Dear Honourable Minister:

Re: Healthy Babies Healthy Children Funding

The Board of Health for Public Health Sudbury & Districts remains wholly committed to the critical Healthy Babies Healthy Children program, however, has longstanding and increasing concerns about the Board’s ability to meet clients’ growing needs with current program funding. Please be advised that at it’s meeting on June 16, 2022, the Board of Health for Public Health Sudbury & Districts carried the following resolution #19-22:

THAT the Board of Health for Public Health Sudbury & Districts request the Ministry of Children, Community and Social Services (MCCSS) to review base-funding needs for the Healthy Babies Healthy Children Program to ensure this essential program is sufficiently resourced to meet the current and growing needs of children and a healthy start in life.

The Board of Health recognizes that the Healthy Babies Healthy Children (HBHC) program provides a critical prevention/early intervention program and is designed to ensure that all Ontario families with children (prenatal to age six) who are at risk of physical, cognitive, communicative, and/or psychosocial problems have access to effective, consistent, early intervention services. Since 1997 the province has committed to resourcing the Healthy Babies Healthy Children program at 100%. Unfortunately, the HBHC budget has not been increased since 2015, resulting in significant erosion in capacity due to fixed cost increases such as collective agreement commitments and steps on salary grids, travel and accommodation costs, and operational and administrative costs.
This has been further compounded by the increased intensity of need in our communities pre-dating but further exacerbated by the COVID-19 pandemic.

The HBHC program has made every effort to mitigate the effects of the funding shortfalls over the years and to protect programming. The program, however, is not sustainable and significant service reductions will be required without increased to base funding.

It remains our priority to ensure that the HBHC program can effectively identify and support children and families most in need throughout the Sudbury/Manitoulin District. To this effect, we are submitting a revised 2022/23 HBHC program budget based on current needs and requesting consideration by the Ministry staff.

The Board of Health for Public Health Sudbury & Districts is respectfully requesting the Minister’s commitment to carefully review base-funding needs for the HBHC program to ensure this essential program is sufficiently resourced to meet the current and growing needs of children and a healthy start in life.

Thank you for your attention to this important public health issue.

Sincerely,

Penny Sutcliffe, MD, MHSc, FRCPC
Medical Officer of Health and Chief Executive Officer
