

AMERICAN RADIUM SOCIETY

96th Annual Meeting April 26 - 29, 2014

TWO FOR THE PRICE OF ONE!

Submit your complete application for membership (with supporting documents) before March 26, 2014, to be able to register at the membership conference rate at a significant discount.

Early Registration is Now Open until March 26, 2014. Be sure to visit www.americanradiumsociety.org/ars-96th-annual-meeting/ to register before the early registration cut off.

Highlights of the Meeting:

- **Janeway Lecturer:** Dr. Murray Brennan, Memorial Sloan-Kettering Cancer Center
- **Keynote Lecturer:** Dr. Carolyn Compton, Arizona State University
- **Keynote Lecturer:** Dr. Peter Ubel, Duke University

Panels and Featured Experts:

- **Difficult Cases at the Skull Base:** chaired by Dr. Mark Henderson, Indiana University School of Medicine and Dr. Michael Kupferman, MD Anderson Cancer Center
- **Technology, Cost, and Quality Assurance in Health Care around the World:** chaired by Dr. Kenneth Roberts, Yale University
- **Case-Based Gynecology Review:** chaired by Dr. Ann Klopp, MD Anderson Cancer Center
- **Case-Based Lung Cancer Review:** chaired by Dr. Benjamin Movsas, Henry Ford Hospital
- **Scientific Debates:** Two expert-led debates will focus on increasing aspects of technology in two common cancers: the role of advanced surgery in the management of high-risk prostate cancer, and the utility of magnetic resonance imaging for early-stage breast cancer management. Make sure to attend the meeting and weigh in on your side of the issues!

Continuing This Year:

- **Presidential Categorical Course:** as a part of the meeting on Saturday, April 26th, 2014, ARS President, Dr. Elin Sigurdson of MD Fox Chase Cancer Center, will present a program focused on gastrointestinal malignancies including colon and rectal and anal cancers.
- **The ARS Poster Tours:** held last year, will be returning, featuring the top-reviewed abstract posters and hosted by Dr. Joseph Herman and president-elect Dr. Kenneth Rosenzweig.
- **Meet the Professor Luncheons:** will be available in the afternoons on Head and Neck presented by Dr. Peter Johnstone & Dr. Drew Ridge and Pediatrics presented by Dr. Stephanie Terezakis & Dr. Michael La Quaglia.*

New This Year:

- **Tumor Boards Luncheon:** sessions will be focused on Sarcoma, presented by Dr. Kaled Alektiar and Dr. Murray Brennan, and also on Breast, presented by Dr. Bruce Haffty and Dr. Pat Borgen.*
- **Career Development Session:** specifically focused on professional issues pertinent to trainees and those a few years into practice.
- **Brachytherapy Course:** practical pointers and emerging technological refinements in the treatment of sarcoma, prostate, and gynecological cancers.*
- **Gala Dinner:** with Island Carnival theme and entertainment.

*Registration and additional payment required. Seating is limited.

Technological Innovations: Benefits, Costs, and Impact on Training and Practice

President: Elin Sigurdson, MD, PhD;
Fox Chase Cancer Center

Program Chair: Sue S. Yom, MD, PhD;
University of California, San Francisco

FIVE REASONS you should attend the American Radium Society meeting this year:

- **Radium is FORMATIVE:** The experiences and relationships taking place at Radium will shape your best memories over your long career arc to come.
- **Radium is FUN and FAMILY oriented:** Honestly, at what other conference can you learn about the most up and coming scientific innovations and attend an Island Carnival with family that same evening?
- **Radium is FRIENDLY:** Which conference caters to students, trainees and early-career practitioners like Radium?
- **Radium is FILLED with experts:** Our program is high-quality but informal, allowing close personal interaction with the same national oncology leaders whom you will watch on a television screen in other venues.
- **Radium is re-FRESHING:** People leave this conference feeling recharged, supported, and encouraged in their lives and professional pursuits. This is our goal.

**This is the FACE of Radium:
Energizing, positive, forward-
thinking, and invested in your
professional development.**

AMA PRA Category 1 Credit™
will be available for this activity.
