The AEMP Education Foundation fosters professionalism and growth within the heavy equipment and asset management industry by procuring and providing the funding required to design and deploy quality educational programs.

THE AEMP EDUCATION FOUNDATION HAS A SOLUTION

We’re tackling the complex challenges of this industry by:

Building Talent: Developing management talent for the future.

Building the Workforce: Recruiting through a targeted, one-of-a-kind approach that meets OUR needs.

Building the Industry’s Brand: Creating an image of professionalism for the entire industry.

HELP AEMP BUILD SOMETHING BIGGER. WE’RE IN THIS TOGETHER!

Now is the time to build something bigger than yourself and your company. Together, we can build our industry.

Your Investment Demonstrates:

• Your leadership in the industry.
• Your foresight to solving workforce challenges.
• Your commitment to your professional growth.

Building Talent:

• Developing management talent for the future.

Building the Workforce:

• Recruiting through a targeted, one-of-a-kind approach that meets OUR needs.

Building the Industry’s Brand:

• Creating an image of professionalism for the entire industry.
STRATEGIC AEMP EDUCATION FOUNDATION EFFORTS

THE AEMP ONLINE UNIVERSITY

The AEMP Online University delivers high quality professional development opportunities by providing access to a wealth of information in an interactive online learning environment. Designed to expand our reach with both live and recorded events, we will be accessible to all members of the industry as well as the seasoned pro and the next generation. It is the face of professionalism of the entire industry and is a world-class platform for career training education. The value of the University is in its convenience, accessibility to all stakeholders and in the quality of the product it delivers.

AEMP EDUCATION FOUNDATION TECHNICIAN OF THE YEAR

The AEMP Foundation Technician of the Year Award is presented annually to the nation’s top heavy equipment technician. In recognizing the best in the industry, the award advances the technician profession and positively impacts the career growth of those who receive this prestigious industry honor.

AEMP EDUCATION FOUNDATION MANUALS & TEXTS

Best practices in fleet asset management capturing industry expertise from all sides of the Equipment Triangle. These learning resources are made available through the AEMP Online University and other educational events.

WORKFORCE DEVELOPMENT PROGRAM

Workforce shortages in technicians in being alleviated through Scholarships for education and training for our future workforce needs made possible through the foundation. Our efforts include strong engagement with Workforce development experts across many different verticals in addition to the construction industry to find strategies and tactics to ensure a thriving talent pool.
