ACSP News

ACSP CONFERENCE REGISTRATION NOW OPEN!

Registration is now open for the ACSP Annual Conference, with an early registration incentive for those who register by September 7. Early registration provides access to the full conference schedule with details on sessions. Although early registration is encouraged, there will be no late registration fees. As previously announced, this year's conference will be fully virtual and take place on October 7-8 and October 21-23, 2021, with a variety of virtual workshops, meetings and events taking place in between.

The Schedule-at-a-Glance is available online. Individual presentation schedules will be delivered directly to presenters via email.

ACSP is pleased to announce ACSPConnect! This social event will take place on October 8 as part of our annual conference and be offered to all members and guests free of charge. This unique day will include the celebration of ACSP’s annual awards program, interest group business meetings and socials.

The core of the ACSP Annual Conference has always been the opportunity to share research, network with peers to strengthen relationships, make new ones, and find opportunities to collaborate. We’re once again virtually doing our best with ACSP2021 to continue with this longstanding tradition.

ACSP's focus on assisting students hasn’t wavered during these challenging times. Between our student paper winners, travel award winners, doctoral and pre-doctoral workshop participants and last year’s virtual conference volunteers, we will be providing 95 complimentary student registrations.

Per tradition, this is a great time of year to consider making donations to interest groups! Donations help offset the cost of group programs and subsidized student tickets to interest group in-person events. Donate here!

We also encourage you to follow ACSP on social media as well as stay tuned to your weekly eNews for regular conference news and updates!
