What Is The AIA?

The American Institute of Architects

AIA is the professional association for architects and design professionals. When you see the designation “AIA” following the name of an architect, it means that he or she is a fully licensed and registered architect who upholds the highest standards of ethics and professional practice. It means that he or she is a member of The American Institute of Architects and they are dedicated to providing quality design, safeguarding the public and improving our built environment.

The American Institute of Architects was created in 1857. For over 150 years the organization has provided education, government advocacy, community development, public outreach activities and has endeavored to create an environment that is responsive to the people it serves.

As members of the AIA, more than 90,000 licensed architects and associated professionals express their commitment to quality design and livability in our built environments.

The public policies and position statements of the Institute are available, along with an abundance of information on the history and purpose of the organization on the national website located at www.aia.org

For further information or to become a member please contact the AIA Nevada office at 702-483-3838, or visit our website at www.aianevada.org, or the AIA National website at www.aia.org.

Mission Statement
The American Institute of Architects is THE voice of the architecture profession And THE resource for its members in service to society.

Vision Statement
Through a culture of innovation, The American Institute of Architects empowers its members and inspires creation of a better built environment.

Good Design Makes A Difference
For over 150 years, members of the American Institute of Architects have worked with each other and their communities to create more valuable, healthy, secure and sustainable buildings and cityscapes.

MISSION STATEMENT
Advocate for and advance the profession of architecture and design in Southern Nevada

Advocate
Advocate for the profession on the local, state and national levels

Educate
Educate the profession by providing knowledge

Engage
Engage local communities through collaboration and outreach

Empower
Empower members with professional growth

Advance
Advance a highly-respected and effective AIA Chapter
The next issue of the AIA Las Vegas Directory & Resource Guide will be available soon so be sure to update your firm profile to make sure that your listing is correct.

With our new website, we have added several new fields that will assist clients in learning about your firm and what you offer.

**Just follow these steps:**

1. Go to www.aialasvegas.org
2. *Log in where indicated in the middle right of the home page.
3. Once logged in, go to the menu option of “Find a Member or Firm”
4. Select “Update Your Profile”
5. Your Firm Profile will appear. You can now make your changes
6. When completed click “Submit” at the bottom of the page
7. Logout of the system when you are finished

*To get your username/password, email Kelly Lavigne at klavigne@aianevada.org*

8882 Spanish Ridge Ave.
Las Vegas, NV. 89148
Ph: 702-251-8896
Web: http://csdarchitecture.com
# of Employees: 29

Firm Philosophy: Carpenter Sellers Del Gatto Architects was established in 1986 and has completed work nationally in over 41 states. Additionally, CSD has garnered over 140 design awards locally, regionally and nationally. Our goal is to build a creative, fun and innovative design environment for our friends (clients) and our CSD family. By nurturing our client’s interest in the art of architecture, we seek to develop in them a passion for architecture like our own. Sharing discoveries, enthusiasm and creative solutions is the basis of the collaboration with our clients. CSD’s qualified staff, our knowledge nationally and in particular the South West Region and our extensive diverse portfolio of work allows us to undertake versatile and challenging project types.

Firm Philosophy: Daniel Joseph Chenin Ltd. is a boutique multidisciplinary design studio with a focus on residential, hospitality, and commercial design. The company was born out of the desire to offer clients a premium source for design services, whether artfully-crafted architecture, thoughtful interior design, or both, including sourcing and installation. Our team is composed of seasoned professionals with decades of local, regional, and international project experience. While the consistency of the firm’s approach is in its timeless detailing and refinement, each project begins without a preconceived notion. Rather, each is a study into the client’s objectives, as well as the physical and theoretical context of the project. We work on a limited number of projects at a time, with tailored service during each phase; which can include architecture, interiors, structural, mechanical, electrical, plumbing, landscape, and civil design. Each commission is thoroughly evaluated to ensure that we are the proper fit for the project and our clients’ objectives. We believe that a collaborative relationship between all parties is essential to create a truly bespoke product. Daniel Joseph Chenin, Ltd. is certified as a Tier I Local Emerging Small Business (ESB) by the Nevada Governor’s Office of Economic Development (GOED).

Firm Philosophy: Excellence & On Time, On Budget, On Purpose! Adherence to client needs, schedules, deadlines, team orientation, and project construction budgets has resulted in long-term relationships with our clients throughout the West. GGW Architects has made a deliberate effort, over its 50 years, to establish a positive rapport with local governing authorities. We provide a working knowledge of special considerations unique to the Las Vegas area and its environmental conditions and code regulation requirements. We provide architecture, engineering, site planning, interior design, management, and administrative services to clients, using the Team concept in our design philosophy. Our primary purpose is to lead and orchestrate a team of knowledgeable and committed participants, working in concert to synthesize a design solution that will satisfy the diverse needs and concerns of the client, and the staff that will occupy the building, and the community.

DESIGNING COMMUNITY

Allow us to introduce Knit (formerly SH Architecture). A new brand from the people you already know.

Knit believes architecture can elevate and transform lives, fostering community wherever we live, learn, work and play.

knitstudios.com

# of Employees: 18

Firm Philosophy: KNIT is a recognized leader in the contemporary practice of design, creating responsible, client centered architecture which evokes a shared passion and excitement. Now in our third decade of operation, our team of talented and innovative professionals is passionate about unleashing the power of design in all aspects of our business. The consistent results are projects which provide the maximum value to our clients, while benefiting our communities and addressing critical issues of our environment. Ours is a design focused experience. For us, the cornerstones of the design process are innovation, appropriateness, and rigor. Nothing is assumed, or minimized, or good enough. Each project is an opportunity for a fresh start, a break-through solution.

# of Employees: 50

Firm Philosophy: Uniting form with function, Marnell Architecture represents the leading resource in the search for optimal property development, master planning, operational integration and design to position developments for success on a global stage across a variety of stakeholder metrics. The strength of Marnell Architecture lies in the experience obtained from the creation of millions of square feet in casino, resort, hotel, commercial, retail and entertainment developments over the last four decades. Working as an integrated force within the Marnell Companies, Marnell Architecture is uniquely qualified to create the architecture and design that not only responds to the market and owner’s project requirements, but also allows for effective constructability, operational efficiencies and future expansion capabilities. Marnell Architecture provides professional design services throughout the United States and abroad. Regardless of location, the Marnell approach remains focused on owner success in the form of customer experience, optional efficiency, property aesthetics and budget management. At Marnell, ideas are valued in the context of owner realities. From concept through creation, the ideas driving owner success pervade the project plan, positioning developments advantageously in the marketplace.

**Firm Philosophy:** Our design philosophy centers on the belief that a facility must be both beautiful and profitable. The facility must create a brand identity for our client and give its guests a feeling of warmth, friendship, comfort, and familiarity. We also believe a structure must fit into the urban fabric of its surrounding community, yet not be a carbon copy of its neighborhoods.

**Work By Percentages:**

**Firm Philosophy:** We believe it is not through individual ego that great architecture is generated, but through collaboration. It is our mission to ensure that all participants and contributors to the design of a project are given clarity of voice and fairness in consideration for their concerns and ideas. The people who live and work in the places we make will have a more intimate relationship with our buildings than we will. We measure ourselves through our ability to make buildings that are filled with spaces that inspire our clients and fit comfortably their values, needs, resources, and expectations of use. The life of a building should be measured in decades. For our work to outlive us, we must design with this in mind, considering not only the cost of what it takes to raise a building, but the costs it takes to maintain it in good repair. Through our actions and the buildings we make we strive to be stewards of the environment. In this, we work to minimize the consumption of nonrenewable resources, to contribute to the health of the environment, and to make architecture that connects, rather than isolates, the inhabitant to the world around them. Our approach to architecture is modern and through our efforts, we strive to find beauty in what is common and readily available to a given site. We favor opportunities that reveal the overlooked beauty of a surrounding landscape, that capture seasonal changes, that engage the climate to produce architecture that is simple and yet much greater than the sum of its parts.

The next issue of the AIA Las Vegas Directory & Resource Guide will be available soon so be sure to update your firm profile to make sure that your listing is correct.

With our new website, we have added several new fields that will assist clients in learning about your firm and what you offer.

**Just follow these steps:**

1. Go to www.aialasvegas.org
2. *Log in where indicated in the middle right of the home page.
3. Once logged in, go to the menu option of “Find a Member or Firm”
4. Select “Update Your Profile”
5. Your Firm Profile will appear. You can now make your changes
6. When completed click “Submit” at the bottom of the page
7. Logout of the system when you are finished

*To get your username/password, email Kelly Lavigne at klavigne@aianevada.org*

Company Description: Horrocks is a top ranking engineering firm with 51 years of service to the development community, municipalities and state agencies across the Southwest, including Clark and Washoe counties. With 14 offices in the states of Nevada, Utah, Arizona, California, Colorado, Idaho, New Mexico and Washington with a staff of nearly 500 professionals, Horrocks has the expertise, experience, resources and capacity to successfully fulfill the needs of any project. With 30 years of consulting engineering experience in Las Vegas, Larry Bitton leads our team of Land Development professionals. In 2018, Horrocks Engineers topped Utah Construction & Design’s (UC&D) Engineering Firm Rankings and won a number of awards for notable projects. Horrocks was awarded ACEC Utah’s 2019 Engineering Excellence Award in the Transportation category and UC&D’s Most Outstanding Project for Highways Over $10 million. We understand the importance of partnering to the success of a project, and we use this skill to develop trusting relationships with our clients encouraging open and respectful communication. We have found that this fosters a cost-effective and solution-based approach to design and construction challenges.

Web: http://www.KordtEG.com
Specialty or Product Type: Structural Engineers
Company Description: Kordt Engineering Group (KEG) was founded in 2013 by Stephan Kordt, a licensed Civil and Structural Engineer with 25 years of experience in a variety of roles including design engineer, project manager, project principal, project director and Engineer of Record (EOR). Prior to establishing KEG, Stephan spent 8 years developing his skills as a Project Manager at Martin and Pettyn and an additional 8 years as Project Principal and Engineer of Record for Halcrow Yolles in Las Vegas. In 2013, Stephan left his position at Halcrow Yolles to follow the American Dream and start his own business. This transition satisfied his goal to provide innovative, excellent and timely structural engineering services to new and existing clients across the United States and around the world. Since its inception over 5 years ago, KEG has grown to a team of talented engineers and CAD operators with more than 200 years of combined design and drafting experience. KEG has had the privilege of working with numerous architects, contractors, owners and consultants from across the globe. As new endeavors develop every day, the company strives to maintain its reputation for delivering quality projects under strict deadlines while still providing unparalleled customer services. In 2017, Ted Droessler, PE, joined KEG as Senior Vice President. Ted was previously in-charge of the structural and geotechnical plans examiners at the Clark County Building Department.

One of our primary objectives is to provide safe and durable structures while at the same time always considering the economics of the project and providing the owner with the most cost efficient structure possible. We have vast design and construction administration knowledge in all types of materials and all ranges of project sizes. We are always willing to consider alternate means and methods of construction, cooperating and working with all members of the design and construction team to provide the best end product possible while at the same time not sacrificing public safety.

The next issue of the AIA Las Vegas Directory & Resource Guide will be available soon so be sure to update your firm profile to make sure that your listing is correct.

With our new website, we have added several new fields that will assist clients in learning about your firm and what you offer.

**Just follow these steps:**

1. Go to www.aialasvegas.org
2. *Log in where indicated in the middle right of the home page.
3. Once logged in, go to the menu option of “Find a Member or Firm”
4. Select “Update Your Profile”
5. Your Firm Profile will appear. You can now make your changes
6. When completed click “Submit” at the bottom of the page
7. Logout of the system when you are finished

*To get your username/password, email Kelly Lavigne at klavigne@aianevada.org

The next issue of the AIA Las Vegas Directory & Resource Guide will be available soon so be sure to update your firm profile to make sure that your listing is correct.

With our new website, we have added several new fields that will assist clients in learning about your firm and what you offer.

**Just follow these steps:**

1. Go to www.aialasvegas.org
2. *Log in where indicated in the middle right of the home page.
3. Once logged in, go to the menu option of “Find a Member or Firm”
4. Select “Update Your Profile”
5. Your Firm Profile will appear. You can now make your changes
6. When completed click “Submit” at the bottom of the page
7. Logout of the system when you are finished

*To get your username/password, email Kelly Lavigne at klavigne@aianevada.org
