This directory provides a list of Kaiser Permanente Medicare Plus network providers.

This directory is for Kaiser Permanente Medicare Plus members who reside in our service area: District of Columbia; Maryland: The city of Baltimore, and the counties of Anne Arundel, Baltimore, Carroll, Harford, Howard, Montgomery, Prince George’s, and parts of the following counties: Calvert, Charles, and Frederick (please see the service area description inside for the ZIP codes in these counties); Virginia: The cities of Falls Church, Fairfax, Alexandria, Manassas, and Manassas Park; the counties of Arlington, Fairfax, Prince William, and Loudoun.

This directory is current as of 10/1/2011. Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about Kaiser Permanente Medicare Plus network providers in your area, you can visit kp.org or call our Member Services Department at 1-888-777-5536, 7 days a week, 8 a.m. to 8 p.m. TTY users should call 1-866-513-0008.

Kaiser Permanente is a health plan with a Medicare contract.

SECTION 1

Introduction

This directory provides a list of Kaiser Permanente Medicare Plus network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

The network providers listed in this directory have agreed to provide you with your health care and vision coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider.

Some services may require a referral. If your primary care physician decides that you require covered services from other providers, you will usually be referred to a MAPMG physician. Should you require services not available within MAPMG or where such services do not meet regulatory requirements for access, you might be referred to an associated provider in the community for that service. You must have an authorized referral for specialists and non-plan providers for us to cover the services and/or supplies provided. In some cases, you may get covered services from non-network providers.

Use this directory to learn about selecting your PCP and getting referrals. These processes are described in detail on the following pages.
Our Provider Network:

The Mid-Atlantic Permanente Medical Group

In the Mid-Atlantic Permanente Medical Group, P.C., there are almost 1,000 expertly skilled physicians. They practice in Kaiser Permanente medical centers and care for Kaiser Permanente members. The group includes physicians from all major specialties and most subspecialties in addition to alternative and complementary medicine, and behavioral health.

Each physician meets strict standards to become and remain a Permanente physician. They are rigorously screened and expertly trained. Each is board certified or, for newly hired physicians, required to become board certified within five years of hire. They are re-credentialed every three years, every two years for certain specialties.

Permanente physicians promote a healthy lifestyle, disease prevention, education, and open communication. Improving patient health using these approaches, combined with management of chronic diseases, is a cornerstone of Permanente medicine. Our physicians respect your opinions and you are encouraged to work collaboratively with your doctors about your treatment. You benefit from your own physicians’ experience and from the experience of thousands of Permanente physicians across the country who communicate with each other about the best ways to practice medicine and the latest developments in care, research, and technology.

When you choose a Permanente physician, you can be confident that he or she has immediate access to your medical information so that you get the right care at the right time—care that is personalized, affordable, and coordinated. Your doctors are part of a single, integrated medical group that enables them to easily consult about your health with other doctors, pharmacists, nurses, and other Kaiser Permanente health professionals locally and across the country.

IT’S TOUGH TO BECOME ONE OF OUR DOCTORS.

Only one in 10 who applies is accepted as a Permanente doctor.

Permanente physicians promote a healthy lifestyle, disease prevention, education, and open communication. Improving patient health using these approaches, combined with management of chronic diseases, is a cornerstone of Permanente medicine.
The electronic medical record system also provides information about your health to any Kaiser Permanente caregiver who can see your medical record. That means your optician can remind you that you’re due for preventive care. Most of the prescriptions written by Permanente physicians are sent electronically to our medical center pharmacies, so they can be filled fast and you can be on your way. When you speak with an advice nurse, see a Permanente doctor in urgent care in the middle of the night, or stay in a core hospital where Kaiser Permanente physicians are on duty, they can all know you through your secure electronic medical record, which is at their fingertips.

That same technology connects your Permanente doctor to you. At kp.org, you can email your doctor’s office, read doctor’s instructions, manage appointments, read most lab test results, order most prescription refills, and more.

When you receive care, tests, and treatment in a Kaiser Permanente medical center, your care is connected and coordinated in ways that are possible only here.

While we’re proud of the many times Permanente physicians have been recognized for the quality of the care they provide, we’re equally proud of the compassion they show to their patients and the zeal they have for helping you be as healthy as you can be. Your Permanente physicians and others at Kaiser Permanente are here to help you be the healthiest you can be so you can live life to the fullest.
Your primary care physician

Establishing a relationship with a physician and seeing him or her regularly is important so you get consistent and personalized care. You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician/Provider (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

Your PCP partners with you to help you live the healthiest life possible. He or she coordinates your care, orders needed tests, and consults with specialists, pharmacists, and others, as needed. Adults should select a PCP who specializes in internal medicine or family practice. You may also choose a family practitioner to care for your entire family. When you have a PCP, you always have a physician who knows you, understands your health goals and preferences, and advocates for you. Women up to age 75 will choose a personal obstetrician/gynecologist (ob/gyn) in addition to their PCP.

Note: In addition to Permanente physicians, you may also choose from among affiliated physicians for primary care and obstetrics/gynecology in some areas. Affiliated physicians are in private practice in the community, located in areas more distant from Kaiser Permanente medical centers.

Each Permanente PCP and ob/gyn has a panel of patients composed of members who have either selected or been assigned to that physician. Occasionally, we must temporarily close a physician’s panel to new patients because of high demand to see that physician. If, when choosing your PCP, you are told the physician you have selected is not accepting new patients, we will try to offer you another physician who is a member of your originally requested physician’s health care team.
Your doctor’s office, plus added convenience

You may choose to receive care in any of our medical centers in Maryland, Virginia, and the District of Columbia (more are opening in 2012—see page 20).

Wherever you visit your Permanente physician, convenience is built into your medical center.

Because Kaiser Permanente staff and physicians respect your time, convenience extends beyond the walls of your medical center. You can set telephone appointments with your doctor to save trips to his or her office and whenever you need medical advice, specially trained nurses are on call 24 hours a day, seven days a week.
Referrals for specialty care

When a plan provider thinks that you need care from a specialist, he or she will usually request an authorized referral (written approval in advance) for you to see a Permanente specialist. Should you require services not available through a Permanente physician, either due to specialty or length of time until an open appointment, you might be referred to an associated provider in the community for that service.

Receiving services from non-plan providers will be authorized only if the services are not available from network providers. If a referral to a non-plan provider is authorized, you pay only the cost share you would have paid if a network provider had rendered the service and/or supplies.

It is very important to get an authorized referral from our plan before seeing a specialist. If you don’t have an authorized referral before you receive services, you will have to pay Original Medicare cost-sharing amounts.

You must have an authorized referral for specialty care for us to cover the services and/or supplies provided. A few examples of services requiring authorization are:

- Inpatient admissions for which you are admitted to a facility for 24 hours or longer whether scheduled or resulting from an emergency, including those for childbirth, behavioral health, chemical dependency, and vision services.
- Specialized services, such as home health, medical equipment and associated supplies, and hospice care.
- Skilled nursing and acute rehabilitation facilities.
- Non-emergency medical transportation.
- Plastic and oral surgery.
- Care received from a practitioner or facility that does not have a contract with Kaiser Permanente.
Non-plan providers

As a member of Kaiser Permanente Medicare Plus, you must use Kaiser Permanente plan providers for in-network care. However, you may also use your Original Medicare coverage separate from your Medicare Plus benefits and obtain care from non-plan providers. If you do so, ask the non-plan provider to file a claim directly with Medicare. You will be responsible for Medicare coinsurance, any unmet portion of deductibles, and for charges from providers who do not participate in Medicare, up to the limiting charge.

When a non-network provider sends you a bill

There may also be times when you get a bill from a provider for the full cost of medical care you have received. If that happens, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

Emergency Care

You are covered for emergency care. A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you think you are having an emergency, call 911 or proceed to the nearest hospital emergency room. Emergency care can always be obtained in or out of the service area from the nearest available provider. After the emergency is over, it is important you notify us by calling the Medical Advice line so we can be involved in the coordination of your follow-up health care. You can reach the Medical Advice line toll free at 1-800-777-7904 or locally at 703-359-7878, 24 hours a day, seven days a week. TTY users should call toll free 1-800-700-4901 or locally 703-359-7616. These numbers are on the back of your membership ID card.
Post-stabilization care

Post-stabilization care is medically necessary services related to your emergency medical condition that you receive after your treating physician determines that your condition is clinically stable. Your follow-up post-stabilization care will be covered according to Medicare guidelines. In general, if your emergency care is provided by non-plan providers, we will try to arrange for plan providers to take over your care as soon as your medical condition and circumstances allow. If our plan does not cover the post-stabilization care, but Original Medicare does, you will pay the Original Medicare cost-sharing amount. Refer to your Evidence of Coverage for more information.

Urgent care

Urgently needed care is medical care you need right away because of an illness, injury, or condition that you did not expect or anticipate, but your health is not in serious danger.

Inside our service area

When in the service area you must use plan providers for urgent care, except in unusual and extraordinary circumstances, such as if our providers are temporarily not available or inaccessible (such as a major disaster, epidemic, war, and riot).

If you require urgent care during normal office hours, call the appointment and advice line. You will be given an appointment with your primary care physician or a member of his or her team. If your PCP is not located in a Kaiser Permanente medical center, we might ask you to call your physician’s office directly.

On weekends, evenings, and holidays, call the appointment and advice line to discuss the situation and get an urgent appointment. The nurse or representative will find the best choice location for you.
Outside our service area
If you need urgent care while outside the service area, we cover medically necessary services from a non-plan provider. You must be temporarily outside our service area and you must reasonably believe that your health would seriously deteriorate if you delayed treatment until you returned to our service area. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider accepting Original Medicare. You will be responsible for paying the Original Medicare cost-share amounts (such as coinsurance and deductibles).

Services when you are traveling
While you are traveling, you can get certain medically necessary health care services and items from plan providers in other Kaiser Permanente regions or providers in Group Health Cooperative’s (GHC) service area for up to 90 days. You may call Member Services for more information about getting care when visiting other Kaiser Permanente regions or GHC’s service area, including coverage information and facility locations in parts of California, Colorado, Georgia, Hawaii, Idaho, Ohio, Oregon, and Washington.

How do you find Kaiser Permanente Medicare Plus providers in your area?

We have made it easy to locate the physicians of your choice by organizing the directory into sections.

- Kaiser Permanente primary care physicians and obstetricians/gynecologists are listed by state, county, medical center, and provider name and address.
- Specialists are listed by specialty, state, county, and provider name and address.
- There is an alphabetical index of physicians and their specialties at the back of this directory.
How to choose your doctor

1. Learn about our doctors
   • You can easily read about Permanente physicians and choose your doctor online at kp.org/doctor. On their personal Web pages, doctors even share their health tips or connect their patients with other valuable information. Some physicians include information about their special professional interests and personal hobbies.
   • Look through this provider directory, or the electronic version at kp.org/medicare.

2. Choose your PCP
   If you don’t choose a PCP when you enroll, we’ll send you a letter asking you to make a selection. If we don’t hear from you, we’ll make a selection for you, based on where you live, and notify you in writing. Of course, you can change your assigned primary care physician any time you like.

3. Choose your ob/gyn
   Women up to age 75 should choose an ob/gyn in addition to a PCP. We recommend that you make your selection when you enroll. If you do not make your selection within the first month of becoming a member, we will select one for you. Of course, you can change your assigned ob/gyn any time you like.

4. Tell us your choices. You can:
   • Indicate your selection on the enrollment form.
   • Choose or change your physician by visiting kp.org or calling the Kaiser Permanente Member Services department seven days a week, 8 a.m. to 8 p.m. at 1-888-777-5536 (TTY 1-866-513-0008).
   • Once you are registered at kp.org, you will be able to change your physician choice online.
kp.org/doctor

You can easily read about Permanente physicians and choose your doctor online. On their personal Web pages, doctors even share health tips or connect their patients with other valuable information.

You can easily search through information about our doctors in a variety of ways.

- Choose a medical facility that’s close to your home or work.
- Search by the type of primary care that fits your needs, such as adult medicine or family practice.
- Search through the site by the name of the doctor.

You’ll be able to research our doctors’ educational background, languages spoken, gender, and more.

Once you know the doctor you want to select, we’ll guide you through the steps—all online.

In an emergency

If you believe you are experiencing an emergency, please go to the nearest hospital.

If you receive emergency care in or are admitted to a hospital not listed above, we may choose to move you to a hospital with our MAPMG physicians once your condition is stable. By doing so, we can provide you seamless and integrated care both during your hospitalization and in your transition out of the hospital. Your transportation costs will be covered. To understand your benefits for emergency services, please refer to your Evidence of Coverage (EOC).

*Hospital addresses, telephone numbers, and hours of operation are subject to change. The continued availability and/or participation of any hospital cannot be guaranteed.

Inpatient behavioral health and substance abuse services may be provided at other hospitals.

Skilled nursing facilities*

If you require skilled nursing care, you will be directed to a core* skilled nursing facility, unless a core facility cannot provide the level of medical care you need. In the event you need a level of care that is not available at a core skilled nursing facility, we will arrange care at one of our participating facilities to ensure you are admitted to a core hospital, a hospital where Kaiser Permanente physicians are on duty 24 hours a day, seven days a week, or, if necessary, to provide a different level of care, to a participating facility capable of providing such care.

Core skilled nursing facilities are those facilities that have entered into a contractual agreement with the health plan and where health plan staff is available and actively involved in all patient care plans. Our case managers will work with plan physicians to ensure you are admitted to a core or participating facility with the appropriate level of care to meet your specific medical needs.

Step one
Choose a primary care physician (PCP) from the following list. You and your family members each need a PCP. You can choose one doctor for each family member or a single physician to treat your entire family. Primary care medical specialties are:
- Family practice
- Internal medicine
- Pediatrics

Step two
If you are a woman, ages 18 to 75, choose an obstetrician/gynecologist (ob/gyn) from the following list in addition to your PCP. It’s important that you have an ob/gyn and a PCP. Please select one of each type of physician to care for you.

Referrals to specialists
Mid-Atlantic Permanente Medical Group (MAPMG) physicians offer primary care, pediatric services, obstetric/gynecological services, and specialty care, including, but not limited to, orthopedics, general surgery, dermatology, neurology, cardiology, and gastroenterology. If your primary care physician decides that you require covered services from other providers, you will usually be referred to a MAPMG physician. Should you require services not available within MAPMG or where such services do not meet regulatory requirements for access, you might be referred to an associated provider in the community for that service. Receiving services from non-plan providers will be authorized only if the services are not available from plan providers. You must have an authorized referral for specialists and non-plan providers for us to cover the services and/or supplies provided. If the referral to a non-plan provider is appropriately authorized, you pay only the copayments you would have paid if a plan provider had provided the services and/or supplies.

It is important to know that when you enroll in this plan the services are provided through the plan’s delivery system, as described in your Evidence of Coverage (EOC). The following is a list of Mid-Atlantic Permanente Medical Group, P.C., primary care physicians who practice at our medical centers and the affiliated physicians who are available to provide services to you as of the date of the publication. The continuous availability and current location of physicians, medical centers, hospitals, and other providers cannot be guaranteed. For Kaiser Permanente Medicare Plus to cover your care, you must receive all in-network care through Kaiser Permanente physicians, except for emergency and out-of-area urgent care. This directory is updated annually. For the most up-to-date list of primary care physicians, go to our website, kp.org.

You must use Kaiser Permanente Plan providers for in-network care. You may use your Original Medicare coverage separate from your Health Plan benefits and obtain care from non-Plan providers. If you do so, ask the non-Plan provider to file a claim directly with Medicare. You are responsible for Medicare coinsurance, any unmet portion of deductibles, and, for charges from providers who do not participate in Medicare, amounts up to the Medicare limiting charge.

Kaiser Permanente Medicare Plus Specialists

The following is a list of the Mid-Atlantic Permanente Medical Group, P.C., (MAPMG) physicians in our service area who may provide specialty care to you as of the publication date. If your primary care physician (PCP) decides that you require covered services from a specialist, you will be referred to a MAPMG specialist* who can provide the care you need. If your PCP decides that you require covered services not available from us, he or she will request authorization to send you to a non-plan provider inside or outside of our service area. You must have an approved, written referral to the non-plan provider in order for us to cover the services.

There are specific services that do not require a referral from your PCP. However, you must obtain care from a MAPMG specialist. These services include initial consultation for treatment of mental illness, emotional disorders, drug or alcohol abuse, routine gynecological services, optometry services, and urgent care services provided inside our service area. For more information about getting a referral, please refer to your Evidence of Coverage (EOC).

* Members cannot choose a specialist as a primary care physician.

You must use Kaiser Permanente Plan providers for in-network care. You may use your Original Medicare coverage separate from your Health Plan benefits and obtain care from non-Plan providers. If you do so, ask the non-Plan provider to file a claim directly with Medicare. You are responsible for Medicare coinsurance, any unmet portion of deductibles, and, for charges from providers who do not participate in Medicare, amounts up to the Medicare limiting charge.
