“AIA” means The American Institute of Architects. It is the national association for architects and design professionals. When you see the designation “AIA” following the name of an architect, it means that he or she is a fully licensed and registered architect who upholds the highest standards of ethics and professional practice. It means that he or she is a member of The American Institute of Architects and they are dedicated to providing quality design, safeguarding the public and improving our built environment.

The American Institute of Architects was created in 1857. For over 150 years the organization has provided education, government advocacy, community development, public outreach activities and has endeavored to create an environment that is responsive to the people it serves. As members of the AIA, more than 80,000 licensed architects and associated professionals express their commitment to quality design and livability in our communities throughout the country.

As members of the AIA, more than 80,000 licensed architects and associated professionals express their commitment to quality design and livability in our built environments.

The public policies and position statements of the Institute are available, along with an abundance of information on the history and purpose of the organization on the national website located at www.aia.org

For further information or to become a member please contact the AIA Nevada office at 702.895.0936, or visit our website at www.aianevada.org, or the AIA National website at www.aia.org.
THE COMMITMENT OF THE AIA

The members of The American Institute of Architects create a community to share knowledge and advocate a shared vision to have a positive impact on the direction of the profession, the shape of our neighborhoods, and our world.

The American Institute of Architects is a democratic organization, representing members’ interests in the selection of leaders, the setting of priorities, and the carrying out of programs.

The American Institute of Architects is dedicated to the highest standards of professionalism, integrity, and competence as embodied in the AIA’s Code of Ethics and Professional Conduct.

The American Institute of Architects represents the highest values of the profession in establishing public policies and advancing positions.

The American Institute of Architects offers opportunities for members to become more knowledgeable as professionals, increasing their value to clients and society.

The American Institute of Architects supports the advancement of knowledge that leads to a more capable profession, a better built environment, and a brighter future for all people.

The American Institute of Architects creates opportunities for its members to gather in fellowship and to advance areas of common interest.

The American Institute of Architects embraces the full spectrum of practitioners in membership and encourages the development of those who would like to offer their talents to the profession of architecture.

THE CONTRIBUTION OF MEMBERS

Members of the AIA can realize the most value from their membership and contribute to the success of the organization by:

Taking time to become informed about AIA services and programs. Informed members are most able to benefit from AIA membership and to acquaint others about opportunities for professional advancement and influence on the profession and society.

Participating in decisions. Broad participation by a diverse membership assures that the AIA is relevant to its members and effective in its decisions.

Participating in the planning and carrying out of AIA programs and initiatives. Collectively, AIA members can accomplish more when many professionals with their own ideas, experience, creativity, and energy work together.

Contributing to a culture of inclusion, mentorship, and support for AIA members and pride in the organization. Together, architects can translate the passion they feel for design into a culture of pride and support for one another and the AIA as the voice of the profession.

Contributing to the advancement of knowledge in the profession. With every project unique, architects create innovative solutions that can inspire others and advance the profession when shared through documentation and education.

Responding as a citizen/architect to community needs. When members take part in civic dialogue as volunteers, communities become better places, architects gain perspective, and the profession is more highly valued.

Shaping the organization and the profession as a leader in the AIA. Members of AIA rely on those who step forward as leaders to articulate the profession’s values and to advance a shared vision.

THE AIA ADVANCES YOUR PROFESSION - AND YOUR CAREER

More than 80,000 architects have joined the AIA, because it provides the resources and the tools architects need to meet the challenges of an increasingly complex and competitive marketplace. Whether you are an intern or a Firm Principal(s), a sole practitioner or member of a large firm, a government employee, or a corporate architect, the AIA provides you with access to the information, knowledge, and experience you need to make your business decisions and set your professional agenda.

When you join the AIA, you are committing yourself to a high standard of professional ethics furthering your professional development, and advancing the value of your profession. Join today. You will be welcomed by 80,000 of your colleagues.

The Institute has been advancing the value of architects and architecture for more than 150 years through AIA member resources and as the collective voice of the profession. Here is a sampling of specific benefits that enhance the professional and competitive position of AIA members and their chosen profession, architecture.

BENEFITS OF MEMBERSHIP

Once you join the AIA, you will be entitled to these practice-enhancing benefits. You’ll find that the value of AIA membership far exceeds your investment.

Attain recognition of your superior architectural standing by clients, colleagues, and the public from your use of the AIA insignia, personalized membership certificate, lapel pin, AIA print and broadcast advertising campaigns, and opportunities for design awards and leadership service.

AIA.org

As a member of AIA, you will have exclusive access to information and services.

Educational programs at the local, state, and national levels including online education, PIA programs, and AIA National and state conventions, keep you informed with the latest information and CES program offerings.

Fulfill your mandatory continuing education requirements and attend AIA’s conventions and workshops? without leaving your office!

AIA eClassroom offers CES credits by taking a course at your convenience. You will have instant access to your CES transcripts, MCE requirements, CES forms, education program schedules, and a complete list of CES providers. eNewsletters, compiled by AIA professional interest areas (PIAs), feature news briefs, competition and event updates, and insights on emerging trends in the design profession.

Knowledge Communities (also known as Professional Interest Areas or PIAs) provide you with access to in-depth information, services, knowledge, and career needs for your particular areas of architectural practice.

You receive a deep discount on AIA Contract Documents, the industry standard, offered in paper and electronic format. AIA members receive 30 percent off the price, as well as a special electronic user license.

Access the AIA Library & Archives online catalog to request a loan of library books. Contact the Library & Archives
benefits of membership

for specialized research and customized slide shows through InfoCentral at 800-AIA-3837.

Nationwide job postings and resume listings are available at AIA’s online Career Center.

**Local networking activities, educational seminars, and regional update**s are available through local and state chapters.

**AIA Advantage Program** offers you special benefit programs, savings, and discounts for your practice and your family.

**Publications And Resources** including Architectural Record, AIArchitect, AIA Contract Documents, and a full range of print and electronic publications, are available to help you make your practice more successful.

**AIA Government Affairs** activities provide a voice for the architectural professional that reaches Capitol Hill, your state legislature, and your city council. Government at all levels can affect you, your livelihood, and how you practice architecture. Government Affairs fights for fair laws and regulations regarding the built environment, promotes design and construction industry leadership, and advocates the vital role architects play in creating livable communities.

For every risk you take, the **AIA Trust** Web site offers members information about quality insurance, financial benefits, and more.

The **American Architectural Foundation** works to improve the designed environment by fostering greater public awareness and public stewardship of America’s architectural heritage.

**Start the membership application process** by visiting our members page today and submitting it to the AIA. For more information, please contact your state or local AIA office or call 800-AIA-3837.

CORE Construction Office
*CARPENTER SELLERS DEL GATTO ARCHITECTS*

**Interior Architecture**
*CITATION AWARD*
ACI Pediatrics
*APTUS*
Eric Strain, AIA has been awarded the highest honor that can be given to an architect in the state of Nevada. The AIA Nevada Silver Medal was presented to him at the AIA Nevada and Western Mountain Region Awards Gala on Saturday, October 8th held at the ARIA at CityCenter. The Silver Medal is given in recognition of the most distinguished service to the profession of architecture.

Eric received his Master’s of Architecture from the University of Utah in June 1990, where he received the Reuel’s Prize. His thesis “Museum as Site” received an AIA Nevada Unbuilt Merit Award. Upon graduation, Eric worked for Prescott Muir Associates in Salt Lake City, Utah and Los Angeles, CA before returning to Las Vegas to work in the offices of Holmes Sabatini Associates Architects, JMA and Tate Snyder Architects. He received his Nevada Architectural license in October 1996 and on April 1st, 1997 started assemblageSTUDIO.

Eric has maintained involvement in the art community of Las Vegas and throughout Nevada. He received a Governor’s appointment to the Nevada Art Council as well as a City Council Appointment to the Las Vegas Arts Commission (serving 2 years as Chair). While with the councils Eric was heavily involved in the refinement of the Nevada Design Arts Grant and the % for Public Art Program in Las Vegas.

In addition to these councils, Eric was also appointed to the Neon Museum Board of Directors, Goldwell Arts Association, CAC Board of Directors and the Metro Arts Board of Directors. He was recently appointed to the UNLV College of Fine Arts Advisory Board. Eric served as Director for the Nevada Institute of Contemporary Art where he was responsible for the design and relocation of the Institute into the downtown Las Vegas Arts District. While Director, Eric reinstated the youth educational program and expanded the curatorial direction of the Institute to include design arts. He has organized art and architecture tours of Las Vegas, “The Phenomena that is the City” for various museum groups from around the country. Tours included an introduction and critic of the Las Vegas Strip and various projects around the city. He is currently working with the Bellagio Fine Art Gallery to conduct a tour this October for their members. He is currently working with the North Las Vegas Fire Department on a pro bono project - “Northern S.T.A.R.S. Safety Village.”

Eric has received grants to conduct public design charettes for the Downtown Las Vegas Arts District, UNLV Ham Halland the Goldwell Artist Residency. These programs have worked with the local design profession as well as the general public for creation of these master plans.

Eric began his involvement with the AIA as a student at the University of Utah where he served for 2 years as the chapter President and for 2 years as the WMR AIAS Representative on the National AIAS Board. In 2000 he served as President of the AIA Las Vegas Chapter.
AIA Nevada Service Award Recipients

AIA Nevada Associate Member Award – presented to the Associate Member who has provided outstanding service to the profession through their membership and participation in their local Chapter.

**Ibrahim Kako, Assoc. AIA** - With a passion to pursue environmentally and culturally responsible design, Kako, holds a Master of Architecture and a Bachelor of Science in Architecture from the University of Nevada. He has been an active and dedicated member of AIAS and AIA Las Vegas for the past six years.

AIA Nevada Young Architect Award – presented to the architect who in the first ten years of licensure has shown exceptional leadership in design, education and service to the profession.

**Jeff Wagner, AIA** - Jeff’s passion for architecture has also led to a passion for teaching and sharing his knowledge with others. He currently balances his time between Robert A. Fielden, Inc., the College of Southern Nevada and his various roles within the AIA.

**Rob Gurdison, AIA** - Rob’s contributions to architecture and to his community are widely felt. He currently sits on the AIA Las Vegas Board of Directors and is working on behalf of AIA to bring together architects and code officials to adopting a Green Code that strives to attain the goals of the 2030 Challenge. As Director of Design for Carpenter Sellers Del Gatto, he guides the design process for multiple projects and has helped the firm to receive numerous design awards and recognitions.

AIA Nevada Architecture Firm Award - the highest honor that the Nevada Chapter of the American Institute of Architects can bestow on an architecture firm. It is awarded to recognize a firm that has consistently produced distinguished architecture for a period of at least ten years, and has a commitment to the AIA...to the profession of architecture...and has been of service to the community in which they are located.

**Van Woert Bigotti Architects**, Reno, Nevada - Van Woert Bigotti Architects has been an outstanding firm in Northern Nevada and Northern California for 36 years. Founded on the basics of making better communities, better use of local materials and use of local craftsmen, the firm continues to design architecture that has become the cornerstones of the community, while at the same time the firm has instilled a strong tradition of service through leadership in the AIA.
AIA NEVADA ADVERTISING OPPORTUNITIES

FORUM Newsletter
Published monthly, FORUM continues to be the main source of communication with AIA members across the state and an excellent means of presenting your company, products and services. Each month we create a pdf version of the newsletter which is sent in an E-Newsletter to all AIA Architect, Associate and Allied members across the state, as well as to public officials and other members of the architectural community. A total of over 1,700 contacts see the newsletter each month! Ads in the pdf version also include a link to your firm’s website if the ad is sent to us in a pdf format and has your website listed in the ad. Additionally, as an advertiser in the FORUM, your firm name will be listed in the E-Newsletter sidebar along with a link to your firm’s website. The pdf version of the newsletter is also posted on our AIA Nevada and AIA Las Vegas websites as well as on our Facebook page (which has over 540 followers) allowing the general public to download and print it each month.

AIA LV Directory & Resource Guide
The AIA Nevada Directory & Resource Guide is an electronic publication that provides information that is useful to the public as well as those who want to participate in the Nevada architectural community. It provides a listing of all AIA Nevada members; Firm Profiles on both Architecture Firms and our Allied Business Partners; contact information for AIA National offices, Nevada Legislative Resources, Public Officials and Building Departments. Updated twice a year, the AIA Nevada Directory & Resource Guide continues to be an outstanding source of communication with our members and an excellent means of presenting your company, product and services.

Each year the AIA Nevada Directory & Resource Guide is emailed to over 800 AIA Architect, Associate and Allied members across the state as well as to national and local public officials and other members of the architectural community. An electronic version of the Directory is also posted to our website which allows the general public to download and print it. Ads in the electronic version include a link to your firm’s website (Ad must be in a pdf format and have your website listed in the ad.)

AIA Nevada ENews Connection
AIA Nevada provides an excellent service for local firms who want to announce their latest Project News, Firm Announcements, Awards or New Products to our members, local business leaders, potential clients and public officials. For a small fee your firm can guarantee that your press releases and company announcements will get seen by those who matter.

Firms supply a press release [maximum 200 words] and one image (if desired) by the 25th of each month. The information supplied will be included in an E-Newsletter that will then be emailed out to our contacts. A link to your firm’s website will be included.

This same information will then be posted on the AIA Nevada website. This information will remain until the following month’s postings are added. A link to your firm’s website will be included. Items are listed on a first come, first placed basis (placement is based on when we receive your contract.)

* Our ENews Connection was not set up as a tool to announce events. The Chapter has a policy in place that the only way one can promote an event (particularly an event where there is a cost to our members) is by purchasing a print ad in our FORUM newsletter or using the AIA Las Vegas “Community Event Connection.”

Mailing List Rental
Want To Send Your Important Message to ALL AIA Nevada or AIA Las Vegas Members? The complete AIA Nevada Membership and contact list includes nearly 600 AIA Architects, Associates and Allied Members. The list use fee is for a one-time use through our mailing house.
THE AIA CONTINUING EDUCATION PROGRAM

The AIA CES Program is a continuing education system developed by the National AIA to record professional learning as a mandatory requirement for architect membership. It enables the architect to keep current, master new knowledge and skills, plan for the future and responsibly meet the role society entrusts to a professional. Each architect is required to earn 18 CEHs (Continuing Education Hours). 12 of which must be in the area of Health, Safety and Welfare and 4 of which must be in the area of Sustainable Design, in order to maintain active membership in the AIA. Architects in the state of Nevada are required to acquire 8 CEH credits in the area of Health, Safety and Welfare in order to maintain licensure in Nevada.

Each hour of Program or Seminar counts as one CEH Credit. If the program also meets the requirements for Health, Safety and Welfare, then it also counts as one HSW Hour.

To check on your credits or to check on a program, you must phone this office and provide them with your AIA member number.

How does one earn a Continuing Education Credits? By attending programs that are registered for AIA/CE credits. In most cases you will be asked to “sign-in” at each of the programs in order to receive your credits and it will be helpful if you can supply your AIA member number at that time. AIA Nevada programs, monthly meetings and the regional or national conventions can give you the opportunity to accrue an entire year’s CEH requirements.

Also, Architects can earn CEH Credits on their own by reading, attending lectures or taking classes or attending programs that are not provided by the Chapter (please note that members are no longer able to self-report their HSW credits.) Your own research into the suitability of a material for a particular building application may meet the CEH criteria, or you could begin by structuring your learning to meet future career goals. To receive credit for this activity, you must file an AIA/CEH Self-Report Form. These forms are available through the AIA Nevada office – 702.895.0936. Make copies of it and use it to report your continuing education activities to the AIA National.

Should you have any questions regarding the AIA Continuing Education Program, the AIA Nevada staff will be happy to assist you. For more information, contact Kelly Lavigne, Operations Manager at 702.895.0936 or klavigne@aianevada.org.
JOIN AIA

Membership in the AIA provides a resource for professional and personal enrichment; a means for architects and design professionals to collectively create an enhanced level of professional worth.

The Nevada Chapter provides member services for Architects, Associates, Emeritus, Individual Allied Members and Allied Firm Memberships, as well as Friends of Architecture, in the Las Vegas and Northern Nevada areas. In addition to the benefits of membership on the National level, AIA Nevada provides an excellent program of member benefits specifically for each member category. Architects and Associates must maintain membership on the National, State and Local levels of AIA.

AIA Nevada Architect members receive benefits, resources and support to assist in their careers goals; provide learning opportunities; elevate and protect the profession. Membership also provides opportunities for professional and personal enrichment, as well as a means for architects, associates and allied members to work together to create an enhanced level of professional worth.

Definition of an Architect:
Individual who is currently licensed to practice architecture in the United States. Proof of current license must be furnished along with application and dues payment. You must be licensed by the Nevada State Board of Architecture, Interior Design and Residential Design in order to practice architecture in the State of Nevada.

2012 Dues – AIA Las Vegas
National - $244
State - $200
Local LV - $235
$681

2012 Dues – AIA Northern Nevada
National - $244
State - $200
Local NN - $103
$547

Definition of Associate Members:
An individual who is not licensed to practice architecture but who is working under the supervision of an architect in a professional or technical capacity; participating in career responsibilities recognized by licensing authorities as constituting credit toward licensure (i.e. interns); are a faculty member in an university program in architecture; or holds a professional degree in architecture.

2012 Dues – AIA Las Vegas
National - $106
Local LV - $200
$306

2012 Dues – AIA Northern Nevada
National - $106
Local NN - $23
$129

Definition of New-Graduate Members:
In order to take advantage of the new-graduate offer, you must have graduated within the past 18 months with a professional degree in architecture from an accredited school of architecture. One year of complimentary Membership in AIA Nevada is provided to new-graduates who have graduated within the past 18 months with a professional degree in architecture from an accredited school of architecture.

2012 New-Graduate Dues
FREE
Definition of Allied Business Partners:
Individual memberships are available to those who are not architects but who work in related design and construction fields, including designers, engineers, consultants, contractors, manufacturers, suppliers and representatives of services and products.

2012 AIA Las Vegas Dues - Local Only - $375
2012 AIA Northern Nevada – Local Only - $300

Allied Firm Members:
The Chapter provides a special Membership for firms in related fields who have three or more members from that firm as AIA members. Memberships are offered at the discounted rate of $325 each (a savings of $50 per member.)

2012 Allied Firm Members
AIA Las Vegas (only) $325 each (3 or more members from the same firm)

AIA Northern Nevada embraces the idea that Design Matters. Good design enhances our quality of life and gives us a better understanding of the Community in which we live. AIA Northern Nevada achieves this by promoting the artistic, technological, and business competence of the profession through education, advocacy, and practice.

If you would like to collaborate with the AIA to advocate design in our Community, we would love to hear your ideas.

Firm Philosophy:
Hawkins and Associates is a highly creative design firm specializing in innovative contemporary architecture and interiors for residential and commercial projects. Each project is designed to be a unique reflection of the client and the intended function of the structure. In addition, each design is tailored to its specific site, topography, and climate. Great care is taken to integrate the structure, technology, and mechanical systems with the architecture and interiors. Construction detailing and construction administration are given the same level of care and respect as the creative design process. Jack Hawkins, A.I.A., LEED AP has been practicing sustainable architecture for 25 years and is committed to creating architecture that is beautiful, functional and sustainable.

MISSION STATEMENT

The mission of the Las Vegas Chapter of the American Institute of Architects is to advance design and the built environment through education, public awareness and by empowering its members.

CORE VALUES

To provide strong leadership and advocacy on behalf of the community and the members.

To be active stewards of the environment.

To support and promote design excellence.

To encourage and advance life-long learning.

To adhere to and support ethical behavior.

To promote diversity in our membership.

To encourage and advocate a spirit of collaboration.

To promote community enhancement.

GOALS FOR 2007-2012

The Voice of Architecture
AIA Las Vegas will serve as the voice of the architecture profession, representing members in advocacy, alliances, leadership and community enhancement.

The Credible Resource for Architecture
AIA Las Vegas will facilitate life-long learning and educate the community on the role of design and the built environment.

The Value of Membership
AIA Las Vegas will provide relevant benefits and services for its members.

Operational Excellence
AIA Las Vegas will be positioned to be a highly effective organization.
2012 AIA LAS VEGAS SPONSORS

We gratefully acknowledge these firms for their generous contributions and for their support in helping the Chapter to build a better community for us all.

THE LAS VEGAS CHAPTER OF THE AMERICAN INSTITUTE OF ARCHITECTS

The AIA Las Vegas Chapter was founded January 5, 1956, and is proud to have served the profession and the Las Vegas community for fifty years. Membership in the Chapter includes over 550 Architects, Associates, Emeritus and Allied members from Southern Nevada.

The Chapter is administered by the Executive Director, Randy Lavigne, Hon. AIA, who serves at the direction of the Board of Directors. The Board of Directors is composed of thirteen elected positions. Each Board Member also serves as the Chair or Director of a Committee, Event or Program. The President serves for one year as President-Elect prior to taking office. The installation of officers takes place at the December meeting, which is the annual holiday celebration for the membership.

The Board of Directors meets the second Tuesday of each month. Membership Meetings are usually held on the third Wednesday of each month. A calendar of all meeting, including date, time and location is available on the aialasvegas.org website and is provided in the monthly issue of “FORUM”, the monthly newsletter. Articles and advertising for the “FORUM” must be submitted to the AIA office prior to the 15th of each month, for publication in the following month’s issue.

Committees are established each year. Service on committees is voluntary and all members of the committees must be AIA members in good standing.

Annual membership dues for AIA Las Vegas are structured for Architects, Associates and Allied members, and cover the year from January 1 - December 31. Architects and Associates must be fully paid on all three levels of AIA Membership - AIA National, AIA Nevada (state) and AIA Las Vegas (local). Architects must provide a copy of their Nevada Architects license or a copy of the license from the state in which they are licensed to practice architecture. Membership in AIA Las Vegas includes regional membership in the AIA Western Mountain Region. Other membership benefits include monthly membership meetings, subscription to the FORUM, listing in the annual AIA Las Vegas Directory, access to Continuing Education programs, lectures, exhibits and events, as well as legislative advocacy.

Allied Membership is offered on the local level only to individuals who are associated with or work in the architectural community. Membership benefits are the same as for Architect and Associate members, plus special opportunities for marketing and promotion to the architectural community.

It is expected that sometime in the near future, the Nevada State Board of Architecture, Interior Design and Residential Design will require Continuing Education credits in order to secure and maintain a license to practice architecture in Nevada. Currently, in order to maintain membership in AIA, Architects must obtain 18 Continuing Education Credits each year; eight of which must be in the area of Health, Safety and Welfare.

The Chapter provides numerous opportunities for members to acquire their C.E. credits through membership meetings, special continuing education programs and events.
AIA LV SPONSORSHIP OPPORTUNITIES

AIA Las Vegas is an active and vital professional organization providing numerous social, educational and public service programs throughout each year that benefit our members and the community. These programs also provide excellent networking and marketing opportunities for industry-related firms, such as yours.

Payment of sponsorship fees can be scheduled monthly, quarterly, yearly or on a specified date, in accordance with your requirements. Your Sponsor Agreement Form should be sent into AIA Las Vegas as soon as possible to ensure you receive all of the benefits that go with your sponsorship.

AIA Las Vegas Membership programs, events and community benefit activities are funded through Sponsorship. The following is a brief description of these sponsor opportunities. Each helps to provide exceptional programs for our members and the community, as well as exceptional benefits for Sponsors making it a winning opportunity for everyone.

**Sponsorship of a Monthly Membership Meeting**
The programs and locations of our monthly membership meetings are designed to provide enjoyable social and educational experiences for our members and guests. It is a great opportunity for Allied Members and other related firms to introduce their product or service to the membership. For a sponsorship fee of $500 the sponsor receives identification as an active member of the architectural community and a supporter of the AIA.

**Benefits**
- One Hard Copy List Of Attendees Names/Addresses
- Promotion In Newsletter, And On Website (If Sponsorship Is Received Early Enough)
- Use Of Member Mailing List At Member Rate
- Display Table Or Distribution Of Promotional Materials At Meeting
- Recognition As Sponsor At The Beginning Of The Meeting (Sponsor Provides Paragraph)
- Signage And/Or Table Tents At The Meeting
- Two Complimentary Tickets To The Meeting
- One Free Business Card Ad In The Newsletter Following The Event

**The AIA High School Design Awards**
The AIA High School Design Awards is one of the Chapter’s most important programs. It recognizes and rewards young design talent at the high school level and has been the first career step for many young people in becoming design professionals. Sponsor contributions of $500, $1,000 or more, go toward providing cash awards for the winners of the High School Design Competition. The goal each year is to raise a minimum of $5,000 to provide the awards. The Awards are presented at a special meeting in the Spring and Sponsors are recognized at the beginning of the program and thanked for their contributions. Sponsors also receive recognition in the monthly newsletter and in all media releases.
**Golf Tournament**
This is a great “networking” event and a wonderful way to introduce yourself, your company, product and service to the architectural community. It is our most popular event and “sells out” quickly each year. Host, Event, Tee and Door Prize Sponsorships are available and provide great visibility for your firm. This is an excellent opportunity for vendors, consultants and representatives in related fields to network and socialize with AIA Las Vegas members.

**Continuing Education Programs**
Each year, in order to maintain their membership in AIA, member Architects are required to attain 18 AIA Continuing Education credits, of which 12 hours must be in Health, Safety and Welfare. (It is expected that soon this will be a state requirement for maintaining licensure as well.) AIA Las Vegas partners with companies such as yours to provide educational opportunities for our members. The content of these programs must be educational and must meet the AIA requirements for CEH registration. You host the meeting, seminar, breakfast or luncheon and provide the educational program - we register the program for AIA CEH Credits, promote the opportunity to our members, and make sure our members receive their credits. Hosting a CEH program provides great visibility for your firm and identifies you as a leader in your industry. You receive special recognition in the newsletter and promotional materials for the event.

For more information on sponsoring an AIA Las Vegas event, please contact Kelly Lavigne, Operations Manager at 702.895.0936 or klavigne@aianevada.org. To download a Sponsor Packet, go to www.aialasvegas.org.

Thank you for your support and for joining with us in our efforts to build a stronger profession and a better community.
AIA LAS VEGAS ADVERTISING OPPORTUNITIES

Community Event Connection
AIA Las Vegas has created a page on our website (www.aialasvegas.org) that is dedicated to promoting non-AIA Las Vegas events. This provides an excellent service for organizations/firms who want an affordable way to announce and promote their upcoming event to our members and non-members alike.

AIA Las Vegas Career Center
AIA Las Vegas provides an excellent service for applicants looking for jobs, as well as firms looking for employees. The AIA Las Vegas Career Center is an on-line service that allows design professionals to announce their hiring needs to the local architectural community. People looking for a position in Las Vegas can easily search on the Career Center page of the AIA Las Vegas web site for these notices. Included in the cost of the ad is a link to your firm’s web site, where potential candidates can get more information or contact your firm directly. Also included is a business card size ad in one issue of AIA Las Vegas Forum Newsletter.

Mailing List Rental
Want To Send Your Important Message to ALL AIA Las Vegas Members? The complete AIA Las Vegas Membership and contact list includes over 480 AIA Architects, Associates and Allied Members. The list use fee for a one-time use through our mailing house is $200 (AIA LV Members) or $300 (Non-Members). A draft of the item you intend to mail to the members must be submitted to AIA Las Vegas for approval. Once approved, you will receive a Receipt of Confirmation giving you permission to use the mailing list through our mail house. You then negotiate directly with the mailing house for the printing, copying, mailing services that you require. The cost of these services are not included in the List Use fee to AIA Las Vegas and are payable directly to the mailing house.

For more information on AIA LV Advertising Opportunities, please contact Debi Raffi, Communications Manager at 702.895.0936 or draffi@aianevada.org. Advertising Packets can be downloaded from our website as well at www.aianevada.org.

Firm Philosophy: We are searching for a silence of creation, where the work is centered in the site. Where the inherent qualities of the place grounds issues of massing, material selection and environmental concerns. Our work is about sustainability, not because it is fashionable, but because it is sound fundamental design. Our work begins with site.

Firm Philosophy: Carpenter Sellers Del Gatto Architects was established in 1986 and currently does work nationally in over 40 states. Our goal is to build a creative, fun and innovative design environment for our friends (clients) and our CSD family. By nurturing our client’s interest in the art of architecture, we seek to develop in them a passion for architecture like our own. Sharing discoveries, enthusiasm and creative solutions is the basis of the collaboration with our clients. CSD’s qualified staff, their knowledge of the Las Vegas area and their ability to examine the diversity of a project enables the firm to undertake versatile and challenging projects.

Firm Philosophy: The firm “Community by Design” (self-certified WBE & Small Business) reflects the vision for creating socially and environmentally conscious Architecture. The firm’s mission, “Creating close and inviting communities by providing places that foster social conscience and interaction within environmentally sound facilities” speaks to the relationship between Architecture, Community, and Society. “Community by Design” symbolizes my hope that communities can become stronger through architecture that involves community input and feedback, socially responsive design, and healthy, environmentally sustainable, living & working environments, all within the specific context of this community. The practice is centered around providing high quality architectural services including facilities needs assessment, planning and entitlements, traditional design/documentation/specification writing/construction contract administration; along with related educational activities designed to invite public feedback, social interaction, and provide information about sustainable living in desert environments. Currently, Denise Cook is working on contract for Architectural firms providing Project Management services and Marketing including RFQ submissions, business development &

Firm Philosophy: Friedmutter Group is a client oriented, not project oriented, firm dedicated to completing a project faster and better than any other design group to the client’s exact specifications, and at a fair fee which will not inhibit the profitability of the venture. Friedmutter Group designs are on the cutting edge, are created within strict deadlines and budgets, and attract customers to the establishments. The firm specializes in creating winning design concepts for inclusion in gaming applications, the first major obstacle to be encountered in the beginning phases of a casino project. Quality of work is of much more importance than quantity of work.

Firm Philosophy: Adherence to client needs, schedules, deadlines, team orientation, and project construction budgets has resulted in long-term relationships with our clients throughout the West. GGWArchitects has made a deliberate effort, over its 41 years, to establish a positive rapport with local governing authorities. We provide a working knowledge of special considerations unique to the Las Vegas area and its environmental conditions and code regulation requirements. We provide architecture, engineering, site planning, interior design, management, and administrative services to clients, using the “Team” concept in our design philosophy. The architect, consultants, and client are integral to the development of a successful project. Our primary purpose is to lead and orchestrate a team of knowledgeable and committed participants, working in concert to synthesize a design solution that will satisfy the diverse needs and concerns of the client, and the staff that will occupy the building, and the community.

Firm Philosophy: More than twenty years after completing its first project in the Valley, Gensler of Nevada continues to be a leader in design excellence in Las Vegas. We have fostered our reputation for excellence by forming strategic partnerships with our clients. By understanding the scope of the projects they propose and the nuances of those projects, Gensler supplies design to the service of their business objectives. We have built our reputation by providing the personal service of a small office, backed by the resources of the largest architecture firm in the country. Named Firm of the Year by the AIA in 2000, Gensler received the prestigious Leadership Award in 2005 from the U.S. Green Building Council. And, for nearly two decades, Gensler has been ranked America’s largest, best-managed and most respected design firm by Interior Design and Building Design and Construction magazines. For several years running, Gensler has also been named one of the Best Places Work by American City Business Journals. Gensler of Nevada won a 2006 Honor Award from the AIA Nevada for their design of the Automated People Mover that runs through MGM MIRAGE’s CityCenter, for which Gensler is also the Master Architect. In 2008, Gensler was named Green Architect of the Year by the Las Vegas Business Press.

Firm Philosophy: The mission of Campo Architects is to be forward-thinking client advocates. While enhancing each client’s experience and profitability, we strive to produce inspiring architecture that is socially responsible to the environment. Since its inception in 1985, Campo Architects has been committed to design excellence. To meet the needs of our clients, we approach each project by developing innovative, cost-effective solutions and delivering the highest-quality architectural services on time and within budget. As a result, our repeat clients often cite our remarkable creativity and excellent track record of controlling schedules, budgets, and change orders as the reasons for returning to our firm again and again. We offer a full range of architectural, planning, and interior design services for both new construction and renovation projects.

Total Number of Employees: 28
Firm Philosophy: Klai Juba Architects specializes in the design of gaming resort and hospitality projects, ranging from small renovations to new, ‘from-the-ground-up’ and large scale, property-wide alternations and expansions across the country. The firm is Las Vegas based and maintains a Fort Lauderdale presence. Since 1978, each of the founding principals has played key leadership roles in property development, construction, ownership and operations. With the collective experience and knowledge shared by the shareholder principals and associates, and talented team of project architects and designers - along with the firm’s commitment to highly regard each client’s budget and particular requirements - Klai Juba has been recognized as a forerunner in the industry for some 15 years, and for ‘giving back’ to its community and architectural education, including establishing the Klai Juba Lecture Series for the UNLV School of Architecture in 1997. Recently completed Klai Juba projects include the ‘new’ Joint, award-winning VANTITY nightclub, guestrooms and suites @ Hard Rock Las Vegas in addition to the much publicized Las Vegas entertainment venues of LAVO and TAO. Current works include various restaurant ‘fit outs’ and spa for the Cosmopolitan Resort & Casino, new gaming properties in Baltimore and Chicago, while planning future projects for Harrah’s Entertainment holdings and the Seminole Hard Rock gaming properties in Florida. “We’re proud of our work . . . our reputation, and the company we keep!”

Need to update your firm profile?

Do it online today!

The next issue of the AIA Las Vegas Directory & Resource Guide will be available soon so be sure to update your firm profile to make sure that your listing is correct.

With our new website, we have added several new fields that will assist clients in learning about your firm and what you offer.

Just follow these steps:
1. Go to www.aialasvegas.org/cms/
2. *Log in above the gray box stating “Good Design”.
3. Once logged in, go to the menu option of “Find a Member or Firm”
4. Select “Update Your Member or Firm Profile”
5. Your Firm Profile will appear. You can now make your changes
6. When completed click “Submit” at the bottom of the page
7. Logout of the system when you are finished

*To get your username/password, email Debi Raffi at draffi@aianevada.org

It’s not funny when it happens to you.

PROTECT YOUR PROJECT WITH AIA CONTRACT DOCUMENTS. No one likes to be left pointing the finger. Having the right contracts in place can reduce risks, prevent conflicts and with our new Integrated Project Delivery (IPD) Multi-Party Agreement, create more successful collaborations. Easy to use, widely accepted and balanced fairly for all parties involved – get off to a smart start with AIA Contract Documents.

NEW DOCUMENTS INCLUDE IPD MULTI-PARTY AND FEDERALLY FUNDED PROJECT AGREEMENTS.
To learn more, call 800-242-3837, visit aia.org/contractdocs or follow us on Twitter @AIANational.

**Firm Philosophy:** Our design philosophy centers on the belief that a facility must be both beautiful and profitable. The facility must create a brand identity for our client and give its guests a feeling of warmth, friendship, comfort, and familiarity. We also believe a structure must fit into the urban fabric of its surrounding community, yet not be a carbon copy of its neighborhoods.

Firm Philosophy: Established in 1960, Tate Snyder Kimsey is a regionally acclaimed architecture firm with offices in Las Vegas, Reno, and Los Angeles. We recently received the 2008 AIA Nevada Firm Award, an honor we previously received in 1996. Our projects have been recognized with more than 70 design awards at the local, state, regional, and national levels. These awards reflect our strong commitment to the community, our standards for design excellence, and our desire to provide clients with exceptional design solutions. We are proud to be considered leaders in sustainability. The crafting of high performance buildings that embrace environmental sensitivity is our firm culture - it is what we do. We have designed four LEED certified projects in Nevada (Platinum, Gold, Silver, Certified), and have two more projects currently registered. Three of our LEED projects are “firsts” – the first LEED certified project in Nevada (our own corporate headquarters), first LEED Gold project in Nevada, and first LEED project in the City of Las Vegas.

Firm Philosophy:  APPROACHABLE. A word that seldom describes architects. Until now. The firm of Youngblood Architecture combines creativity and over 25 years of experience with approachability. Our clients know that when they hire us for any project, big or small, they'll receive the full-service they expect with the affability they didn't. Why is that important? Questions are asked and answered. Ideas are exchanged. Solutions are created. The end result is a distinctive project that is thoughtfully designed for profitability, function and comfort.

Check Your Personal Profile and Update

Please take a minute to update your personal listing, including adding your home contact info. With so many people changing employment, we need to be able to reach you if you change jobs.

Don’t be concerned by some of the requested information. A majority of it is for AIA use only and will not be visible by those who pull you up on the website.

The member profiles will only show name, member type, firm and firm website address for you. You will be able to see what comes up when you go there and finalize your update.

INSTRUCTIONS:
1. Go to www.aialasvegas.org and click to log in (top of home page above gray box saying “Good Design”)

2. Type Your Username and Password (If you do not know your Username or Password, please contact Debi at draffi@aianevada.org)

4. Move Your Mouse Over the Gray Menu Bar Option “Find a Member or Firm”

5. Click on “Update Your Member and Firm Profiles”

6. Under INSTRUCTIONS, Click on #4 “Click Here To Update Your Profile”

7. Review and Update the Information

8. Be sure to click “Submit Registration” at the bottom of the page when done.

FIRM PROFILES

Check Your Firm Profiles and Update Immediately

The latest issue of the AIA Las Vegas Directory & Resource Guide will be available soon so be sure to update your firm profile to make sure that your listing is correct.

With our new website, we have added several new fields that will assist clients in learning about your firm and what you offer.

Follow the same steps listed to the left using your Firm Username and Password.

If you do not know your Firm Username or Password, please contact Debi Raffi, Communications Manager at draffi@aianevada.org

Specialty or Product Type: LEED/Sustainability Consultant
Firm Description: General Contractor at heart, Sellen Sustainability is a multi-disciplinary team of architects, specifiers, contractors, and sustainability experts. For us, measurable results, value, cost, and schedules matter as much as waste reduction management,
Sellen Sustainability is the result of a partnership between Sellen Construction Company, one of the largest General Contractors in the Northwest, and Energy & Environmental Solutions, Inc. (E2), an international resource in green building and full-service sustainability consulting firm. E2 is now fully acquired by and known as Sellen Sustainability. We offer a unique perspective grounded in years of project participation from concept to construction, with more than 58 million square feet of built sustainable projects under our belt, including the first and largest LEED projects. We provide in-depth consulting services and training programs custom-designed for owners, designers and contractors, to help make sustainable building practices accessible and actionable and help fast-track green building education and practice.

Established in 1944, Sellen Construction Company was an early practitioner of sustainable construction methods. In the mid-1990s Sellen developed Erosion Control protocols that became adopted by the EPA. In 1997 Sellen became one of the first general contractors to join the U.S. Green Building Council, and contributed to the development and implementation of the LEED Rating System. Sellen continues to evolve environmentally-responsible design and construction practices, and was recognized as the Pacific Northwest region’s 2009 Top Green Contractor.

REMARKABLE PROJECTS CALL FOR REMARKABLE SOLUTIONS.

“For CityCenter, we needed people who knew their decorative concrete and were very clear about what they could do - and what concrete can do. I had worked with Penick before, and CityCenter was a good marriage of quality, people, and project.

As a designer, they know how to work with you - and with a budget. They handle changes easily, and always work within the client's system. And the quality we received is fantastic.”

The Art Institute of Las Vegas
2350 Corporate Circle
Henderson, NV 89074
T: 702 992.8538 F: 702 992.8532
W: www.aii.artinstitutes.edu
E: gshurley@aii.edu
Specialty or Product Type: Education
Firm Description: The Art Institute of Las Vegas teaches Drafting Technology with 3D AutoCAD to those who desire to gain the skills and knowledge required to work in entry-level job categories such as drafter, plans checker, planner, detailer or designer. Depending on the draftsman's skill, the jobs can range from preparing drawings from notes and instructions of engineers and architects, to designing products, detailing and selecting materials and preparing specifications. The goal is to prepare the student with residential and commercial drafting knowledge and experience as well as additional business and general education for entry-level career options. The Art Institute also teaches Interior Design. The associate's and bachelor's degrees programs utilize industry-related technology, affording the student the opportunity to gain a foundation of design skills. These skills prepare students for entry-level positions as interior designers or assistant designers with the prospect to work for Registered Interior Designers, Residential Designers, Architects, Contractors or their own interior design business. The associate of arts program focuses on residential interior design including kitchen and bath specialties while the bachelor of arts program includes both residential and commercial areas of design. To receive resumes of prospective candidates, please contact Grace Shurley at: gshurley@aii.edu

Need to update your firm profile?

Do it online today!

The next issue of the AIA Las Vegas Directory & Resource Guide will be available soon so be sure to update your firm profile to make sure that your listing is correct.

With our new website, we have added several new fields that will assist clients in learning about your firm and what you offer.

Just follow these steps:

1. Go to www.aialasvegas.org/cms/
2. *Log in above the gray box stating “Good Design”.
3. Once logged in, go to the menu option of “Find a Member or Firm”
4. Select “Update Your Member or Firm Profile”
5. Your Firm Profile will appear. You can now make your changes
6. When completed click “Submit” at the bottom of the page
7. Logout of the system when you are finished

*To get your
username/password, email Debi Raffi at draffi@aianevada.org
