

# ONTARIO PUBLIC HEALTH DIRECTORY

**alPHa**

Association of Local  
**PUBLIC HEALTH**  
 Agencies

Welcome to the Ontario Directory of Public Health Agencies.

The Directory is your instant access to the province's delivery agents of public health programs and services that help keep Ontario communities healthy. You will find the addresses, telephone and fax numbers of health units, as well as, names of key staff contacts.

alPHa is pleased to compile this directory. As the association, representing public health units and boards of health in Ontario, alPHa provides leadership in the management and delivery of efficient and effective public health services. We speak and advocate on behalf of members to the federal and provincial governments and other health-related organizations. By promoting and facilitating the exchange of information and knowledge, alPHa works to continuously improve public health programs and services and ultimately better the health of Ontarians.

We hope you find this directory a valuable link to Ontario's public health units. If you have any further questions, comments or **updates**, please forward them to [info@alphaweb.org](mailto:info@alphaweb.org).
