

Kathy Johnson Fediw worked in the interior plantscape industry for 40 years as an internationally known interior plantscape consultant, author, trainer and speaker. An alumna of Penn State University, she is a LEED accredited professional, a Landscape Industry Certified Professional and Landscape Industry Certified Technician. Prior to opening her own consulting firm in 2001, she worked for Plantscape, Inc. in Pittsburgh, PA and Natura in Texas. While a consultant, she also served as editor and publisher of I-Plants online magazine for nearly a decade, retiring in 2019. As an author, Fediw has written numerous articles for trade journals, association newsletters, training manuals and programs, and several books including “The Manual of Interior Plantscaping” and “Green Plant Care Tips for Techs”. She served on several boards including for OFA, now AmericanHort, Green Plants for Green Buildings, the Certification Council of the National Association of Landscape Professionals, and the USGBC Piney Woods branch.
