

Sponsor an AIHM Fellow.

Invest in the Future of Healthcare.

As an Institutional Sponsor of the AIHM Fellowship Program in Integrative Health & Medicine, your financial contribution will assist healthcare practitioners with tuition costs. By training interprofessional teams in integrative health practices, we can begin the paradigm shift toward true collaborative care that emphasizes prevention, wellness and treating the whole-person. Help us shape the future of integrative healthcare.

We are changing the future of healthcare, one Provider at a time.

What we do

We are **shaping a new paradigm in healthcare** that is prevention-focused, uses collaboration across all healthcare and wellness professions, and is truly heart-centered. We are transforming the healthcare system through evidence-based integrative medicine education.

Why we need your support

Most medical schools do not educate providers on integrative and prevention-based healthcare practices. We believe this is the best way to improve patient care, outcomes, reduce healthcare costs and move beyond our existing model of symptomatic medicine.

Our impact

Training 400 fellows in integrative health & medicine by 2020

Educating over 20,000 healthcare professionals each year in integrative medicine practices

Connecting over 100,000 patients with integrative health providers

Submitting research, journal articles and editorial content **to over 80 publications**

Forming over 30 strategic alliances with hospitals, medical organizations, higher ed institutions and associations.

Institutional Sponsor Benefits

All Institutional Sponsors will be recognized on the AIHM website, social media channels and in our Fellowship Newsletter.

Additional benefits for Sponsor Tier 3 or above include advertising opportunities with AIHM media channels, a booth at our Annual Conference, AIHM Premium membership, and access to AIHM eLearning courses.

What the AIHM Fellowship Offers

- 1,000-hour integrative curriculum
- Flexible online learning
- Clinical immersion
- Residential retreats
- Resilience training
- Interprofessional collaboration
