The two-year program, sponsored by the Chinese government, is an attempt to augment the training to provide education and whole person-care to student athletes at Virginia Tech. To accomplish this, the School of Osteopathic Medicine’s campus in Stratford, NJ, just outside of Shenzhen, China in April 2017. The International Primary Care Educational Alliance (IPCEA) in conjunction with the University of osteopathic medicine from around the region! Please contact Justin Stumph for more information and forward that could not have been achieved without the efforts and hard work of our Website Executive Director, FAOASM Immediate Past President, FAOASM President-Elect, FAOASM President: R. Scott Cook, DO, FAOASM Executive Committee: AOASM BOARD Visitors Bureau:
