

ACCIDENT-FREE
DAYS:

*HOW HIGH IS
YOUR NUMBER?*

Keep Your Workplace Accident-Free With Ladder Safety Training.

Falls from height are among the top three reasons for workplace injuries – an annual cost of \$5.5 billion! – and ladders are a top-10 most-cited OSHA violation. Help cut costs and lower your risk of OSHA citations by taking advantage of the American Ladder Institute (ALI)'s free ladder safety training.

Free Training on Most Major Ladder Types

**Todos los recursos también están disponibles en español.*

Stepladder

Articulated Ladder

Single and Extension Ladder

Mobile Ladder

Can you afford another day without training?
