3a. Amendments to the Sprint Athlete Selection Criteria (March 5, 2021)

Why amendments?

• The COPAC/ICF **CANCELED** the Pan American Canoe Sprint Championships and Continental Qualification (in 2021) on March 4, 2021

  • The last paragraph in Section D.3.3.4. of the ICF’s Qualification System – Games of the XXXII Olympiad – Tokyo 2020, June 2, 2020: “… the results of the **2019 ICF Canoe Sprint World Championships** for the relevant event will be used to determine the athlete quota places. Quota places will be allocated to the respective Continent, for which the Continental Qualification Competition could not be held.”

• The ACA/USOPC are taking actions to prepare if the ICF World Cup #2 is canceled (the ICF Qualification System):

  • The last paragraph of D.3.1 & section H. (“Reallocation of Unused Quota Places”)

  • Again, the results of the **2019 ICF Canoe Sprint World Championships** for the relevant event will be used to determine the athlete quota places
3b. Amendments Summary

  1. If USA receives 1 quota: the winner of the C1 200m Women event is nominated
  2. If USA receives 2 quota: the 1st and 2nd placed finishers in the C1 200m Women event are nominated
  3. If USA receives 3 quota: the winner of the C1 200m Women event and the winner of the C2 500m event are nominated
  4. C1 500m Women race will determine ONLY a potential replacement in the C2 500m Women
