**Literature Search Summary**

A literature search was conducted in February 2014 and updated in December 2015 to identify evidence for the *ACR Appropriateness Criteria® Management of Recurrent Endometrial Cancer* topic. Using the search strategies described above, 317 articles were found. Thirteen articles were used in the topic. Three hundred four articles were not used due to either poor study design, the articles were not relevant or generalizable to the topic, or the results were unclear, misinterpreted, or biased.

The author added 61 citations from bibliographies, websites, or books that were not found in the literature search.

Three citations are supporting documents that were added by staff.
