American Canoe Association (USA-ACA)
ATHLETE SELECTION PROCEDURES
Tokyo 2020 Olympic Games
Canoe/Kayak - Sprint
February 6, 2020

OVERVIEW:

This document describes the process of earning quotas and qualifying to represent the United States of America at the 2020 Tokyo Olympic Games in Sprint Canoe/Kayak. While quotas are no longer available for K4 events, as well as C1 Women 200 for which the USA-ACA has already secured a quota, quotas are available for the remaining events.

The goal is to maximize the opportunity for American athletes to earn quotas for the American Canoe Association (USA-ACA) and then qualify to race in the 2020 Olympic Games.

This document takes precedence over all previous versions and supporting documents.

Earning Quotas

For the 2020 Olympic Games, the maximum team size per National Olympic Committee (NOC) for Canoe Sprint is eighteen (18); six (6) for Men’s Kayak, six (6) for Women’s Kayak, three (3) for Men’s Canoe and three (3) for Women’s Canoe. (Because quotas were not secured by the U.S. for the K4 events, it will not be possible to earn the full team size for Men’s and Women’s Kayak.)

Canoe/Kayak Sprint Olympic Events are:

- C1 1000m Men
- C2 1000m Men
- C1 200m Women
- C2 500m Women
- K1 1000m Men
- K2 1000m Men
- K1 200m Women
- K2 500m Women
- K1 500m Women
- K4 500m Men
- K4 500m Women

Olympic Quota places represent the right of a NOC to enter a specific Olympic Event. Olympic Quota places are allocated by the International Canoe Federation (ICF) to the NOCs. For United States Athletes, quotas may be earned for USA-ACA at the 2019 ICF Sprint World Championships, 2020 Pan American Sprint Canoe Championships, and 2020 ICF Canoe Sprint Olympic Qualifier at World Cup #2. A limited number of additional quotas may also become available through a reallocation process conducted by the ICF as stated in the ICF Canoe Sprint Qualification System for Tokyo 2020.
Several ICF rules that the USA-ACA will need to take into consideration when filling the entries available to the USA-ACA for the remaining two Olympic Qualification Regattas (2020 Pan American Sprint Canoe Championships, and 2020 ICF Canoe Sprint Olympic Qualifier at World Cup #2) are outlined in the ICF Canoe Sprint Qualification System for Tokyo 2020.

In particular:

- Only a NOC that has not qualified in an event at the first Global Qualification Competition (2019 World Championships) can participate in the respective Continental Qualification (Pan Ams) to compete for an athlete quota place in that event. (ICF D.3.3.1. and D.3.3.2.).

- An athlete may acquire only one (1) athlete quota place for their NOC regardless of how many events the athlete competes in. Once an athlete obtains a quota place s/he is not eligible to earn a quota in any further Olympic Qualification Competitions (ICF D.3.2.).

- Earned quotas are not tied to the specific athletes who won the quotas on behalf of their NOC (ICF B.3.).

- At the Continental Qualification Competition, a NOC can qualify a maximum of two (2) athlete quota places in each discipline: Kayak Men, Kayak Women, Canoe Men and Canoe Women (ICF D.3.3.9.).

USA Olympic Team Selection

The actual 2020 U.S. Olympic Team size will be based on the number of quota places secured by USA-ACA athletes at the Olympic Qualification Regattas (https://www.canoeicf.com/canoe-sprint-olympics/tokyo-2020/team-info).

USA-ACA’s Olympic Team Selection is a multistep process involving participation in USA-ACA Team Trials, securing quotas through Olympic Qualification Regattas, and then selection of American athletes to fill the secured quotas.

Since the process of earning quotas in K1 and C1 is different from K2 and C2, the USA-ACA Olympic Team selection process for K1 and C1 is different from K2 and C2. Because a quota has been secured for C1 Women, the team selection process will be different from the remaining K1 and C1 events. Details outlining these processes are provided in the SELECTION SYSTEM below.
1. **SELECTION SYSTEM**

1.1. Minimum eligibility requirements for an athlete to be considered for selection to the Team:

1.1.1. **Nationality/Passport requirements:**

- Athlete must be a national of the United States at the time of selection.
- Athlete must hold a valid U.S. passport that will not expire for six months after the conclusion of the Games.

1.1.2. **Minimum International Olympic Committee (IOC) standards for participation:**

- Any competitor in the Olympic Games must be a national of the country of the National Olympic Committee (NOC) which is entering such competitor. For additional information regarding an athlete who is a national of two or more countries, has changed his or her nationality or acquired a new nationality, refer to the Olympic Charter (Rule 41).

1.1.3. **Minimum International Federation (IF) standards for participation:**

- Athlete must be at least 15 years old on or before December 31, 2020.
- Athlete must have signed and submitted the Athlete Eligibility Condition Form.

1.1.4. **Other requirements:**

- Athlete must successfully complete all Games Registration requirements by stated deadlines.
- Athlete must be a current member in good standing of the American Canoe Association (USA-ACA) at the time of selection.
Any athlete age 18 or older will be required to undergo a background screen in accordance with the current USOPC Background Check Policy.

Any athlete age 18 or older as of the Closing Ceremony will be required to complete the U.S. Center for SafeSport’s online training.

1.2. Tryout Regattas and Camps:

1.2.1. Regatta and camp names, dates and locations of all trials, to be used as part of the selection process.

1.2.2. Regatta and camp names, dates, locations and description of how athletes qualify for the competitions, listed above in 1.2.1.

- **2019 ICF Canoe Sprint World Championships – Global Qualification Competition**

As per the ICF Qualification System, this was the only opportunity to earn a K4 quota, which the USA-ACA did not achieve.

One quota was earned in C1W 200m, so USA-ACA is not allowed to earn additional quotas in that event at subsequent Olympic qualifying competitions.
• **2020 USA-ACA Sprint Canoe Kayak Olympic and National Team Trials**

Based on the ICF Olympic Qualifying System, the USA-ACA will attempt qualification in the following events. As such, these events will be contested at USA-ACA Team Trials:

- C1 1000m Men
- K1 1000m Men
- K1 500m Women
- C2 1000m Men
- K2 1000m Men
- K2 500m Women
- C2 500m Women
- K1 200m Men
- K1 200m Women

C1 200m Women will also be contested at the USA-ACA Team Trials as part of the Olympic Team selection process.

The 2020 Sprint Trials is a regatta open to all Sprint athletes, provided they meet the criteria outlined in section 1.1. Trials athletes must compete in at least one event. Selection for one event is independent from selection for any other event – result or selection in one event does not affect the selection in another.

- **K1 and C1 events where a quota has yet to be secured**
  
  At the USA Team Trials, A, B and C Teams will be selected. The 1st place finisher at the Team Trials will be selected to the A Team, the 2nd place finisher to the B Team, and the 3rd place finisher to the C Team.

- **C1 Women’s 200m event where a quota has been secured**
  
  At the USA Team Trials for C1 Women 200, two teams, an A and B Team, will be selected. The athlete in the 1st place boat will be selected to the A Team. The athlete in the 2nd place boat will be selected to the B Team.

- **K2 and C2 Events for which all quotas are still available to USA-ACA athletes**
  
  For K2 and C2 events, the USA-ACA boats will be selected at the 2020 USA-ACA Sprint Team Trials to be members of the A Team that races at the Pan American Championships. In the 2020 USA-ACA Sprint Team Trials events, athletes in the 1st place boats will be selected to the A Team. B and C Team members for the K2 and C2 events will not be selected since these events will not be contested at the World Cup #2 and only one USA-ACA boat can be entered in the Pan American Championships.

- **2020 Pan American Canoe Sprint Championships – Continental Qualification Competition**

The USA-ACA A Team (except for C1 200m Women) will compete in the following events at the 2020 Pan American Championships in an effort to secure Olympic quota places:

- C1 1000m Men
- K1 1000m Men
- K1 500m Women
- C2 1000m Men
- K2 1000m Men
- K1 200m Women
- C2 500m Women
- K1 200m Men
- K2 500m Women

As per ICF Qualification System, one quota will be secured by a NOC in each of the following events, pending ICF approval and quota eligibility (see below):

- K1 200m Men
- K1 200m Women
- C1 200m Women
- K1 1000m Men
- K1 500m Women
- C1 1000m Men

* Because the USA-ACA has already secured a quota in C1 200m Women, USA-ACA is not eligible to compete for a quota in that event at the Continental Qualifier.

In the following events, the top finishers may secure quotas as determined by the ICF. As outlined in the ICF Qualification System, three of the four winning doubles boats will earn two athlete quotas each from the four
Continental Qualifiers (America, Asia, Africa, and Oceana). This is the final competition for K2s and C2s to qualify for the 2020 Olympic Games.

K2 1000m Men     K2 500m Women
C2 1000m Men     C2 500m Women

As per the ICF Qualification System, a maximum of 2 athletes can be qualified per category (that is, Kayak men, Kayak women, Canoe men, Canoe women) at the Continental Qualifiers. In the event a single boat and double boat both qualify, the double will be chosen by the ICF as the USA-ACA quota, and the single quota returned per the ICF Qualification System, D.3.3.9.

To clarify, as stipulated by the ICF:

- In the Men’s Kayak events, if the K2 boat and a K1 boat (in either distance) place first at the Pan American Championships, the K2 Men will secure 2 quotas and be selected to the 2020 U.S. Olympic Team, pending acceptance by the ICF.

- In the Women’s Kayak events, if the K2 boat and a K1 boat (in either distance) place first at the Pan American Championships, the K2 Women will secure 2 quotas and be selected to the 2020 U.S. Olympic Team, pending acceptance by the ICF.

- In the Men’s Canoe events, if both C2 and C1 boats place first at the Pan American Championships, the C2 Men will secure 2 quotas and be selected to the 2020 U.S. Olympic Team, pending acceptance by the ICF.

- If the C2 Women’s boat places first at the Pan American Championships, the C2 Women will secure 2 quotas and be selected to the 2020 U.S. Olympic Team, pending acceptance by the ICF.

- If a singles boat in a particular category places first at the Pan American Championships and the double boat in that category does not place first, the single quota will be accepted by the USA-ACA, pending confirmation by the ICF (see possible exception in the NOTE below). The athlete who secured the quota in this case will be named to the 2020 U.S. Olympic Team, upon acceptance by the ICF.

  - NOTE: At the Continental Qualifier, a NOC can only qualify one single boat per class regardless of the distance (i.e., Men K1 1000m or 200m, Women K1 500m or 200m). Should the NOC qualify in both distances in the same boat class then the NOC will secure the quota in 1000m for Men or 500m for
Women. The unused athlete quota place in the 200m distance will be reallocated to the next highest ranked NOC in that event, not yet qualified at the Continental Qualification Championship (ICF Qualification System, D.3.3.10).

At the Pan American Continental Qualification Competition, it may be the case that the A Team K2 or C2 will be composed of the Single A and B Team members, as determined based on results from 2020 USA-ACA Sprint Team Trials.

- **2020 ICF Canoe Sprint Olympic Qualifier – Global Qualification Competition at the 2020 ICF Canoe Sprint World Cup #2**

As per the ICF Qualification System, one quota will be secured by a NOC for each of the following events:

K1 200m Men  
K1 200m Women  
C1 1000m Men  
K1 1000m Men  
K1 500m Women  
C1 200m Women**

The highest place finisher of the non-qualified NOCs will secure a quota in that event. This is the final competition for K1s and C1s to qualify for the 2020 Olympic Games.

** Because the USA-ACA has already secured a quota in C1 200m Women, USA-ACA is not permitted to earn another quota in that event.

** While a second quota is not available to USA-ACA in the C1 Women’s 200m event, the A and B Team members will compete at World Cup #2 to determine selection to the 2020 U.S. Olympic Team. If the A Team member ranks higher than the B Team member, then the A Team member will be selected to the 2020 U.S. Olympic Team for that event, pending ICF acceptance. If the B Team member ranks higher than the A Team member at World Cup #2 in the C1 200m Women event, a tie-breaker will be necessary (see following bullet regarding Race-Offs).

Entries available to the USA-ACA at the World Cup #2 will be filled by eligible A, B and C Team members and will be largely dependent on the principles outlined in the ICF Canoe Sprint Qualification System for Tokyo 2020 and summarized at the top of page 2 of the Overview to these selection procedures. In any case, USA-ACA will make every effort to fill all entries available to the U.S., while also taking steps to ensure competitiveness for both team boats and individual boats to maximize the number of earned athlete quotas for the 2020 Olympic Games.

If a quota is earned at World Cup #2 and confirmed by ICF, that athlete will be named to the 2020 U.S. Olympic Team.
2020 USA-ACA Sprint Canoe Kayak Olympic Race-Off (at the Summer Discipline Training Camps)

June 13, 2020

Gainesville Camp Race-Off will be at Lake Lanier in Gainesville, GA for Kayaks

Gig Harbor Camp Race-Off will be at Green Lake in Seattle, WA for Canoes

For the C1 200m Women event, if the B Team member ranks higher than the A Team member at World Cup #2, the two will have a Race-Off at the Gig Harbor Summer Discipline Camp at Green Lake, as a tie-breaker (because the A Team member won USA-ACA Team Trials and the B Team member performed better at World Cup #2). The Race-Off winner will be named to the 2020 U.S. Olympic Team, pending ICF acceptance.

Race-offs may also be held in preparation for the potential of securing a reallocated quota, as determined by ICF (see Section H. of the ICF Canoe Sprint Qualification System for Tokyo 2020).

Quota Reallocation from the ICF

Typically, the ICF has quotas available after the qualification process is complete. This occurs because some countries earn more than the 18-quota maximum, or countries choose not to send some or all athletes to the Olympics. The ICF may reallocate unused quota places from any NOC as late as 30 June 2020 (see Section H., ICF Qualification System). With the potential for the USA-ACA to receive a reallocated quota, the race-off process (see bullet directly above) will also be completed in cases where a quota has not yet been secured.

1.3. Description of how athletes will go through the selection process.

For the 2020 Olympic Games, the Maximum team size per NOC for Canoe Sprint is eighteen (18); six (6) for Men’s Kayak, six (6) for Women’s Kayak, three (3) for Men’s Canoe and three (3) for Women’s Canoe. Quota places are allocated by the ICF to the NOC and are not tied to the specific athletes who won the quotas on behalf of their NOC.

The USA-ACA K1 or C1 process for selecting athletes to the 2020 U.S. Olympic Team where quotas have yet to be secured will involve participation in at least two of the following:

1. USA-ACA Team Trials – required participation

At the USA Team Trials, A, B and C Teams will be selected. The 1st place finisher at the Team Trials will be selected to the A Team, the 2nd place finisher to the B Team, and the 3rd place finisher to the C Team.
2. Pan American Continental Qualifier

The A Team will compete at the Pan American Continental Qualifier (except for the C1 Women 200 – see below). If the athlete secures a quota, upon acceptance by the ICF, s/he will be named to the 2020 U.S. Olympic Team.

3. World Cup #2

The two fastest boats of eligible A, B and C Teams according to USA Team Trials results will compete at World Cup #2. If the athlete secures a quota, upon acceptance by the ICF, s/he will be named to the 2020 U.S. Olympic Team.

4. Race-off for potential reallocated quotas

Race-offs may be held in preparation for the potential of securing a reallocated quota, as determined by ICF (see Section H. of the ICF Canoe Sprint Qualification System for Tokyo 2020).

The USA-ACA process for selecting an athlete to the 2020 U.S. Olympic Team for the C1 Women’s 200m event where a quota has been secured will involve participation in at least two of the following:

1. USA-ACA Team Trials – required participation

At the USA Team Trials for C1 Women 200, two teams, an A and B Team, will be selected. The athlete in the 1st place boat will be selected to the A Team. The athlete in the 2nd place boat will be selected to the B Team.

2. World Cup #2

While a second quota is not available to USA-ACA in the C1 Women’s 200m event, the A and B Team members will still compete at World Cup #2. If the A Team member ranks higher than the B Team member in this event at World Cup #2, then the A Team member will be selected to the 2020 U.S. Olympic Team, pending ICF acceptance.

3. Race-off for C1 Women’s 200m event, if applicable

If the B Team member ranks higher than the A Team member at World Cup #2, the two will have a Race-Off at the Gig Harbor Summer Discipline Camp at Green Lake, as a tie-breaker (because A Team member won USA-ACA Team Trials and the B Team member performed better at World Cup #2). The Race-Off winner will be named to the 2020 U.S. Olympic Team, pending ICF acceptance.

The USA-ACA K2 or C2 process for selecting athletes to the 2020 U.S. Olympic Team will involve participation in both of the following events:

1. USA-ACA Team Trials – required participation
For K2 and C2 events, the USA-ACA boats will be selected at the 2020 USA-ACA Sprint Team Trials to be members of the A Team that races at the Pan American Championships. In the 2020 USA-ACA Sprint Team Trials events, athletes in the 1st place boats will be selected to the A Team.

B and C Team members for the K2 and C2 events will not be selected since these events will not be contested at the World Cup #2 and only one USA-ACA boat can be entered in the Pan American Continental Qualifier.

2. Pan American Continental Qualifier

The A Team will compete at the Pan American Continental Qualifier. If the K2 or C2 boats secure quotas, upon acceptance by the ICF, the athletes will be named to the 2020 U.S. Olympic Team.

2. DISCRETIONARY SELECTION

2.1. Rationale for utilizing discretionary selection: N/A

2.2. List the discretionary criteria and explain how they will be used: N/A

2.3. Name of the committee that will be responsible for making discretionary selections, along with a complete list of the members’ titles currently serving on the committee: N/A

2.3.1. Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee: N/A

3. REMOVAL OF ATHLETES

3.1. Prior to entry by name to the Local Organizing Committee by the USOPC, the USA-ACA has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by the USA-ACA may be removed for any of the following reasons, as determined by the USA-ACA:

3.1.1. Voluntary withdrawal. Athlete must submit a written letter to the USA-ACA High Performance Manager and USA-ACA CEO/Executive Director. If an athlete voluntarily withdraws at any time during the process of securing quotas or being selected to the 2020 U.S. Olympic Team, that withdrawal will be considered to be final and irrevocable.

3.1.2. Injury or illness as certified by a physician (or medical staff) approved by the USA-ACA. If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by the USA-ACA, his/her injury will be assumed to be disabling and he/she may be removed.

3.1.3. Failure to participate in Mandatory Training and/or Competition as defined in Section 9 of these procedures.
3.1.4. Violation of the USA-ACA Code of Conduct
(https://www.americancanoe.org/page/AthleteCodeofConduct).

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per USA-ACA’s Bylaws (https://www.americancanoe.org/page/Grievance) and the USOPC’s Bylaws, Section 9.

3.2. Once athlete entries have been submitted to the Local Organizing Committee by the USOPC, the USOPC has jurisdiction over the Team, at which time, in addition to any applicable USA-ACA Code of Conduct, the USOPC’s Code of Conduct and Grievance Procedures apply. The USOPC’s Code of Conduct and Grievance Procedures can be found at:
www.teamusa.org/Athlete-Resources/Athlete-Ombudsman/Games-Info/Athlete-Conduct
www.teamusa.org/Footer/Legal/Governance-Documents

3.3. An athlete may be removed as a nominee to the Team or from the Team for an adjudicated violation of IOC, WADA, ICF, USADA and/or USOPC anti-doping protocol, policies and procedures, as well as the U.S. Center for SafeSport Code, the USOPC Athlete Safety Policy and USA-ACA SafeSport policies, as applicable.

4. REPLACEMENT OF ATHLETES

4.1. Selection and approval process for determining replacement athlete(s) should a vacancy occur:

4.1.1. Prior to submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

In K1 or C1 events, should an athlete replacement be needed for any reason, the next highest finishing athlete in the K1 Men’s 1000m, Women’s K1 500m, Men’s C1 1000m, or Women’s C1 200m from the 2020 USA-ACA Sprint Team Trials will replace this athlete. If the next highest finishing athlete declines the position, the position will be filled by the next highest finishing athlete until the position is accepted.

In K2 or C2 events, if both team boat athletes need to be replaced, the next highest finishing boat in the K2 Men’s 1000m, Women’s K2 500m, Men’s C2 1000m, and Women’s C2 500m from the 2020 USA-ACA Sprint Team Trials will replace this boat. If the next highest finishing boat declines the position, the position will be filled by the next highest finishing boat until the position is accepted.

In K2 or C2 events, if one athlete from the team boat needs to be replaced, the partner that makes the fastest boat with the remaining partner, will be selected from the Replacement Pool of USA-ACA Team Trials competitors at the discipline camps.
The Replacement Pool will be formed from the two Senior groups at the Camps – A, B and C Team members, and additional members based on the number of seats at Senior Non-Olympic Event World Championships.

Olympic Team Camps and Senior Non-Olympic Events World Championships Camps will be held in conjunction with each other. Based on finish order at USA-ACA Team Trials, the table below lists the numbers of athletes who will be invited to the camps.

If an invitee declines camp participation, he or she will not be eligible to serve as a potential replacement athlete for the 2020 U.S. Olympic Team and the next highest finishing athlete through the last place in the B Final at the USA-ACA Team Trials will be invited to the camp. If a replacement position becomes available and a candidate athlete is not in the camp, s/he will be invited to join the camp to be considered as a replacement. S/he can then accept or decline participation.

The 2020 U.S. Olympic Team Canoe/Kayak Sprint Head Coach will select the athlete with the most competitive results based on a series of training sessions, time trial seat races and boat speed measurements held at the Summer Discipline Training Camps.

4.1.2. After submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

If a replacement is needed, the USA-ACA will fill the vacancy in accordance with the established ICF Canoe Sprint Qualification System for Tokyo 2020, and if authorized to do so, will follow the process outlined in 4.1.1.

5. SUPPORTING DOCUMENTS

The USA-ACA will retain the approved Selection Procedures and all supporting documents, including scouting or evaluation forms, etc., and data from the selection process for six months past the date of the Closing Ceremony of the Games.

6. REQUIRED DOCUMENTS

In addition to the USOPC Code of Conduct, the following documents are required to be signed by an athlete as a condition of nomination to the Olympic Games and are included as attachments:

USA-ACA Athlete Code of Conduct: https://www.americancanoe.org/page/AthleteCodeofConduct

7. PUBLICITY/DISTRIBUTION OF PROCEDURES

The USOPC approved Selection Procedures (complete and unaltered) will be posted/published by the USA-ACA in the following location(s):

7.1. USA-ACA Web site: https://www.americancanoe.org/page/Sprint
These procedures will be posted as soon as possible, but not more than five business days following notice of approval by the USOPC.

7.2. Other: N/A

8. DATE OF NOMINATION

The Nomination of Athletes, including replacements, will be announced to all athletes and submitted to the USOPC on or before:

June 5, 2020

9. MANDATORY TRAINING AND/OR COMPETITION

Location, schedule and duration of mandatory training and/or competition:

Mandatory training will occur for all 2020 U.S. Sprint Olympic Team members, before the opening of the Games, at the Olympic venue in Tokyo. This training will happen as the training schedule of the Olympic Sprint facility allows. The detailed plan will depend on the yet to be determined accessibility and operation of the official venue.

10. ANTI-DOPING REQUIREMENTS

Athletes must adhere to all IOC, WADA, ICF, USADA and USOPC anti-doping protocols, policies and procedures, as applicable. This includes participation in Out-of-Competition Testing as required by the IOC, WADA, ICF, USADA and USOPC Rules, as applicable.

11. DEVELOPMENT OF SELECTION PROCEDURES

The following committee/group was responsible for creating these Selection Procedures:

Beth Spilman – USA-ACA Executive Director
Emily Wright – AAC Representative
Brandon Holiday – AAC Representative
Aaron Huston – USA-ACA Sprint Team Program Director
Zsolt Szadovszki – USA-ACA National Team Coach
Dan Henderson – USA-ACA National Team Coach
Susan Starbird – Head Coach, River Town Racers

12. NGB BYLAWS AND GRIEVANCE PROCEDURES

The USA-ACA Bylaws and Grievance Procedures can be found at:
http://www.americancanoe.org/?page=Grievance

13. INTERNATIONAL DISCLAIMER

These procedures are based on IOC and/or ICF rules and regulations as presently known and understood. Any change in the selection procedures caused by a change in IOC and/or ICF rules
and regulations will be distributed to the affected athletes immediately. The selection criteria are based on the latest information available to USA-ACA. However, the selections are always subject to unforeseen, intervening circumstances, and realistically may not have accounted for every possible contingency.

If any force of nature, or force majeure, should cause the alteration or cancellation of any of the selection events listed in this document, these selection procedures will be revised, pursuant to their resubmission to the USOPC.

1. **ATHLETE OMBUDSMAN**

The Athlete Ombudsman provides cost-free, independent and confidential advice regarding athlete rights, grievance procedures and any other related guidance pertaining to selection procedures and can assist in mediating disputes between athletes and their NGB.

To contact the Athlete Ombudsman Office:

PHONE: (719) 866-5000  
EMAIL: ombudsman@usathlete.org  
WEBSITE: www.usathlete.org

2. **NGB SIGNATURES**

I certify that I have read and understand the standards/criteria set by our International Federation and incorporated those standards/criteria into our Selection Procedures. I further certify that the information provided herein regarding Athlete Selection Procedures represents the method approved by USA-ACA.

* If the USOPC AAC Representative has delegated authority to the Alternate AAC Representative to sign the Selection Procedures, attach a letter from the AAC Representative indicating the reason he/she has delegated authority.

* Signature by the Athlete Representative constitutes that he/she has read and understands the Selection Procedures. If the Athlete Representative reads and does not agree with the Athlete Selection Procedures being submitted by the USA-ACA, he/she may submit those reasons in writing to his/her Sport Performance Team.

* If, for some reason, a sport does not have an elected USOPC AAC Representative, the USA-ACA must designate an athlete from that sport to review and sign the Selection Procedures.
