Beltz^{FN}: This family name is not mentioned in the **Kutter** FSL, yet they were there. The 1776 and 1798 **Kutter** censuses make clear that **Roerich** had married a widow, (Christina **Beltz**) and that the children (Johannes and Barbara) listed in the **Kutter** FSL in the **Roerich** household were in fact **Beltz** step-children of **Roerich**, the children of his wife by her former marriage. Since no marriage is found for **Roerich** in the **Buedingen** ML, the odds are good that his wife was also from (or from very near) the same place in **Isenburg** as **Roerich**. Dick Kraus found Beltzs and Peltzs in **Duedelsheim** but not this family. Not found in **Kuhlberg**.

The maiden name of frau **Bender** was given as **Derr** in 1798 (**Mai1798**:Bz75); for other members of the family in 1798 see Bz2, 60, 79, and 87.
