How to Calculate Your Company Dues

Please calculate the correct dues amount based on your total annual sales dollars for all company locations. Please use only whole numbers.

Companies Under \$50M in Sales	Companies Over \$50M in Sales
Dues assessed at \$135 per million*	First \$50M assessed at \$135 per million PLUS Sales over \$50 assessed at \$50 per million**
Example, if your company's total annual sales are \$23M: <u>23</u> (annual sales in millions) X \$135= <u>\$3,105</u>	Example, if your company's total annual sales are \$107M : (50 X \$135) + (<u>57</u> x \$50) = 6750 + 2850= <u>\$9,600</u>
*Minimum dues are \$1500.	**Maximum dues are \$25,000.
