We are looking forward to seeing you Thursday, October 7, for the Focal Event kick-off of ACSP2021 - Part 1! Please take some time to familiarize yourself with the conference technology ahead of time.

For your convenience, ACSP has created a custom Attendee & Presenter User Guide to show you how to use all of the features of the Bravura Conference Platform. Much of it is intuitive, but when you’re in a hurry you might not be able to find something, so take a few minutes now!

Here are some of the highlights from the User Guide:

Logging In to the Bravura Attendee Portal
Once registered, you will receive an email from the ACSP office providing access information. You may also click here to access the conference.

- Log in using the email address you used when you registered with the ACSP for this conference.
- The Bravura CONNECT conference platform is browser-based and not mobile. Bravura recommends using Chrome as the browser for their software. Do NOT use Safari or Internet Explorer - we know from experience they do not work well with this platform.
- The password for access for everyone registered to attend is ACSPis61in2021 and is case-sensitive.

Searching the Agenda
For more tips including how to search the agenda, find and message attendees as well as customer support, visit our website.

Your Personal Information
Within the platform, you have the ability to manage your individual account, edit your personal profile, upload your photo, resume, create a personal schedule and more. Click the My Meeting icon to access all of these options.
