CONFERENCE & EXPO INFORMATION

AEDE Contact Hours & Continuing Education

All courses, workshops, keynote address, seminars, product presentations, and Soap Box Sessions have been approved for ADED contact hours. Individuals must sign-in, attend the entire workshop or seminar session, and go online to claim their contact hours post conference. After breaks, attendees must return to the same workshop or seminar. **ADED does not provide partial credits. Please be sure you sign-in for courses you attend. The sign-in sheets are circulated by the session monitor. IMPORTANT: At the conclusion of each session, please assure that you have your verification code. You will go online to complete the evaluation forms for each session to receive credit for attendance.** This conference also offers AOTA and COPSKT credits. ADED is an AOTA Approved Provider #9245. AOTA does not endorse specific course content, products, or clinical procedures. Due to space constraints, longer program descriptions, learning objectives and detailed course information can be found on our conference website.

Dress

Casual attire is recommended for all sessions and receptions. Please bring a sweater or jacket. The temperature in meeting rooms may be cool. The ADED Gala is cocktail/evening attire.

Expo

11 hours of unopposed exhibit time has been scheduled providing ample time for meeting with and gathering information from the exhibitors. Soap Box Sessions are approved for contact hours and CEUs. Please see verification forms in this program book for complete instructions to obtain contact hours/credits.

Meals

All meals and breaks are for registered conference attendees only. Anyone pre-registering for special meals will receive instructions when they pick up their badge. **The ADED Gala on Monday night requires tickets for entry. Please bring your tickets to the Gala.** There is a fee for guests. If you RSVP'd yes but did not receive a ticket or will not be attending and have a ticket, please see a staff member at the registration counter.

Photography

ADED reserves the right to use any photograph/video taken at any event sponsored or co-sponsored by ADED, without the expressed written permission of those included within the photograph/video. ADED and its authorized affiliates and representatives may use the photograph/video in publications or other media material produced, used, or contracted by ADED including but not limited to brochures, invitations, books, newspapers, magazines, television, websites, etc. No person or organization may use, copy, alter, or modify ADED photographs, graphics, videography, or other similar reproductions or recordings without the advance written permission of an authorized designee from ADED. ADED prohibits attendees from photographing educational content.

Audio & Video Taping Policy

It is ADED's policy to prohibit attendees from audio and/or videotaping any educational sessions or events.

Mobile Phone & Electronic Device Policy

Please silence all mobile phones and electronic devices during sessions. Please be considerate of the speakers and your fellow attendees and refrain from device use unless, of course, to take notes. If you must take urgent calls, please take the conversation outside the session room. Electronic devices may be used in the exhibit hall, but not during educational or demonstration sessions.

AEDE Education Code of Conduct

By attending, you agree to abide by the Code (QR code below). ADED is committed to diversity, equity, and providing a safe and productive meeting environment that fosters open dialogue and the free expression of ideas, free of harassment, discrimination, and hostile conduct. We recognize a shared responsibility to create and maintain that environment for the benefit of all.

ADED takes no position on, or assumes any responsibility for the quality, accuracy, or content of any statements, materials, or products provided by or discussed by a presenter or exhibitor. Inclusion in the Expo does not constitute an endorsement of any product, service, or company by ADED. All representations made by any exhibiting company, whether oral, written, or other, including advertisements, are the representations of that company only and do not necessarily represent the views of ADED.

WELCOME TO THE 49TH ANNUAL ADED CONFERENCE & EXHIBITS

Welcome to Columbus, Ohio.

I am so happy to welcome you to the 49th annual ADED Conference.

ADED has been a shining light in the field of driver rehabilitation since its beginnings. The theme of this conference is roll with the changes and I believe that is fitting because ADED has constantly had to do that over its 49 years.

From the early days as the Association of Driver Educators for the Disabled (ADED's original name for those that were not aware), ADED has always had a knack to roll with the changes. We still continue to hold on to that today. Our industry is changing at such a rapid pace. It sometimes feels like if you blink, you will miss some new state of the art advancement. So, we have to roll with those changes to stay at the cutting edge of driver rehabilitation.

This year's conference will offer a chance to do just that. You will be offered a variety of practical information on processes and procedures that you will be able to take back to your work station. These tools will equip you with the knowledge to grow and expand the services that you provide on a day-to-day basis.

This conference also offers the expo hall that we all look forward to as a chance to feel and touch the products that we prescribe.

And most of all we get a chance to collaborate and connect with our cohorts in the field of driver rehabilitation. There is nothing like that conversation of what worked for you when you had to deal with a complex case. I can not count the number of times that those side conversations have really helped me troubleshoot some of the problems that I have found in my practice.

I encourage everyone to take advantage of all that this year's conference has to offer and I look forward to shaking hands and sharing some of those stories with you as we all roll with the changes and get better together.

SCHEDULE

FRIDAY, AUGUST 15				
7:00 AM -5:30 PM	Registration GCCC outside of Hall D			
7:00 - 8:00 AM	ADED 2-day Course Attendees Breakfast			D281/282

The Leaders in Drive-By-Wire Technology

Visit us at booth #144 to learn how the
AEVIT™ System is the high-tech driving
solution you've been looking for!

YOUR HYBRID LIFT HERO: MEET THE AL600 CLASSIC

Hybrid lifts offer the best of both worlds - the simplicity of an outside hitch lift and the protection of an inside hoist lift.

Load the mobility device onto the platform, secure it, and press a button. The AL600 does all the heavy lifting, raising the mobility device and moving it into the vehicle's cargo area. When ready to unload, open the trunk, press the button on the pendant, and watch the lift lower the mobility device for easy removal.

- Lifts up to 350 lb
- Great for powerchairs and scooters
- Includes backlit two button remote pendant (with flashlight!)
- Customizable with Q'Straint retractors, battery pack, wheel cradle, and wireless key fob
