2020 AMS Registration Cancellation Request

Cancellation & Refund Deadline is September 20, 2020
(the regular cancellation fee of \$150 USD will be applied after this date)

Name: _____

AMS will refund fully any completed registration for either of its 2020 AMS Conferences (Annual Conference and/or World Marketing Congress). You may use this form to request a refund for the canceled registration. If you are presenting a paper, the paper will not appear on the program for the rescheduled events. Only papers with authors physically attending the conference will remain on the program (likely to be scaled down).

Request cancellation of the previously completed registration for the (indicate which event):

___ 2020 AMS Annual Conference

___ 2020 AMS World Marketing Congress

I originally intended to present the following paper(s), which I understand will not appear on the revised conference program:

Paper # Paper Title

Active AMS members who cancel and who submitted full papers (not abstracts) that have been accepted for presentation, can elect to have the paper appear in the respective Proceedings. We are suspending the requirement that the paper must be presented at the conference to appear in the Proceedings. As usually, the authors have to sign a copyright release for the paper to appear in "The Developments in Marketing Science" Proceedings series (the AMS conferences proceedings are published by Springer in that name). If you would like to have the paper in the proceedings, indicate below. AMS does not publish structured abstracts in the conference proceedings. If you cancel and decide not to have the paper appear in the Proceedings, you retain full copyright of the work and would be free to submit it elsewhere for publication consideration. You must be an Active AMS Member to have work appear in the Proceedings.

_____ I would like for my paper to appear in the Proceedings despite cancelling my conference registration (Paper #: _____)

Academy of Marketing Science®

I am cancelling my conference registration and do not wish to have my paper, submitted and accepted for the conference, to appear in the Proceedings. I was a new member and was required to pay a membership at the time of the conference registration. Therefore:

_____ I wish to retain my 12-month membership

_____ I wish to cancel my 12-month membership and receive a refund for that as well. I understand that I will lose all the privileges of AMS membership (subscriptions to the JAMS and AMS Review, the AMS Quarterly, networking opportunities, etc.)

Please submit this cancellation request by September 20, 2020 to receive full refund.
