

THE STATE OF OUR ASSOCIATION

ACSP

Connecting educators,
researchers and students

Welcome to Greenville 2019

The ACSP Annual Conference in Greenville is a different kind of conference – one that centers the experience of the LGBTQ+ community and that highlights issues of inclusion and intersectionality. I look forward to connecting with you and hope you find this conference more welcoming, reflective, and energizing.

During these past two years, a broadly engaging process led to the creation of ACSP's Values Statement. These values, as well as member responses to the question about continuing the Greenville conference, will guide us to formulate a conference location policy. Thanks to the work of task forces on global

education, graduate enrollment, curriculum innovation, and outreach and engagement, we are charting future paths and developing connections. It has been an incredible honor for me to have collaborated with the many colleagues volunteering their time by responding to the open call and in many other ways.

Weiping Wu, Columbia University
ACSP President 2017-2019

WHO we are

- 101 Schools - Full members - 100% dues renewal '18-'19
