You’re there.

We’re there.

AIR PURIFICATION
Respiratory protection coupled with clear vision make your work safer.

GAS DETECTION
The Dräger X-am® series of personal gas monitors identify hazards quickly and accurately.

We have you covered.
When it comes to mining operations, you want to identify hazards sooner, work safer and minimize downtime. That's where Dräger's X-am® series of personal gas monitors and X-dock® calibration system can help you. We've made them durable and easy to use. All to keep things simple and efficient. Just how you want them.

Dräger. Technology for Life®
Mission Statement

American Coal Council (ACC) provides relevant educational programs, market intelligence, advocacy support and peer-to-peer networking forums to advance members’ commercial and professional development interests.

ACC represents the collective interests of the American coal industry – from the hole-in-the-ground to the plug-in-the-wall – in advocating for coal as an economic, abundant and environmentally sound fuel source.

ACC serves as an essential resource for industry, policy makers and public interest groups. The Association supports activities and objectives that advance coal supply, consumption, transportation and trading.

Vision Statement

ACC advances the power, the promise & the pride of America’s coal industry.
Join more than 165 companies that recognize the importance of belonging to an association that serves as the preeminent business voice of the American coal industry and advocates for coal as an economic, abundant/secure and environmentally sound fuel source.

The American Coal Council (ACC) is an alliance of coal, utility, trading, transportation, terminal and coal support service companies, advocating a non-adversarial, partnering approach to business.

The ACC facilitates the lawful exchange of ideas and information regarding the American coal industry. It serves as an essential resource for companies that mine, sell, trade, transport or consume American coal. The ACC also serves as a resource for those wishing to expand or enhance business relationships in North American and international coal markets.

Events

Spring Coal Forum
March 8-10, 2016
Sandpearl Resort and Spa
Clearwater, Florida

The Spring Coal Forum has been one of the highlights of the coal industry calendar and will attract senior industry executives from companies that produce, supply, transport, ship, trade and consume coal. The program features presentations from coal suppliers, utilities, railroads and energy traders, along with industry-wide perspectives from leading consultants and government representatives.

Coal Trading Conference
December 7-8, 2015
Marriott Marquis Times Square
New York City, New York

The 2015 Coal Trading Conference is a full-day conference for industry leaders to meet. Registrants will hear speakers and panels discuss trends in the marketplace, improve their understanding of coal trading issues and facilitate business relationships among the different sectors of the utility coal business.

Coal Market Strategies
August 8-10, 2016
Park City, UT

Meet your coal sector colleagues in Park City, UT and benefit from up-to-the-minute expert insight and analysis on energy policy, regulatory and legislative changes, as well as domestic and international markets.

Product Spotlight: WellerCLAD®

WellerCLAD® has earned an exceptional reputation in the industry due to its excellent abrasion characteristics, weldability, and time-in-service compared to a traditional chromium carbide plate. WellerCLAD® is a combination of chrome carbide, manganese, and vanadium that is metallurgically bonded to a pre-specified high-yield strength A-36 base.
