This unique, field based program brings together 40 individuals from different countries, diverse background and sectors to take their skills to the next level, build a global network, and better understand how to create effective change, both as a social intrapreneur or entrepreneur.

Over ten month, you will train at the depth and pace necessary to succeed in this field –the intensity is equivalent to a 2-year traditional degree– while exploring a city with a thriving innovation culture.

**PROGRAM OVERVIEW**

Regardless of your professional background, if you are looking to build or accelerate your career in the rapidly growing social change sector, anywhere in the world, this program is for you.

All courses run in English. Limited scholarships available!

“Amání’s mix of classroom and field-based learning helped me change careers and mindset. If you’re up for taking responsibility for your own learning, do it!”

Andy McBride, Northern Ireland – management consultant

It was a transformative experience. I found alignment with my deep intent in life, what I’m good at and what I love doing.

Rodrigo Alarcon, Chile – left IT job to switch to social sector

It has been an amazing journey where I learnt so much that a school/university didn’t teach me in 5 years.

Loubna Sadiki, Morocco – recent graduate
