

# BENEFITS *of* SPONSORSHIP

**Sponsoring a student helps everyone reach new heights.**

Every year, AEG sees an increase in student members attending the Annual Meeting. Your sponsorship can directly support a student to attend the meeting, meet other professionals and learn more about this great profession and their future. Your support of students will provide recognition for your company and connect your firm with current and future professionals who will remember your support.

Many of our members have made lasting connections at meetings that turned into employment opportunities and even bids for work.

## Benefits of sponsorship

- Your sponsorship can directly support a student at the Annual Meeting
- Your company will be listed in all 6 issues of AEG NEWS
- AEG will acknowledge your support on its website
- This is a great way to support your profession

## We ARE applied geology!

AEG is one of the very few organizations dedicated to supporting applied geology. Members of AEG include geologists specializing in engineering geology, environmental geology, and hydrogeology as well as other professionals in affiliated fields, such as civil and mining engineering, land-use planning, public policy and education.

**See the back page for a full list of benefits per sponsorship level**

Additional Opportunities to promote your company to our members can be found at [www.aegweb.org/TheEdge](http://www.aegweb.org/TheEdge)
