Highlights
Hello Everyone

Thank you for your continued support of the AOCD. It was great to see everyone in Scottsdale this past April. Summer is in full swing. The college campus’ here in Kirksville have been winding down for the last academic year and preparing for the new batch of students.

To welcome the new academic year, there will be a Fall AOCD Virtual CME event. We anticipate a minimum of 21 Category 1A CME offered. Registration to open soon and the content will be available during the month of September.

Our 2025 meeting will be at our favorite Hilton in West Palm Beach! The dates are February 20-23, 2025. Our main contact and event planner, Hope can read our minds and knows what we need and when we need it. We LOVE our Hope! Online registration will open in early summer for this meeting and the hotel booking link will be posted. It is important to note:

This contract was signed over 3 years ago, based on what attendance numbers we had been experiencing.
We have “X” number of rooms open for “X” number of days at the contracted room rate of $332.00.
You are ENCOURAGED to reserve your room EARLY!
The AOCD staff has NO control over the lack of rooms on the night you may need.
ALL difficulties encountered while attempting to reserve your room should be addressed with the Hotel directly, NOT the AOCD Office. (Our magic wand is broken)

Here at the AOCD, ALL pharma funds received go to support YOUR AOCD Conference. We are a Not-for-Profit 501c3 organization, not a private equity group. Your membership dues and meeting registrations help to keep the AOCD thriving!

Remember to utilize the CE Tracker program available to all AOCD members. We know everyone is busy, and the last thing our members want to worry about is the tracking of CME for license renewal. The AOCD wants to help! This is a benefit of membership and no additional cost for you to use. Once you attest to AOCD meetings, we will enter the credits in this system, and you will be able to download your certificate from this site. Certificates will no longer be mailed or faxed to members.

Attendance from non-AOCD meetings can be added to your report. Contact dermatology@aocd.org to ask how.

Only members in good standing with the AOCD will be able to access this site. Nonmembers will be able to obtain a copy of their report upon payment of $50.00.

Features of CE Tracker:
Add State license information
View the Conferences attended
Print Report of Conferences attended, and credits earned.
(This report is acceptable to the AOA for proof of CME completed.)
View Credits and Credit type received
View Requirements Needed
View Requirements Fulfilled
Print Certificate

Remember the AOA CME cycle ends December 31, 2024. Don’t forget, we are here to help you with your CME questions. Call, text, Facetime us!
We're inspired by a single vision:
Transforming patients’ lives through science™

NEW TO AOCD ONLINE LEARNING
DERMATOLOGY SELF-ASSESSMENT EXAMS

Dermatology self-assessment exams are available now on AOCD Online Learning. These exams are six unique tests programmed as traditional multiple choice dermatology in-service exams and designed as automated self-assessment tools to help identify strengths and knowledge gaps in dermatology. Exam sections include dermatopathology, kodachrome, and comprehensive. Dermatopathology and kodachrome sections feature slides and photographs with built-in image navigation features. The comprehensive section spans the spectrum of the dermatologic field. Receive instantaneous feedback, with the ability to review correct and incorrect answers after the exam. In addition, receive a downloadable report detailing your results in each category and comprehensive exam sub-category. Additional features and exam formats coming soon.

Foundation for Osteopathic Dermatology Roger C. Byrd, DO, FAOCD, FAAD

Clinical Manuscript Competition

The annual FOD Roger C. Byrd, DO, FAOCD, FAAD Clinical Manuscript Competition awards are presented to recognize the osteopathic dermatology residents’ papers that are judged as the best in the competition. Papers are judged for originality, degree of scientific contribution, and thoughtfulness of presentation. Entries are reviewed by the AOCD Resident Research Paper Competition Committee. Cash awards for the top papers are provided by the Foundation for Osteopathic Dermatology.

1st Place Winner: Allyson Yelich, DO
Awards Amount: $1,500
Title: Biotin for Hair Loss: Teasing Out the Evidence
3rd Year Resident
Program: HCA Florida Healthcare/USF Morsani College of Medicine GME Largo Hospital Program
Program Director: Richard Miller, DO, FAOCD, FAAD

2nd Place Winner: Charles Dunn, MD
Awards Amount: $1,000
Title: An Endemic Enigma: Leprosy in Central Florida: A Case Report and Review of the Literature
3rd Year Resident
Program: Kansas City University GME Consortium/ADCS-Orlando Program
Program Director: Jere Mammino, DO, FAOCD, FAAD
Foundation for Osteopathic Dermatology Ulbrich Circle Student Clinical Manuscript Competition

The annual FOD Ulbrich Circle Student Clinical Manuscript Competition awards are presented to recognize the osteopathic dermatology students’ papers that are judged as the best in the competition. Papers are judged for originality, degree of scientific contribution, and thoughtfulness of presentation. Cash awards for the top papers are provided by the Foundation for Osteopathic Dermatology.

1st Place Winner: Chris Alihosseini, OMS-4
   Award Amount: $1,000
   Title: Artificial Intelligence's Potential Impact on Dermatology
   4th Year Medical Student at New York Institute of Technology College of Osteopathic Medicine

2nd Place Winner: Jonathan Raymond-Lezman, OMS-3
   Award Amount: $500
   Title: Sunscreen Safety and Efficacy for the Prevention of Cutaneous Neoplasms
   3rd Year Medical Student at Nova Southeastern University
   Faculty Advisor: Ms. Suzanne Riskin

3rd Place Winner [Tie]: Dimitra Xenopoulou, OMS-3
   Award Amount: $250
   Title: Verrucous Psoriasis: Rare Variant and Novel Treatment
   3rd Year Medical Student at New York Institute of Technology College of Osteopathic Medicine

3rd Place Winner [Tie]: Akber Sheikh, OMS-3
   Award Amount: $250
   Title: Home Treatment of Melanoma with Frankincense Prior to Surgical Excision
   3rd Year Medical Student at Western University of Health Sciences College of Osteopathic Medicine of the Pacific
   Faculty Advisor: Mr. Sebastian Fuchs
James Bernard Leadership Award
The James Bernard, D.O. Leadership Award was established in 2011 to honor Dr. Bernard who has profoundly influenced and mentored many dermatology residents and young members. The selected criteria for award nomination: integrity, respect, empowerment, and initiative are a reflection of the dynamic characteristics that Dr. Bernard has exemplified in numerous leadership roles throughout his years of service to the College. The award is intended to encourage and enable the recipient to organize and foster the ideals of the AOCD.

Charles Dunn, MD
Program: Kansas City University GME Consortium/ADCS-Orlando Program
Program Director: Jere Mammino, DO, FAOCD, FAAD

Thank you to all that submitted papers.
We hope to see you again next year as the foundation works to assist in the education of osteopathic dermatology.

The American Osteopathic College of Dermatology is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians.
Alex Macaione passed away unexpectedly on March 7, 2024 in Naples, Florida.

Dr. Macaione was born in Caronia, Sicily on February 12, 1940 to Giuseppe and Rosalie before emigrating to South Philadelphia in 1941 on the final civilian voyage of SS Rex – a ship later bombed by Allied Forces in 1944. The family – which came to include sister Rose - resided at 920 Moore Street and were loyal attendees of services at St Nicholas of Tolentine Parish.

In December of 1965, while a medical student, he met a nurse from 23rd and Lehigh Ave named Eileen Ann Schroth, who was working in the recovery room at the The Philadelphia College of Osteopathic Medicine. They married in 1966 and Eileen remained his devoted wife and friend for the next 57 years. He was a proud and involved father to Dina Macaione Latoff (Sean) and Joe (Madi), and an admiring and enthusiastic grandfather to Emma, Luke, Alex, Colby, Hope, Logan, Grant and Jordi. Alex is also survived by his sister Rose (Joseph) Rigolizzo.

A 41 year resident of Moorestown, NJ, Alex was actively involved as a coach in the Moorestown Baseball Federation for many years and loved watching Joe play high school sports and, later, college football at Princeton University. Out of the 36 college football games in which Joe played, Alex and Eileen missed 3.

He was fortunate to dance on stage with Dina in the role of Drosselmeyer when she performed in The Nutcracker for the Children’s Ballet Theater. He was active in performances for 9 years and was one of the co-founders of the CBT with wife Eileen. They continued to be avid followers of Dina as she continued her dance career both in college and at the professional level with Carolyn Dorfman Dance.

With a closet full of baseball hats and sweatshirts, Alex actively supported his grandchildren’s high school and college athletic careers on lacrosse fields, soccer pitches, and basketball courts up and down the East Coast. He was their biggest fan. He constantly referred to himself as a ‘lucky guy’ committed to ‘la famiglia.’ His famiglia. Nothing made him happier than family gatherings, celebrating Christmas, impromptu stickball games, and going anywhere, anytime with a good view.

He attended LaSalle College High School in Philadelphia and, upon graduation, entered LaSalle College as a pre-med student because it was a shorter subway ride from 10th and Moore than Villanova. Alex then attended the University of Pennsylvania for Graduate Studies before beginning his medical education at the Philadelphia College of Osteopathic Medicine in 1962. He and Eileen then relocated to Madison Heights, Michigan, for his Internship, before he was drafted into the United States Army Medical Corp in 1967. Sent to South Korea during the Vietnam War as a Captain, Alex concluded his medical service at Lyster Medical Hospital in Fort Rucker, AL, where he served as Chief General Medicine Officer. Upon his discharge in 1969, he was accepted as a resident in Dermatology at the Geisinger Medical Center in Danville, Pa which was, at the time, affiliated with the University of Pennsylvania.

After becoming the first D.O. to be double certified by the American Academy of Dermatology and the American College of Osteopathic Dermatology, Dr Macaione began his practice in 1973 in Stratford and Pennsauken, NJ. After 25 years in that location, he relocated his practice to Voorhees in 1998. He later served as President of the American College of Osteopathic Dermatology, as a Clinical Professor of Dermatology at the Graduate Hospital of the University of Pennsylvania, as a Duhring Fellow of the Penn Dermatology Department and the Chief of Dermatology for the JFK Hospitals of South Jersey. He was involved in the teaching of medical students at the UMDNJ-SOM for many years and served as a Preceptor and Instructor for the interns and residents of the JFK Hospitals. He gave free skin screenings at JFK, Stratford, and Our Lady of Lourdes hospitals, as well as the Dartmouth College Women’s Lacrosse Team for many years. In 2000, he was joined by a former student, Dr Christine Papa, to form Macaione and Papa Dermatology Associates. It remains a thriving practice to this day. Dr Macaione retired from his professional practice in 2021 after 48 years of service to his community. He treated many patients from their teen through their grandparenting years and was both proud and humbled by their loyalty.

He spent many happy summers on the beaches of Cape May, NJ and, in later years, warm and sunny winters in Naples, FL, where he enjoyed new friends, reading, cigars and golf. His enthusiasm and joy for life and family will be greatly missed.
Obituary
Dr. John Hibler DO

John P. Hibler, aged 71, passed away peacefully on May 29, 2024. John was born on November 17, 1952, in Fort Campbell, Kentucky, to John F. Hibler and Beverly Foote Hibler. He was a long term resident of Zanesville, Ohio where he practiced as a dermatologist for thirty three years, displaying his passion for helping others.

All interested in celebrating his life are invited to the Zanesville Country Club, 1300 Country Club Dr, Zanesville, OH 43701, on June 12, 2024. There will be a short memorial service at 4:30 PM, followed by a reception to greet the family, as well as reminisce and honor the life of John.

In lieu of flowers, please consider donating to the Dr. John P. Hibler Scholarship Fund at Marietta College, benefitting students pursuing careers in health care. Donations can be mailed to: Marietta College of Advancement, 215 5th St, Marietta, OH 45750. Contributions can also be made via the link marietta.edu/give. On the website, note that your gift is in honor of John Hibler.

The Bryan & Hardwick Funeral Home, 2318 Maple Ave. Zanesville is in charge of the arrangements. To view full obituary, share memories and condolences with John’s family please visit www.BryanHardwickFH.com.
Another meeting is in the books. Scottsdale was not without the regular problems and a few new ones. The good news is that most of you in attendance did not see them. I would like to thank the AOCD staff for their long hours and their commitment to providing a professional meeting. A special shout out to our immediate past president, Dr. Ralph Fiore, for putting in some long hours at this meeting, helping out, representing the AOCD, and still found time to be dad.

We had an equipment failure at Sunday’s lectures, good news it was not our equipment. It ended up being a power problem due to some hotel remodeling causing video dropouts. A thank you to our speakers that rode it out and those in attendance for your tolerance. The Expo was crowded but that was due to this meeting being a rebook from pandemic times and so that AOCD didn’t lose a lot of money, we had to work with what the hotel had available. As always, the staff learned, and we will make changes for our next meeting.

We are already deep into the planning of the 2025 annual meeting set to be held in a familiar location in West Palm Beach FL. February 20th to the 23rd 2025. This location has a history of being the location of our largest meetings and our local Hilton contact is the only person we could trust to be our host. AOCD has used several hotel vendors and hands down the Hilton group has been the best to work with. Hilton truly appreciates the AOCD and backs it up with great deals and outstanding service. This is the main reason we will be using them for our next three meetings.

A few notable changes for 2025 will be that our meeting/reception will be held on Thursday evening immediately following the lectures. Friday evening will be our foundation reception. And the student/resident track will be held Saturday starting at 4:30 with resident lectures and be followed with a special student track starting at 5:30. The student meet and greet will be a ticketed event starting at 6:45 till 7:30. If your program wishes to participate, please contact the office.

The AOCD staff has started to review the feedback from Scottsdale and will then meet with the CME committee to select topics and speakers. If you should have any suggestions, please submit them to the office and they will be forwarded to the committee.

Up to date information for all AOCD events can always be found at events.aocd.org or the same information is posted on the AOCD app.

Greetings,

I hope everyone is doing well and summer is off to a great start for all of you.

I would like to remind and encourage all resident and student members to consider submitting an entry for the competitions and awards open to them.

Resident members of the AOCD are eligible to take part in the Foundation for Osteopathic Dermatology Roger C. Byrd, DO, FAOCD, FAAD Clinical Manuscript Competition. Student members are invited to participate in the 3rd Annual Foundation for Osteopathic Dermatology Ulbrich Circle Student Clinical Manuscript Competition.

These awards seek to recognize the entrants’ manuscripts which are judged as the best in the competition for originality, degree of scientific contribution and thoughtfulness of presentation. The deadline for entry in both competitions is September 1, 2024.

Click here to visit the Foundation’s website for complete details, rules and entry forms for these competitions.

In addition, I hope all program directors will consider nominating one of their outstanding third-year residents for the James D. Bernard, DO, FAOCD Foundation Residency Leadership Award.

Applications will be entertained from program directors to nominate third-year dermatology resident physicians, who are members in good standing of the AOCD.

The nomination criteria are as follows:

- **Integrity:** Maintains the highest personal standards of honesty, fairness, consistency, and trust.
- **Respect:** Displays a professional persona and is open-minded and courteous to others.
- **Empowerment:** Provides knowledge, skills, authority and encouragement to fellow physicians and staff.
- **Initiative:** Takes prompt action to avoid or resolve problems and conflict.

The deadline for nominations is July 1, 2024. Click here for more information on this award.

I would like to recognize the recipients of the above awards for the past year, which were presented at the recent 2024 AOCD Spring Conference:

**2023 Foundation for Osteopathic Dermatology Roger C. Byrd, DO, FAOCD, FAAD Clinical Manuscript Competition finalists:**

1st Place Winner: Allyson Yelich, DO, of the HCA Florida Healthcare/USF Morsani College of Medicine GME Largo Hospital Program for her paper *Biotin for Hair Loss: Teasing Out the Evidence*.

2nd Place Winner: Charles Dunn, MD, of the Kansas City University GME Consortium/ADCS-Orlando Program for his paper *An Endemic Enigma: Leprosy in Central Florida: A Case Report and Review of the Literature*.

**2023 Foundation for Osteopathic Dermatology Ulbrich Circle Student Clinical Manuscript Competition finalists:**

1st Place Winner: Chris Alihosseini, OMS-IV, of New York Institute of Technology College of Osteopathic Medicine for his paper *Artificial Intelligence's Potential Impact on Dermatology*.

2nd Place Winner: Jonathan Raymond-Lezman, OMS-III, of Nova Southeastern University for his paper *Sunscreen Safety and Efficacy for the Prevention of Cutaneous Neoplasms*.

3rd Place Winner (tie): Dimitra Xenopoulou, OMS-III, of New York Institute of Technology College of Osteopathic Medicine for her paper *Verrucous Psoriasis: Rare Variant and Novel Treatment*.

3rd Place Winner (tie): Akber Sheikh, OMS-III, of Western University of Health Sciences College of Osteopathic Medicine of the Pacific for his paper *Home Treatment of Melanoma with Frankincense Prior to Surgical Excision*.

**2023 James D. Bernard, DO, FAOCD Foundation Residency Leadership Award winner:**

Charles Dunn, MD, of the Kansas City University GME Consortium/ADCS-Orlando Program

A special thanks to everyone who attended the 2024 Spring Conference in Scottsdale. We appreciate your continued support of the AOCD and our events.

Best wishes to all for a great summer!
Dear colleagues,

Greetings! From the entire board of trustees and administration, we hope everyone's summer is off to a great start! We are looking forward to seeing everyone in West Palm Beach, FL in just 8 short months. We will be providing you with a potential opportunity to receive up to 30 CME! AOCD staff is already hard at work to ensure a successful meeting for all. Be on the lookout for our meeting Save the Date! The meeting will be held from February 20-23, 2025. Online Registration closes February 7, 2025.

AOCD 2025 Spring Meeting, Feb 20-23, 2025 in West Palm Beach, FL.

At the AOCD, we are always striving to improve our annual meetings and our college. Please continue to provide us feedback on how we can best serve you. In addition to keeping up to date on new trends in our specialty, we hope that the annual AOCD meeting can continue to be a time to enjoy fellowship with your colleagues. We have 3 social events currently in the planning stages for our meeting and can't wait to see all of you there. Our meeting Save the Date will have these details.
The AOCD will continue to strive for the best interests of the osteopathic profession and promote the practice of osteopathic dermatology on a national level. The AOCD is excited to announce that the AOBD will once again be in attendance at this year's meeting in West Palm Beach. **We invite you to stop by the AOBD Booth where AOBD Chair, Michael J. Scott, DO, MPH, FAOCD and AOBD Certification Director Felicia Tate-Johnson, MHA will be available** to assist you with all your questions regarding OCC requirements, longitudinal assessment registration, primary and subspecialty exams and more. Remember, you must register and participate in the longitudinal assessment to keep your AOBD certification active.

Dr. David L. Grice, D.O., FAOCD, FAAD will once again be representing the AOCD at this year's AOA House of Delegates annual business meeting. I will serve as the alternate. We will follow up with pertinent osteopathic dermatology updates post meeting.

A highlight for this year is unity within our specialty. I am excited to inform you that I will be attending the **Unity Summit at the AAD Innovation** in Seattle, Washington this summer. I will join the President of the AAD and leaders from across our specialty to focus on building unity in dermatology.
Dear colleagues,
The American Osteopathic Board of Dermatology (AOBD) is looking forward to continued progress in 2024 as we enter another year in the longitudinal assessment program. I am grateful for the 10+ volunteers who have lent their time, knowledge, and experience to write and review questions for future AOBD initial certification exams and the longitudinal assessment. These dedicated dermatologists are creating an innovative alternative to the traditional high-stakes exam.

Michael J. Scott, DO, MPH, FAOCD

As always, the AOCD thanks you for your membership and loyalty. Together, we can maintain the integrity and quality of our college. Please visit our website or feel free to reach out to our administrative staff at any time for any questions or concerns.

MARSHA WISE  mwise@aocd.org
Summer is upon us, and I find that this is the first time in 20 years that we won’t be traveling around Missouri and Kansas watching one of the girl's playing softball. What do I do with all this time? It is a huge loss and I’m not sure what to do, so we have begun taking off the porch to start renovating it. I have some ideas for inside the house and my daughters have begun working in the kitchen painting cabinets. Summer has begun her summer coaching with the La Plata Bulldog high school softball team so I will still get to go watch some of those games. LOTS of camping is on the agenda for weekends now since they are free, we have already been to Canton, MO. The sites are right by the Mississippi River. It’s beautiful there. Tim’s sister is moving from Tennessee back to Missouri and my parents are moving from Alabama to Missouri, so there are two trips to move our families back home.

As for CME:

There have been several questions regarding the State Requirement hours that were given in Scottsdale. These hours have been submitted to FOMA and they should be showing up in your CE Broker accounts.

I want to remind everyone the AOCD only reports AOCD hours to the AOA. If you attend another meeting, you will need to report those hours yourself.

The link you will need is: https://osteopathic.org/cme/cme-self-reporting/. I am more than happy to add these hours to your CE Tracker account, just email the certificate to me.

The end of the CME cycle for the AOA and Board is December 31, 2024.
