Course Overview

DR. EVAN GWILLIAM | DOCUMENTATION OR CODING CREDITS

“CONFUSING CODES FOR CHIROPRACTORS” – 1 HOUR CODING – INCLUDED IN ALL PKGS

Learn the indications for the top procedure codes used by chiropractors, discover how to document to establish the need for therapeutic procedures, and learn how to link procedures properly to diagnoses.

“CHAIN OF MEDICAL NECESSITY” – 1 HOUR DOCUMENTATION – AVAILABLE IN PKG #2, #3, #4, #5

Learn the indications for the top procedure codes used by chiropractors, discover how to document to establish the need for therapeutic procedures, and learn how to link procedures properly to diagnoses.

DR. HEIDI HAAVIK | CLINICAL CREDITS | NEUROLOGY

AFFECTING SENSORY PROCESSING – AVAILABLE IN PKG #1, #2, #4, #5

This course covers how a chiropractic adjustment affects the prefrontal cortex and the sensory system.

HEALTHY BRAIN-SPINE CONNECTION – AVAILABLE IN PKG #1, #2, #3, #5

This course covers the connection between the brain and the spine. How does the brain and spine communicate with each other and the functional role of that connection.

AFFECTING MOTOR CONTROL – AVAILABLE IN PKG #1, #2, #4, #5

This course covers how a chiropractic adjustment affects the prefrontal cortex and motor control.

CONTEMPORARY UNDERSTANDING OF PAIN – AVAILABLE IN PKG #1, #5

This course covers the latest research on the basic science of "What pain is." It covers that pain is actually created in the brain and how to communicate the topic of pain with the public.

ONE KEY WAY PEOPLE GET SYMPTOMS – AVAILABLE IN PKG #2, #5

This course is all about stress and how it affects symptoms. It will cover the different types of stress, how your brain interprets stress, and the long-term consequences of stress.

ROLE OF CHIROPRACTIC CARE FOR PAIN – AVAILABLE IN PKG #2, #5

This course looks at the role of chiropractors for patients in pain. Back pain, neck pain, and headaches. It focuses on clinical research and how to communicate with patients.

SUBLUXATION AND NEW NEUROPLASTICITY – AVAILABLE IN PKG #3, #5

This course is all about the chiropractic subluxation. What it basically is based on the latest research and also what actually happens to the central nervous system when we adjust them.

SCNP VS. HEALTHY – AVAILALBLE IN PKG #3

This course covers the topic of mild spinal dysfunction affects brain function. It discusses a series of research studies with people that have had recurring ache, pain and tension on the spine and compared to people with no aches, pains, or tension.

STRESS, THE BRAIN, PAIN AND ADDICTION – AVAILABLE IN PKG #3

This course covers the effects of stress from chronic pain on the neuroplasticity of the brain, the effect of chiropractic care on the prefrontal cortex, and the effects of stress on addiction.

DR. KEN KAUFMAN | CLINICAL CREDITS | SPORTS MEDICINE

UPPER EXTREMITY INJURIES, PREVENTION AND RECOVERY – AVAILABLE IN PKG #1, #2, #4

In this course, the chiropractor will discover the most common upper extremity injuries that present in the clinical setting. They will learn differential diagnosis of the presenting complaint and what imaging and testing is appropriate for each condition. The chiropractor will then learn the principles behind dynamic, kinetic chain stability training for the shoulder and the specific exercises appropriate for shoulder rehabilitation. Additionally, they will learn injury prevention and recovery strategies relating to the appropriate use of therapeutic modalities both in office and at home.

LOWER BACK CONDITIONS & TRUNK STABILITY STRATEGIES – AVAILABLE IN PKG #1, #2, #4

In this course, the chiropractor will discover the most common lower back injuries that present in the clinical setting. They will learn advanced imaging and testing appropriate for each condition. The chiropractor will then learn the principles behind dynamic, kinetic chain stability training for the trunk and core and the specific exercises appropriate for lower back rehabilitation.

CHRIS KEETER, RN | CPR CREDIT

CPR FOR PROVIDERS – 1 HOUR CPR - INCLUDED IN ALL PKGS

Overview of CPR – with instruction on adult CPR, AED requirements, child CPR and AED use, infant CPR, rescue breathing, and what to do in choking situations. Meets AK licensing requirements for DC license renewal for 2020.

JAMES MARSH | ETHICS CREDITS | BUSINESS OR SEXUAL BOUNDARIES

ETHICS IN THE CHIROPRACTIC PRACTICE – 1 HOUR ETHICS - INCLUDED IN ALL PKGS

The world is changing, especially when it comes to business ethics. This course will refresh you on the laws, with some common-sense takeaways you can use to ensure your workplace is productive and ensures professional opportunity for everyone.

SEXUAL BOUNDARIES – 1 HOUR ETHICS – AVAILABLE IN PKG #2, #3, #4, #5

This course will provide an update on sexual boundaries - what it means to you as an employer and as a physician - with a refresher on the rules and 10 second takeaways you can use in your clinic or practice.

DR. JEFF RICH | RADIOLOGY CREDITS | RADIOLOGY

"IMPACTING PATIENT CARE WITH CHIROPRACTIC RADIOLOGY" – INCLUDED IN ALL PKGS

Chiropractors have been using diagnostic imaging to rule-out pathology and to fine-tune their treatment choices for more than 100 years. But is it time to move on to advanced imaging and leave the x-ray in the dust? Dr. Jeff Rich has been reading radiographs for DCs for more than 20 years. Detailed findings on a radiograph really do affect patient care for the DC. Dr. Rich will show you real cases sent in by chiropractors just like you. The presentations are not full of long list of facts about fibrous dysplasia. These lessons will allow you to work through a variety of practical cases, detecting the findings, working on description and differential diagnosis, and most importantly, discussing decision-making, discerning how the radiograph affects your Monday morning patient care. This is a "hands-on" imaging case study approach.

DR. ROBERT SILVERMAN | CLINICAL CREDITS | NUTRITION

NUTRITION PROTOCOLS: DETOX AND GUT HEALTH" – AVAILABLE IN PKG #1, #3, #4

Dr. Robert G. Silverman presents courses on Detox Introduction, Gut Health and Key Nutritional Protocols for Musculoskeletal System. Dr. Silverman is a chiropractor, clinical nutritionist, international speaker, and author of, "Inside-Out Health: A Revolutionary Approach to Your Body," an Amazon No. 1 bestseller in 2016. The ACA Sports Council named Dr. Silverman "Sports Chiropractor of the Year" in 2015. His extensive list of educational accomplishments includes six different degrees in clinical nutrition. Dr. Silverman also maintains a busy private practice as founder of Westchester Integrative Health Center, which specializes in the treatment of joint pain using functional nutrition along with cutting-edge, science-based, nonsurgical approaches.
