Get a reward when you use the Find Care and Cost tool.

Quickly and easily estimate your health care costs on myuhc.com®.

- Estimating your health care costs before you see the doctor is easy.
- In just minutes, you get a preview of your estimated health care costs.
- Using your benefit information, the tool shows you the estimated cost for a treatment or procedure, and how that cost is impacted by your deductible, coinsurance and out-of-pocket maximum. This means that you’ll get an estimate of what you may be responsible for paying out of your pocket, to help you with planning and budgeting.

It’s easy to get started. Here’s how:

Step 1 Log on to myuhc.com and click on the Health Resources tab.

Step 2 Launch Rally® and go the rewards page, then open the Find Care and Cost tool.

Step 3 Search for a condition or treatment.

Step 4 Select a provider and/or facility.

Step 5 Get your estimate.

Once you get one online cost estimate using the Find Care and Cost tool, you will earn a reward.1
The type of reward is determined by your employer. Log in to myuhc.com and click on the Health and Wellness tab to learn more about the reward program applicable to you. There is a maximum associated with these rewards. Employees and covered spouses can earn rewards separately. Children may not participate in the reward program. If a gift card reward is applicable, the opportunity to select a gift card for completing the required activities under this program will expire within 120 days from the last day of the incentive period. Be sure to select a gift card as soon as you have completed the required activities.

A reward can only be earned once per incentive year per health action, with the exception of the Fitness Action, up to the maximum incentive amount. Rally Coins may be used to enter sweepstakes for additional rewards.
