KEY TOPICS INDEX

The Compendium of Healthcare Laundry Quality Guidelines is a collection of U.S. standards, guidelines, and recommended practice represent a vast array of information gathered for ease of reference and use by ALM members.

These standards, guidelines, and recommended practice are applicable for laundry and linen services provided throughout the United States. In addition, each state (with the exception of Iowa, Maryland, and Ohio) also has the autonomy to enact statutes that either support the national applications or require more stringent compliance for that state.

All the compendium information is public record, but has been gathered and compiled for ease of use by ALM members and is a benefit of membership.

If you are not currently a member, join today to access all the benefits of membership with ALM!

A
Aerosolizing Textiles, 26
Airflow, 11
Alcohol Hand Rubs, 60
Antimicrobial Textiles, 56

B
Barrier Products – Retirement, 59
BBP – Communicate Hazards, 70
BBP – Contaminated Sharps, 31
BBP – Employees At Risk, 27
BBP – Engineering and Work Practice Controls, 29
BBP – Exposure Control Plan, 27
BBP – Hepatitis B Vaccination, 74
BBP – Medical Instruments, 29
BBP – Occupational Exposure Records, 71
BBP – Personal Protective Equipment, 30
BBP – Post Exposure, 75
BBP – Sharps Log, 73
BBP – Training, 70
BBP – Training Records, 72
BBP – Universal Precautions, 28
Biohazard Labels/Bags, 70

C
Cart Cleaning and Disinfection, 40
Cart Liners, 39
Carts – Storage, 23
Chemical Delivery Systems, 47
Chemical Storage, 18
Chemical Titrations, 47
Chemotherapy Linen, 53
Chlorine Bleach, 33
Chutes, 22
Classifications, 21
Clean Textile Carts, 39
Competency/Qualification, 68
Contaminated Textiles – Food and Drink, 29
Contaminated Textiles – Smoking and Lip Balm, 29
Contingency Plans, 57
Contractor Requirements, 51
Corrugated Cartons, 40
Cross-Contamination Physical Barrier, 10
D
Delivering Textiles – Personnel, 41
Double Bagging, 17
Dry Cleaning, 56
Dryer Temperatures, 63

E
Educational Preparation, 68
Emergency Plans, 57
Employee Health and Hygiene, 69
Employee Medical Records, 71
Employee Personal Hygiene, 69
Employee Showers, 35
Equipment – Automated Controls, 65
Equipment – Installation, 64
Equipment – Loading, 21
Equipment – Maintenance, 65
Equipment – Preventive Maintenance, 64
Eyewash Stations – BBP Area, 14
Eyewash Stations – Chemical Areas, 15

F
Foreign Objects – Equipment, 29
Foreign Objects – Surgical Instruments, 29
Functional Separation, 10

H
Hand Hygiene, 29
Handwashing Facilities / Soiled Area, 13
Hazardous Drug Contaminated Linen, 53
Hospital – Central Clean Storage, 44
Hospital Governing Body, 51
Housekeeping, 16
Hydrogen Peroxide, 33
Hyperbaric Chambers, 55

I
Inspection Room, 43

L
Limited Access, 12
Loading Dock – Requirements for Off Premise, 25

M
Mending, 43
Microbiological Sampling, 54

N
Needle stick, 75

O
Off-Site Shipping/Contaminated Textiles, 17
OPL – Facility Requirements, 24
OPL – Processing Facilities, 23
Oxygen Bleach, 33

P
Personal Protective Equipment, 30
Pest Control, 58
pH Levels, 50
Physical Building – Floor Wall Construction, 16
Pillows, 34
Post-Sort, 19
Pre-Sort, 19
Processing Requirements, 66
Product Selection, 55

Q
Quality Assurance, 52

R
Red Bags, 70
Rejuvenation Products, 61
Reusable Sharps, 29
Rewash Rates, 49

S
Scales and Weights, 21
Service Entrance, 42
Sharps, 31
Sharps Containers, 31
Sharps Log, 73
Shelving – Clean Linen Storage, 40
Soiled and Clean Textiles In Same Vehicle, 41
Soiled Textile Carts, 39
Surgical Instruments, 29
T
Textile Agitation, 17
Textile Classifications, 20
Textile Collection, 17
Textile Collection – Container Size, 26
Textile Collection – Covered Hampers, 26
Textile Containers – Patient Care Areas, 26
Textile Rcv Soil Wash-Change, 29
Textiles – Clean Handling, 62
Textiles – In Machines Overnight, 32
Textiles – Loading Dock Protection, 42
Textiles – On Floor, 62
Textiles – Separation of Soiled and Clean, 10
Textiles – Transportation and Delivery, 39
Titration Levels, 47
Training Records, 72

U
Utility Gloves, 30

V
Vehicle Cleaning, 41
Vehicles for Transportation, 41
Ventilation Exchange, 11

W
Wash Process, 20
Wash Process – Monitor Effectiveness, 50
Wash Water Temperatures, 33
Wastewater, 46
Water Quality, 45
Water Reuse, 48
