NOHELY TERESA ALVAREZ APPOINTED ACSP STUDENT REPRESENTATIVE (2021-2023)

ACSP welcomes Nohely Teresa Alvarez as our new Student Governing Board Representative! Nohely is currently pursuing her PhD in Urban Planning and Design at the University of Maryland, College Park. Her ACSP term begins this spring and she will hold the position until Spring 2023.

“As a PhD student in Urban Planning and a first-generation college graduate, I intend to leverage my professional and personal experiences in elevating and advocating the concerns of planning students while organizing beneficial sessions to strengthen students’ knowledge in navigating networking opportunities and academia,” shared Nohely.

In addition to pursuing her PhD, Nohely’s work experience includes a position with the Northern Gateway CDC, a local non-profit in Maryland, where a significant part of her responsibilities included expanding the communication and marketing sectors. Nohely has also worked as a Research Assistant at the Federal Communication Commission (FCC) and Research Analyst at Florida International University’s Metropolitan Center – a nonpartisan think tank in Miami. She is also involved in the PhD Urban Planning Committee, where her responsibilities include organizing seminars and panels for the PhD students in the planning program and currently serves as a member of the Graduate Student Collective in the Latin American Studies Center (LASC) at UMD. As a member, she has helped organize two Graduate Student Conferences.

When asked about her goals in this new role, Nohely stated, “As a team player, I will search for ways to integrate valuable insights. I envision the student representative position at ACSP to be for a collaborative and inclusive individual capable of keeping harmony and coordinating ideas. Through these qualities, I have confidence in facilitating positive change and collective effort as a student representative for ACSP’s Governing Board.”

ACSP is pleased to welcome Nohely to the leadership team and looks forward to working with her in the coming years!

Our Mission

The Association of Collegiate Schools of Planning promotes education, research, service and outreach in the United States and throughout the world by seeking to:

- recognize diverse needs and interests in planning;
- improve and enhance the accreditation process, and;
- strengthen the role of planning education in colleges and universities through publications conferences, and community engagement;
- extend planning beyond the classroom into the world of practice.
