gaps, Letters of Recommendation, Prev Med specific, Mission fit
<b>Sources of program funding:</b>	Contract, Institutional funding, Mixed funding
<b>Average annual salary for PM1/PGY-2 residents:</b>	\$51k - \$60k
<b>Benefits residents receive:</b>	Dental, Medical, Vision, Gym membership, Parking and/or transportation
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	6+
<b>How many annual sick/vacation days available?</b>	25+
<b>Available master's degree options:</b>	Master of Public Health
<b>Master's degree completed in one or two years?</b>	Two years
<b>One year master degree option available if half of the degree has already been completed?</b>	Yes
<b>Can the master's degree be completed online?</b>	Yes
<b>Available master's degree majors/concentrations:</b>	Epidemiology, Global Health, Lifestyle Management, Nutrition, Population Medicine
<b>Master's degree tuition funding:</b>	Fully funded

<b>Residents receive funding for books/fees?</b>	All mandatory fees are reimbursed by residency program
<b>Type of board review provided:</b>	Subscription to online/printed ACPM board review material, Subscription to a non-ACPM question bank (e.g., BoardVitals, DataChem)
<b>Biggest strength of the program:</b>	Lifestyle Medicine and Global Service
<b>Strong research areas:</b>	Cancer, Epidemiology, Global health, Lifestyle medicine, Metabolic disease (e.g., diabetes, obesity), Population health, Public health, Veteran health
<b>Available research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Lifestyle medicine, Metabolic disease (e.g., diabetes, obesity), Population health, Public health, Veteran health
<b>Examples of recent resident research projects:</b>	Diabetes Distress and Empowerment HIV Prevention Practices and Non-Federal Funding Cervical Cancer Screening
<b>Time spent performing direct patient care over the course of the residency:</b>	33+ weeks
<b>Opportunities for residents to perform primary care?</b>	Not available
<b>Required residency rotations:</b>	Addiction Medicine, Department of Health, Department of Veterans Affairs, Health Communication, Infectious Disease (STI, TB, HIV, etc.), Integrative/Lifestyle Medicine, Managed Care Organization, Research, Travel Medicine
<b>Elective residency rotations:</b>	Addiction Medicine, Global Health, Health Communication, Health Policy, Infectious Disease (STI, TB, HIV, etc.), Integrative/Lifestyle Medicine, Managed Care Organization, Occupational Medicine, Other Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, etc.), Primary Care, Research, Travel Medicine
<b>Type of rotation schedule:</b>	Academic year scheduling (e.g., rotations are aligned with academic quarters/semesters)
<b>Residents permitted to create their own electives?</b>	Yes
<b>Are residents unionized?</b>	No
<b>Length of permitted "away" rotations:</b>	1-2 months
<b>Global health electives available outside of the US?</b>	Yes, and salary/benefits remain (also select "Other" if you wish to explain), Funding remains at specific approved sites.
<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, DoD), Federally Qualified Health Center, Global Health and Development, Health Systems Administration, Informatics/Health IT, Lifestyle Medicine, Managed

	Care Organization, Occupational Medicine, Primary Care or Urgent Care, State or County Health Officer, Travel Medicine

<b>Benefits residents receive:</b>	Dental, Medical, Vision, Gym membership, Parking and/or transportation
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	5
<b>How many annual sick/vacation days available?</b>	20-24
<b>Available master's degree options:</b>	Master of Public Health
<b>Master's degree completed in one or two years?</b>	Two years

<b>One year master degree option available if half of the degree has already been completed?</b>	Yes
<b>Can the master's degree be completed online?</b>	Yes
<b>Available master's degree majors/concentrations:</b>	all General Public Health
<b>Master's degree tuition funding:</b>	Fully funded
<b>Residents receive funding for books/fees?</b>	All MPH course books are purchased by residency program, All mandatory fees are reimbursed by residency program
<b>Type of board review provided:</b>	Subscription to online/printed ACPM board review material
<b>Biggest strength of the program:</b>	Maine clinical & systems-based program
<b>Strong research areas:</b>	Basic science (e.g., immunology, molecular biology), Informatics/Health IT, Integrative health, Lifestyle medicine, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Population health
<b>Available research areas:</b>	Basic science (e.g., immunology, molecular biology), Cancer, Epidemiology, Infectious disease, Informatics/Health IT, Integrative health, Lifestyle medicine, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health
<b>Examples of recent resident research projects:</b>	We are a new program, in one year: 1. preventing indwelling catheter infections, 2. STD prevention and testing systems, 3. colon cancer screening programs at health systems level
<b>Time spent performing direct patient care over the course of the residency:</b>	17-20 weeks
<b>Opportunities for residents to perform primary care?</b>	Yes
<b>Required residency rotations:</b>	Addiction Medicine, Department of Health, Department of Veterans Affairs, Infectious Disease (STI, TB, HIV, etc.), Integrative/Lifestyle Medicine, Other Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, etc.), Primary Care, Research, Toxicology/Poison Control, Emergency management
<b>Elective residency rotations:</b>	Addiction Medicine, Environmental Health/Occupational Medicine, Functional Medicine, Global Health, Health Communication, Health Policy, Toxicology/Poison Control, Travel Medicine
<b>Type of rotation schedule:</b>	Academic year scheduling (e.g., rotations are aligned with academic quarters/semesters)
<b>Residents permitted to create their own electives?</b>	Yes

<b>Are residents unionized?</b>	No
<b>Length of permitted “away” rotations:</b>	flexible schedule
<b>Global health electives available outside of the US?</b>	Yes, but these rotations are unfunded
<b>What types of jobs do alumni hold?</b>	We are a new program without any graduates yet!

<b>Require completion of an ACGME accredited residency program?</b>	No
<b>Full, funded program size (categorical residency):</b>	2
<b>If combined program, full program size:</b>	Not applicabe
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	1
<b>Participate in the PGY-1 National Match?</b>	No, our program does not participate
<b>Participate in the Standardized Acceptance Program?</b>	No
<b>Accept Foreign/International Medical Graduates?</b>	No
<b>Sponsor visas?</b>	No
<b>Most important elements when selecting applicants for interview:</b>	
<b>Sources of program funding:</b>	Institutional funding, Program director's consulting fees
<b>Average annual salary for PM1/PGY-2 residents:</b>	\$51k - \$60k
<b>Benefits residents receive:</b>	Dental, Medical, Vision
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	6+
<b>How many annual sick/vacation days available?</b>	15-19
<b>Available master's degree options:</b>	Master of Public Health
<b>Master's degree completed in one or two years?</b>	One year
<b>One year master degree option available if half of the degree has already been completed?</b>	No
<b>Can the master's degree be completed online?</b>	many of their classes are on line
<b>Available master's degree majors/concentrations:</b>	Biostatistics, Epidemiology, Health Systems Administration, Occupational/environmental
<b>Master's degree tuition funding:</b>	Fully funded
<b>Residents receive funding for books/fees?</b>	All MPH course books are purchased by residency program

<b>Type of board review provided:</b>	Registration and travel expenses for in-person ACPM board review course, Purchase printed board review books, extensive didactic program
<b>Biggest strength of the program:</b>	
<b>Strong research areas:</b>	
<b>Available research areas:</b>	Epidemiology, Informatics/Health IT, Population health
<b>Examples of recent resident research projects:</b>	
<b>Time spent performing direct patient care over the course of the residency:</b>	21-24 weeks
<b>Opportunities for residents to perform primary care?</b>	No
<b>Required residency rotations:</b>	Department of Health, Environmental Health/Occupational Medicine, Infectious Disease (STI, TB, HIV, etc.), Occupational Medicine, Other Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, etc.)
<b>Elective residency rotations:</b>	Environmental Health/Occupational Medicine, Health Policy, Informatics/Health IT, Managed Care Organization
<b>Type of rotation schedule:</b>	Residents create their own rotation schedule
<b>Residents permitted to create their own electives?</b>	Yes
<b>Are residents unionized?</b>	No
<b>Length of permitted "away" rotations:</b>	5-6 months
<b>Global health electives available outside of the US?</b>	No
<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federally Qualified Health Center, Occupational Medicine, Research, State or County Health Officer

<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, DoD), Managed Care Organization, Primary Care or Urgent Care, Research, Pharmaceuticals

## University of North Carolina Hospitals Public Health and General Preventive Medicine Program (Chapel Hill)

<b>Website:</b>	<a href="http://www.med.unc.edu/fammed/prevmed">http://www.med.unc.edu/fammed/prevmed</a>
<b>Contact information:</b>	Alyssa Zamierowski; alyssamz@email.unc.edu; 919/974-4576
<b>Program type(s):</b>	Categorical General Preventive Medicine and Public Health
<b>Require completion of an ACGME accredited residency program?</b>	No
<b>Full, funded program size (categorical residency):</b>	9
<b>If combined program, full program size:</b>	
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	4
<b>Participate in the PGY-1 National Match?</b>	No, our program does not participate
<b>Participate in the Standardized Acceptance Program?</b>	Yes
<b>Accept Foreign/International Medical Graduates?</b>	Yes
<b>Sponsor visas?</b>	Yes
<b>Most important elements when selecting applicants for interview:</b>	Letters of recommendation, personal statement
<b>Sources of program funding:</b>	Institutional funding, Federal grant
<b>Average annual salary for PM1/PGY-2 residents:</b>	\$51k - \$60k
<b>Benefits residents receive:</b>	Medical
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	Not limited
<b>How many annual sick/vacation days available?</b>	15-19
<b>Available master's degree options:</b>	Master of Public Health, Master of Science in Public Health, Master of Science in Clinical Research
<b>Master's degree completed in one or two years?</b>	either
<b>One year master degree option available if half of the degree has already been completed?</b>	Yes
<b>Can the master's degree be completed online?</b>	No
<b>Available master's degree majors/concentrations:</b>	Biostatistics, Epidemiology, Health Informatics, Health Systems Administration, Maternal and Child Health, Nutrition, Health Care and Prevention
<b>Master's degree tuition funding:</b>	Fully funded
<b>Residents receive funding for books/fees?</b>	No funding is provided

<b>Type of board review provided:</b>	Subscription to online/printed ACPM board review material, Shared access to board review material
<b>Biggest strength of the program:</b>	School of Public Health; flexible, individualized educational plan
<b>Strong research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Other chronic disease, Population health, Public health, Reproductive health, Veteran health
<b>Available research areas:</b>	Cancer, Epidemiology, Global health, Infectious disease, Informatics/Health IT, Integrative health, Lifestyle medicine, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health, Reproductive health, Veteran health
<b>Examples of recent resident research projects:</b>	
<b>Time spent performing direct patient care over the course of the residency:</b>	17-20 weeks
<b>Opportunities for residents to perform primary care?</b>	Yes
<b>Required residency rotations:</b>	Department of Health, Health care administration
<b>Elective residency rotations:</b>	Addiction Medicine, Environmental Health/Occupational Medicine, Global Health, Health Communication, Health Policy, Infectious Disease (STI, TB, HIV, etc.), Informatics/Health IT, Integrative/Lifestyle Medicine, Managed Care Organization, Occupational Medicine, Other Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, etc.), Primary Care, Research, Travel Medicine
<b>Type of rotation schedule:</b>	Residents create their own rotation schedule
<b>Residents permitted to create their own electives?</b>	Yes
<b>Are residents unionized?</b>	No
<b>Length of permitted "away" rotations:</b>	no set limit
<b>Global health electives available outside of the US?</b>	Yes, and salary/benefits remain (also select "Other" if you wish to explain)
<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, DoD), Federally Qualified Health Center, Global Health and Development, Health Systems Administration, Informatics/Health IT, Managed Care Organization, Non-Governmental Organization, Occupational Medicine, Primary Care or Urgent Care, Research, State or County Health Officer

## University of Rochester Public Health and General Preventive Medicine Program (Rochester)

<b>Website:</b>	www.urmc.rochester.edu
<b>Contact information:</b>	Pattie Kolomic, Program Coordinator, 1-585-265-7882, Pattie_Kolomic@URMC.Rochester.edu
<b>Program type(s):</b>	Categorical General Preventive Medicine and Public Health
<b>Require completion of an ACGME accredited residency program?</b>	Preferred, but not required.
<b>Full, funded program size (categorical residency):</b>	6
<b>If combined program, full program size:</b>	Not applicabe
<b>Number of categorical PM1/PGY-2 applicants accepted each year:</b>	3
<b>Participate in the PGY-1 National Match?</b>	No, our program does not participate
<b>Participate in the Standardized Acceptance Program?</b>	Yes
<b>Accept Foreign/International Medical Graduates?</b>	Yes
<b>Sponsor visas?</b>	Yes
<b>Most important elements when selecting applicants for interview:</b>	Demonstrated potential for LEADERSHIP in the field of GPM/PH.
<b>Sources of program funding:</b>	Contract, Institutional funding, Federal grant, Mixed funding
<b>Average annual salary for PM1/PGY-2 residents:</b>	\$51k - \$60k
<b>Benefits residents receive:</b>	Dental, Medical, Vision, Gym membership
<b>Receive conference funding?</b>	Yes, residents receive a conference stipend
<b>How many annual CME days permitted?</b>	Not limited
<b>How many annual sick/vacation days available?</b>	25+
<b>Available master's degree options:</b>	Master of Public Health, We are in the process of adding several MS programs. Please visit our website.
<b>Master's degree completed in one or two years?</b>	Two years, but in-class/on-campus requirements can be completed in 18 months, allowing for away elective rotations in the Spring of the second year of training.
<b>One year master degree option available if half of the degree has already been completed?</b>	Advanced standing/credit is assesd on a case-by-case basis.
<b>Can the master's degree be completed online?</b>	Many, but not all of our MPH courses currently have an online option. We anticipate all will have an online option within the next 1-2 years.

<b>Available master's degree majors/concentrations:</b>	Biostatistics, Epidemiology, Health Informatics, Health Systems Administration, Translational Science
<b>Master's degree tuition funding:</b>	Fully funded
<b>Residents receive funding for books/fees?</b>	All MPH course books are purchased by residency program
<b>Type of board review provided:</b>	Subscription to online/printed ACPM board review material, Purchase printed board review books, Intramural board review curriculum
<b>Biggest strength of the program:</b>	We are strong in all aspects of training: GPM, PH, clinical PM. Our faculty are nationally recognized experts and leaders in their fields.
<b>Strong research areas:</b>	Cancer, Epidemiology, Global health, Integrative health, Lifestyle medicine, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health, Reproductive health, Veteran health
<b>Available research areas:</b>	Cancer, Epidemiology, Global health, Integrative health, Lifestyle medicine, Mental/behavioral health, Metabolic disease (e.g., diabetes, obesity), Other chronic disease, Population health, Public health, Reproductive health, Veteran health
<b>Examples of recent resident research projects:</b>	VA Quality Assurance Project. Public Health Informatics Project. E-cigarettes PH impact Project. GPM/PH Educational Tracking Project. PH/Medical e-Coding Project.
<b>Time spent performing direct patient care over the course of the residency:</b>	25-28 weeks
<b>Opportunities for residents to perform primary care?</b>	Yes
<b>Required residency rotations:</b>	Department of Health, Department of Veterans Affairs, Integrative/Lifestyle Medicine, Clinical Preventive Medicine; Quality Assurance; Community Health Collaborations; Employee Health & Wellness
<b>Elective residency rotations:</b>	Addiction Medicine, Environmental Health/Occupational Medicine, Global Health, Health Communication, Health Policy, Infectious Disease (STI, TB, HIV, etc.), Integrative/Lifestyle Medicine, Managed Care Organization, Occupational Medicine, Other Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, etc.), Primary Care, Research, Toxicology/Poison Control, Travel Medicine
<b>Type of rotation schedule:</b>	Combination of multi-week blocks with longitudinal (e.g. 1 day per week) experiences. These align with the academic schedule.

<b>Residents permitted to create their own electives?</b>	Yes
<b>Are residents unionized?</b>	No
<b>Length of permitted "away" rotations:</b>	3-4 months
<b>Global health electives available outside of the US?</b>	Yes, and salary/benefits remain (also select "Other" if you wish to explain)
<b>What types of jobs do alumni hold?</b>	Academic Medicine, Clinical Preventive Medicine, Federal Agency (e.g., CDC, AHRQ, HRSA, DoS, DoD), Federally Qualified Health Center, Health Systems Administration, Informatics/Health IT, Lifestyle Medicine, Managed Care Organization, Non-Governmental Organization, Occupational Medicine, Research, State or County Health Officer
