LOCAL GUIDE

Welcome! To facilitate your dining and touring pleasure, the local planning committee has prepared a list of some favorite venues—eateries, museums, districts, tours, and the like. This eclectic, group-sourced list is by no means exhaustive! We consider this guide a springboard for your own exploration and discovery. We hope you enjoy your time in Santa Fe and northern New Mexico.

To that end, we want you all to know that in spite of a prevailing notion that it is warm all the time here in Santa Fe, in early November, we'll likely be dipping below the freezing mark overnight. Santa Fe is situated at over 7,000 feet elevation. Although we enjoy sunshine many days of the year, it can get pretty chilly here during the fall. Please check the weather forecast and pack your wardrobe accordingly!

We also encourage you to drink plenty of water while you are here. At this elevation and in our dry climate, it is easy to become dehydrated.

Locations and distances are relative—please check your local map before embarking toward these destinations.

EAT & DRINK - DOWNTOWN AREA

Close to the Santa Fe Convention Center, the El Dorado Hotel, and La Posada

Arroyo Coffee Bar

102 E Water St.

Tel. 505.795.7655

“The address is a little deceptive, as you really seem to enter from Shelby Street (it is on the edge of a little arcade of shops). This place is tiny, tiny, tiny on the inside - as though someone sliced a sliver off another store. No matter, though, as they manage to do a LOT more in their small space than a number of other shops we visited were doing with four times the size. If you are in the area and looking for a place to take a break from shopping, this is a good choice.”

Buyers of turquoise beware: there are a lot of faux stones out there. Catch a Show at the Lensic Theater

211 W San Francisco St
505.988.7050

<http://www.lensic.org/>

Built in 1931, The Lensic is more than a theater to the people of Santa Fe. For most of the 20th century, the venue was a place for a first kiss in the balcony, a grand silver screen in the midst of the Depression, a vaudeville venue where the community could see the singers, actors, dancers and comedians of the day. It was a place where magic happened.

November 7–8: *BodyTraffic*. 7:30pm \$15–\$35.

LOCAL PICKS FROM A NON-LOCAL

Eats (Downtown area)

The Burrito Co. \$

111 Washington Ave.

Tel. 505.982.4453

This is an inexpensive breakfast and lunch spot that I like to visit when I am downtown in the mornings. I recommend the handheld breakfast burrito with bacon and green chile which is easiest to eat on the run or in a session without needed utensils or making a mess. Stay cautious though, that green chile goodness can surprise you and overflow the edges of the burrito. I like that the potatoes are the hash brown type and not cubed or sliced. There are few greater disappointments than a breakfast burrito with undercooked potatoes. You can even order the burrito without potatoes if you desire. Can't say much personally about the other New Mexican food as I am pretty much a breakfast burrito disciple. Burgers are good too.

Bert's Burger Bowl \$

235 N. Guadalupe St.

Tel. 505.982.0215

As featured on the Food Network Bert's is a longtime burger joint that produces tasty green chile burgers and other New Mexican favorites. You can also get bison and lamb burgers as well. On occasion they have been known to also offer ostrich patties. I like the onion rings. They get really busy during lunch so go early/late or expect a wait. Seating is limited.

Lotaburger \$

Various locations including

404 N. Guadalupe St.

Tel. 505.983.4915

<http://www.lotaburger.com/>

A local chain of burger joints, Lotaburger is also known for green chile burgers. They have pretty good fries. There is also a smaller hamburger called the "it'sa burger" for those not wishing to jump into the deep end on their first try. I have friends from out-of-state who make it a point to hit Lotaburger whenever they are passing through.

Zia Diner \$\$

326 S. Guadalupe St.

Tel. 505-988-7008

<http://www.ziadiner.com/>

"Serving upscale, down home comfort food", but don't let that dissuade you. A pretty nice place for dinner for a medium size group or couples. I like the fish and chips and the meatloaf with the perfect hint of green chili and pine nuts. Good selection of desserts and pastries.

Eats (Railyard area)

Chicago Dog \$

600 Cerrillos Rd.

Tel. 505.984.2798

For those who are at the Hotel Santa Fe, right across the street is a little hot dog shack that makes a pretty decent Chicago dog considering the only El nearby is the Eldorado. I recommend the tamale or frito pie as well for a little heat. They also make breakfast burritos in the AM. The food can seem a little pricey for hot dogs but it made from good quality ingredients. At this time of year it can be a little chilly to sit outside so you may wish to take your order back to the hotel and nosh on the comfy lobby couches.

Gifts/ Something Sweet for Later

Senor Murphy Candymaker

<http://www.senormurphy.com/>

Great place to buy quality chocolates and confections with a regional twist. Piñon brittle and red chile truffles are just the beginning of the sweet delights to be found there. Excellent for buying gifts for those back home. When I go here I buy dark chocolate anything. They have 5 Santa Fe locations and the closest to the convention center are at DeVargas Center, 564 N Guadalupe St at Guadalupe and Paseo de Peralta, and at the La Fonda Hotel, 100 East San Francisco Street right off the downtown Plaza.

Shopping / I Forgot to Bring...

Depending on where you are coming from, you could find yourself thinking, "It's downright warm here, I could be wearing shorts." or perhaps, "It's freezing! I thought this was the desert?" It is, and if you find yourself needing an extra item of clothing or two and don't want to spend too much, take a short hike from downtown to the **Ross Dress for Less at DeVargas Center**, 564 N. Guadalupe St. at Guadalupe and Paseo de Peralta.

DeVargas Center is also home to Albertson's grocery, CVS drugstore, Starbuck's, Office Depot, Sprout's grocery, and Radio Shack among others. All not too far from downtown and the convention center.

I've Found Myself in Española

Angelina's \$

1226 N. Railroad Ave., Española, NM

Tel. 505.753.8543

<http://www.angelinasnm.com/>

Best Lamb and sopapillas anywhere. I place it with any New Mexican food in the state. They will offer locally grown items in season such as corn and squash. The locally sourced lamb can't be beat. Try a chile relleno a la carte with the chili on the side and prepare for crunchy, gooey goodness. You will have a sopapilla here and try and duplicate it with a mix back home but it will never be the same.

Lovin' Oven Bakery Shop

107 N. Riverside Dr., Española, NM

Tel. 505.753.5461

This small family owned bakery makes the best donuts in the state, in particular the cake donuts. I am partial to the maple. They sell out often but if you are ever fortunate to have a hot, freshly made Lovin' Oven donut warming your hands as you take a bite of donut heaven, you will be fortunate indeed. The other pastries such as the biscochitos and apple fritters are also great.

Tortas Rainbow \$

745 N. Riverside Dr., Española, NM

Tel. 505.747.1791

A great place for Mexican style sandwiches, tortas. The bread/buns come from Lovin' Oven (natch!) and are perfect nests for the made to order tortas. I almost always get the aqui toy or cubano torta while the missus will get the veggie, all grilled to perfection. Add a little of the green salsa for added taste delight. A side of fries big enough for two is only \$1.50. The licuados, kind of like an Orange Julius or smoothie, are also really good. We get the strawberry and the mango, made with water rather than milk.

**COME EARLY, STAY LATE:
A FEW GOINGS ON & ACTIVITIES IN THE REGION BEFORE AND AFTER THE MEETINGS**

Entertainment tip: The Friday edition of the *New Mexican*, one of Santa Fe's newspapers, contains an arts magazine, *Pasatiempo*, which is a great resource for all manner of goings-on about town. Also, the *Reporter*, Santa Fe's weekly alternative newspaper, comes out on Wednesdays and is available for free in many locations around town. Look for these publications in newspaper vending racks.

Albuquerque Dia de los Muertos Marigold Parade

November 2, 2:00pm-6:00pm

<http://muertosymarigolds.org>

Burqueños in calavera attire, floats, and lowriders celebrate their departed friends and ancestors in a big parade up the South Valley's famed Isleta Boulevard culminating in a dance party at the Westside Community Center where dozens of altars commemorating the deceased await. Parking is at a premium, so consider carpooling or taking one of the park & ride shuttles if you come, and don't forget your camera.

Bandelier National Monument

Visitor Center daytime phone 505.672.3861 ext.517

<http://www.nps.gov/band/index.htm>

An hour Northwest of Santa Fe is Bandelier National Monument, known for the ancestral Pueblo village sites in the Frijoles Canyon. It is great place to experience up close ancient dwellings and the land that helped shape enduring cultures. Within Bandelier's 33,000 acres there are over 70 miles of trail. Some trails are short easy loops while others can encompass many miles and steep rocky switchbacks. The Depression era visitor center is also worth a visit.

The Bandelier entrance pass is also good for the Tsankawi, another cliff face/mesa top ancestral Pueblo village located 12 miles from the main park. The trail at Tsankawi is a mile and a half loop starting from the valley floor ascending to the mesa top and down across the cliff face dwellings. It's a nice hike that can be taken leisurely to allow time for looking at the pottery sherds (don't take!) and rock art. Now is a great time of year to visit here as the summer sun can be brutal. Take water as the altitude is pretty high.

It's possible to combine Puye and Bandelier into a day long journey but I would recommend doing one or the other, thus saving time for Angelina's or Tortas Rainbow.

Dixon Studio Tour

November 1st & 2nd, 9:00am-5:00pm

info@dixonarts.org

www.dixonarts.org

If you arrive early and feel like getting out of town, consider taking the Dixon Studio Tour, one of the oldest in the state. Dixon is located 47 scenic miles northeast of Santa Fe. Over 50 artists open their studios for the tour. Mediums represented include painting, photography, jewelry, stoneware, wearable art, herbal bath and beauty products, handmade chocolates, local wines and more. A few of the local farms also welcome visitors for the weekend. You can also stop at La Chirapada Winery or Vivac's tasting room. Check website for listing of artists, a map, local dining and lodging.

Puye Cliff Dwellings

Tel. 888.320.5008

www.puyecliffs.com

If you feel like getting out of town, you can drive a little under 30 miles northwest of Santa Fe to visit the ancestral home of the Santa Clara Pueblo people. Experience one of northern New Mexico's most awe-inspiring cultural attractions featuring cliff and cave dwellings, early Pueblo architecture, an original Harvey House and a stunning panorama of the valley. You can take one of three guided tours with a member of the Pueblo, which makes for an enjoyable and more personal experience. Tours are offered regularly throughout the day; call for updated times and reservation information. Consult the website for a map and directions.
