

A STRONG ECONOMY SUPPORTED BY HEALTHY COMMUNITIES

LOCAL PUBLIC HEALTH'S ROLE

Protecting local public health is essential to supporting Ontario's economy. A healthy population is more productive, reduces health-care costs, and drives long-term prosperity. Through community-based strategies and strong partnerships, local public health improves health outcomes, increases efficiency, and strengthens local economies across Ontario. The positive impact of local public health in Ontario is illustrated in the examples below.

OUR ASK:

We are asking provincial and municipal decision makers to sustain and strengthen funding for Ontario's local public health system so that communities stay healthy, services remain stable, and the economy stays strong.

PREVENTING DISEASE: IMMUNIZATION

Immunization keeps children healthy and parents in the workforce — while reducing costly hospital care.

- 25% fewer hospitalizations among children aged 0–4 during the 2024–25 RSV season after expanded infant immunization
- 186,000+ Hepatitis B doses and 233,000+ HPV doses delivered to students in 2024
- Childhood immunization reduces ER visits, hospital stays, and long-term health costs

PROTECTING THE POPULATION: OUTBREAK PREVENTION & EMERGENCY MANAGEMENT

Public health detects and contains outbreaks early, protecting workplaces, care settings, and essential services.

- 5,000+ respiratory outbreak responses in congregate settings (2024–25)
- 1,800+ follow-ups by public health units in response to Infection Prevention and Control complaints in 2024
- Emergency response support for First Nations communities during floods and wildfires in 2025

PROTECTING THE POPULATION: INSPECTIONS

Public health inspections prevent illness by enforcing safety standards in everyday settings.

- 42,000+ food premises inspected in 2024
- 6,800+ pools and spas inspected in 2024
- 8,600+ personal service settings inspected in 2024

PROTECTING THE POPULATION: INVESTIGATIONS

Investigations stop health threats before they spread, protecting communities and the health system.

- 14,000+ food safety investigations in 2024
- 106,000+ disease notifications managed in 2024
- 28,000+ rabies exposures investigations in 2024

PROMOTING HEALTH AND WELL-BEING: CHRONIC DISEASE PREVENTION

Preventive public health programs reduce chronic disease and long-term health-care costs.

- 556,000+ students screened for dental needs in 2024
- 526,000+ children and youth supported through Healthy Smiles Ontario as of March 2025
- 109,700+ seniors enrolled in the Ontario Seniors Dental Care Program as of March 2025
- 99,450+ postpartum Healthy Babies Healthy Children screens completed April 2024-March 2025
