December 18, 2014

The Honourable Dr. Eric Hoskins
Minister of Health and Long-Term Care
Hepburn Block, 10th Floor
80 Grosvenor Street
Toronto, ON M7A 2C4

Dear Dr. Hoskins:

On December 18, 2014, the Windsor-Essex County Health Unit Board of Health passed the following resolution regarding community water fluoridation:

WHEREAS global health experts and evidence support community water fluoridation to prevent tooth decay; and

WHEREAS providing fluoride via community water offers the positive benefits equally for everyone in the community; and

WHEREAS individuals in the community of lower socio-economic status suffer a more significant burden of poor health; and

WHEREAS Windsor-Essex has a higher than average number of individuals living in low income compared to the province; and

WHEREAS the relationship between poor oral health and risks associated with childhood development are known; and

WHEREAS the relationship between poor oral health and poor physical and mental health is clear;

THEREFORE BE IT RESOLVED that the Windsor Essex County Health Unit recommends that the Province of Ontario amend the regulations of the Safe Drinking Water Act to require community water fluoridation for all municipal water systems (when source-water levels are below the Health Canada-recommended level of 0.7 mg/L) to prevent dental caries.
Letter to the Honourable Dr. Eric Hoskins
