2022
AOCD Fall Meeting
Program Review
-----
Denver, CO
September 21-25, 2022
Activity Attendance Summary

Program Evaluation Response
144 preregistration questionnaires completed, 31 program evaluations returned, 522 speaker and learning objective evaluations returned, 21 CME mission statement surveys returned, 50 attestation exit surveys returned, 13 outcomes evaluations returned

Meeting Attendance
144 Total Registrations; 134 Total Attendance (AOCD Members – 90; Non-Members – 44)

Member Breakdown
- Students/Interns 8 (9%)
- Residents 5 (5%)
- Attending Physicians 77 (86%)

Non-Member Breakdown
- DOs 7 (16%)
- PharmD 5 (11%)
- PA-Cs 2 (5%)
- Other 2 (5%)
- MDs 8 (18%)
- Students 20 (45%)

East 8.21%
Southeast 14.18%
Midwest 26.86%
Southwest 34.33%
Northwest 3.73%
West 12.69%
Registration Questionnaire Summary
144 registration questionnaires completed

What was your reason for enrollment? (more than one selection could be made)
- 43.75% - Needed CME hours
- 43.05% - Desire to broaden knowledge
- 25.00% - Other
- 21.53% - Location of the activity
- 18.75% - Activity topics

Other Reasons for enrollment:
- Speaker (26)
- Trustee (7)
- Meet other medical students applying to residency programs as well as residents or faculty in dermatology.
- MSL for Castle Biosciences
- Need osteopathic credit CME
- Networking
- Networking with residency programs
- Residency Requirement

What is the population of the city in which you practice?
- Over 100,000 61.11%
- 50,000 - 100,000 15.97%
- 30,000 - 50,000 9.72%
- 10,000 - 30,000 9.03%
- Under 10,000 4.17%

What is your professional status?
- Practicing 68.1%
- Student/Intern 20.1%
- Other 1.4%
- Pharma 4.2%
- Retired 0.7%
- Resident 5.6%
In which type of practice are you currently engaged?

- **Group** 41.7%
- **Solo** 19.4%
- **Hospital** 11.1%
- **Retired** 0.7%
- **N/A** 27.1%

Have you previously attended an AOCD CME program?

- **Yes** (72.22%)
- **No** (27.78%)

What would you like to learn from the conference?

- As a fourth-year medical student, I am always looking for ways to broaden my clinical knowledge. Attending conferences is one of these ways to learn, and network with my peers.
- Current leaders and trends in osteopathic dermatology
- Current trends in dermatology
- Deepen knowledge in medical dermatology topics
- Depends
- Everything
- Mohs, general dermatology and legal update
- New advances in dermatology
- New drugs and treatments
- New information in the field of dermatology and healthcare in general
- New research trends
- New treatment options and guidelines for Dermatologic conditions, as well as refreshing my knowledge of common conditions
- New treatments for psoriasis and atopic dermatitis and how practitioners plan to use them in their practice
- New treatments, emerging research
- State of care with melanoma, SCC, and inflammatory skin disease
- Updates in dermatology and networking
• Updates in disease management and treatment
• Updates in literature, biologics
• Updates on new treatments - i.e. JAK inhibitors

Which items are important in helping you provide optimal care to your patients? (More than one selection could be made)
• 74.65% - Clinical practice guidelines
• 74.65% - CME courses
• 54.93% - Peer reviewed journal articles
• 45.07% - Opinions of nationally recognized experts
• 15.49% - Pharmaceutical company sales representatives
• 1.41% - Other
General Conference Evaluation Summary
20 evaluations returned

Did the activity remain commercially unbiased?

Yes 96.77%

No 3.23%

Please describe any poor ratings:

- N/A
- Some major topics like autoimmune disease was a lot to absorb. Appreciate that we have access to the PowerPoint.

List the subjects you felt were most valuable to you:

- Hidradenitis supprativa (5)
- Pediatric dermatology (5)
- JAK inhibitors (4)
- Atopic dermatitis (3)
- Best of JAAD (3)
- Pruritus (3)
- Biologic review from Mark Lebwohl, MD (2)
- New medications/therapeutics (2)
- Skin of color (2)
- Appreciate the update on new meds, appropriate in clinic use with honest discussion of side effects.
- Autoimmune disease
- Coding
- Contact dermatitis
- Everything, very well rounded
- I liked the product theaters, they were very relevant and timely for current landscape of dermatologic medical therapy.
- Love the lectures that have treatment recommendations/pearls
- Mohs
- New novel therapies
- PDT
- Psoriasis
- Really appreciated the coding, intellectual property, and practice management lectures. Need more on this.
- Tranexamic acid
- What's new from James Del Rosso, DO

What topics would you like to see presented at future meetings?

- Dermoscopy (2)
- Acne/Rosacea
- Always love hearing from Dr Swanson.
- Anything presented by Dr. Lebwohl, Dr. Elston, Dr. Bhatia, & Dr. Swanson. Would have liked to see second lectures from them since they made the effort to come.
- Continue with similar theme of general dermatology with great surgical pearls
- Evaluation and treatment of hair loss for the average clinician (not hair transplantation, etc)
- Filler techniques
- I would like to see somebody do a lecture on the food sensitivity and acne genetics testing that are available commercially from CVS and Walgreens. Patients ask about them and I don’t know what to tell them.
- Identifying pediatric rash
- Medical legal aspects of supervising mid-levels / APPs (Advanced Practice Professionals - PAs / APRNs)
- Melanoma updates
- More contact dermatitis, itch, inflammatory skin disease lectures. Less Moh’s surgery and complex repairs that most derms don’t perform. Put the Moh’s and complex repairs lectures on the last day.
- More surgical lectures
- Super practical pearls
- Tropical Dermatology diseases and dermatology in developing countries
- Urticaria
The Powerpoints and/or handouts effectively supported the presentation.

- Strongly Agree: 93.7%
- Agree: 6.3%
- Disagree: 0%

The content of the topics were presented in a clear and understandable manner.

- Strongly Agree: 93.9%
- Agree: 6.1%

- No 0%

Have the overall specified learning objectives been met?
- Yes 21 (100.0%)
- No 0%
Speaker Comments – Alison Tam, DO, FAOCD

How will you utilize stated learning objectives within your practice?

- Be more comfortable with transemix acid
- Consider higher strengths of hydroquinone from 12% to 18%
- I will utilize TXA in MALE and female patients.
- Implement use of TXA for appropriate melisma patients
- Incorporate more tramexamic acid use in my treatment of melasma.
- Modified our consent for patients
- NA
- Start prescribing TXA. Increase the strength of HQ I use
- Yes

What did you find most effective about this session?

- All of it
- Breakdown if prescribing TXA. Would have liked to see more on other disorders of hyperpigmentation.
- NA
- Reassurance in the safety of treatment for melasma with regards to TXA and HQ
- Slides
- Take tramexiamic acid with food and large amounts of water for better tolerance.
The Powerpoints and/or handouts effectively supported the presentation.

- Strongly Agree: 16 (76.2%)

- Strongly Disagree: 0%

Were disclosures made or conflicts of interest identified prior to the CME program?

- Yes: 21 (100.0%)
- No: 0%

Have the overall specified learning objectives been met?

- Yes: 21 (100.0%)
- No: 0%
Speaker Comments – Alpesh Desai, DO, FAOCD

How will you utilize stated learning objectives within your practice?

- Be more aware of some of the diagnoses presented in the lecture.
- Important considerations for approach to SoC patients.
- NA
- Will look into the other scales to skin type patients. Wish that speaker had slides on these methods.
- Worry more about hands and feet in pigmented patients

What did you find most effective about this session?

- Found it quick. Would have liked more in depth. Also, cover LPP, melasma, etc. More in depth in bleaching creams- mixing with other agents (i.e. kojic acid, tretinoin)
- Good presentation of the conditions presented.
- NA
- Wish it was longer and went over more treatment / management regimens
Speaker Evaluation – Bradley Glick, DO, FAOCD

The Powerpoints and/or handouts effectively supported the presentation.

**Speaker Comments – Brandon Basehore, DO (Autoimmune Disease Pt. 1)**

**How will you utilize stated learning objectives within your practice?**
- Great review
- Include these diseases more in my differential; more work up with these cases; treatments
- It serves as an excellent reference to have to review for those tough cases

**What did you find most effective about this session?**
- Great lecture! A lot of info, helpful in many ways with each type of blistering disease. I think it’s a great lecture to repeat in future conferences!
- Tips on best treatments
**Speaker Evaluation – Brandon Basehore, DO (Autoimmune Disease Pt. 2)**

The Powerpoints and/or handouts effectively supported the presentation.

- Strongly Agree: 11 (91.7%)
- Agree: 1 (8.3%)

- Disagree: 0%
- Strongly Disagree: 0%

Were disclosures made or conflicts of interest identified prior to the CME program?

- Yes: 19 (100.0%)
- No: 0%

Have the overall specified learning objectives been met?

- Yes: 19 (100.0%)
- No: 0%
Speaker Comments – Carlos Gomez-Meade, DO, FAOCD

How will you utilize stated learning objectives within your practice?
- Consider utilizing Brownsville.
- Implementation of more skin grafts for post Mohs repair in challenging sites like cartilage.
- Minimize cautery- enjoyed emphasis on maintaining “good soil” for wound healing
- More secondary intent healing
- NA
- Will incorporate the Brownsville
- Wound care instructions.

What did you find most effective about this session?
- Beyond amazing speaker
- Brownsville Bolster
- Confidence bordering on bragging
- Focus on good techniques, reproducibility, lead to great results
- Photos
Speaker Evaluation – Cathy Koger, DO, FAOCD

The Powerpoints and/or handouts effectively supported the presentation.

- No 0%

Have the overall specified learning objectives been met?

- Yes 18 (100.0%)
- No 0%
Speaker Comments – Christopher Weyer, DO, FAOCD

How will you utilize stated learning objectives within your practice?
- I cannot utilize the objectives because I do not do Mohs micrographic surgery or complex plastic surgery.
- I don’t do mohs, just general knowledge
- Na
- Not a Mohs surgeon myself. However, have a better sense of the planning of flaps and grafts.

What did you find most effective about this session?
- As someone who refers out for Mohs and patients sometimes come back for wound check, I feel better equipped to deal with post op complications.
- Clinical photos
- Experience of the speaker and the complex cases. He was honest in his opinion of the results of his surgeries.
- Na
Speaker Evaluation – Dawn Sammons, DO, FAOCD

The Powerpoints and/or handouts effectively supported the presentation.

The content of the topics were presented in a clear and understandable manner.

The sessions assisted me in my professional development.

The sessions provided me with specific ideas that I intend to use.

The presenters were knowledgeable, organized and effective in their presentations.

The conference remained commercially unbiased.

Were disclosures made or conflicts of interest identified prior to the CME program?

Have the overall specified learning objectives been met?

Yes 20 100.0%

No 0%
**Speaker Comments – Dawn Sammons, DO, FAOCD**

**How will you utilize stated learning objectives within your practice?**
- Better billing practice
- Consider more PTO for our staff
- Going to work on staff satisfaction
- Great tips on starting and running a practice
- Incorporate some of the ideas presented about keeping staff happy
- Keep billing in house.
- NA

**What did you find most effective about this session?**
- Compliments to my staff more frequently.
- Everything. Maybe a panel discussion of this topic at next meeting?
- Info that all dermatologists should know. Would like to see more lectures like this.
- Na
- Personal examples
- Reassurance that our CEO and HR administrative team are really doing great jobs!
- That there are so many different ways to run a dermatology practice and you have to do what is best for your situation.
Speaker Evaluation – Derrick Adams, DO, FAOCD

Speaker Comments – Derrick Adams, DO, FAOCD

How will you utilize stated learning objectives within your practice?

- General knowledge
- NA
- Think outside the box
- This was more historical knowledge but very interesting.
- Will consider expanding my practice to treat mummies
- Will not

What did you find most effective about this session?

- I know now not to use a jack hammer to remove a mummy
- Interesting
- Most interesting presentation thus far! Very unique topic. Speaker very passionate about topic.
- NA
- Overall presentation was great
- Photos

Speaker Comments – Dirk Elston, MD

How will you utilize stated learning objectives within your practice?
- Always a great speaker
- Clinical patterns of presentation from different drugs in toxic epidermal necrolysis.
- Enjoyed the pearls from JAAD articles
- Great fund of knowledge
- Multiple pearls on medications.
- NA
- New treatment ideas for HS and side effect complication management for dupixent
- Will counsel patients I’m putting on spironolactone not to take SMZ TMP

What did you find most effective about this session?
- Fantastic lecturer great insights
- From his practical review of the best articles from the JAAD.
- Great teaching
- Keeps you humble on
- Learning from the expert
- NA

Speaker Comments – James Del Rosso, DO, FAOCD

How will you utilize stated learning objectives within your practice?

- Great review of new medications
- I will consider the new benzoyl peroxide preparation for rosacea.
- Looking forward to new meds
- Management of acne
- NA
- Start using newer treatments out for acne, alopecia areata, vitiligo, etc
- Try some of the newer approved medications.
- Use of novel treatment options

What did you find most effective about this session?

- Great pearls within his lecture
- Love the way he touched on a lot of pertinent clinical topics crammed into his lecture. I like that better than one long unimportant topic
- NA
- Pharmacology
- Relating to real life use and what to worry about in side effect profiles on labeling
- Slides
- Updates in treatment based on research
- Very effective and knowledgeable speaker.

Speaker Comments – Mark Lebwohl, MD

How will you utilize stated learning objectives within your practice?

- I will start to consider prescribing JAK inhibitors for my patients and will have more confidence in doing so.
- Increase my use of oral JAK inhibitors since Dr. Lebwohl clarified the black box warnings and relative risks.
- Increase use if JAK inhibitors with my patients
- Learned more about jak inhibitors and monitoring
- Monitoring patients depending on their treatment of psoriasis.
- Much more likely to use JAK inhibitors.
- NA
- Start prescribing the oral JAK inhibitors more often
- Successfully implement JAK inhibitors.
- Would recommend a better projector
- Write some JACs

What did you find most effective about this session?

- Allays some of the fears I had about JAKs
- Amazing broad and deep review of current info on JAKi.
- AMAZING SPEAKER
- Benchmark presenter. Simply the best.
- Comparison of risk to Advil.
- Comparison to ibuprofen
- Great summary table. Speaker very knowledgeable.
- How thorough his knowledge is on these medications.
- Summary of prescribing indications, doses, and monitoring.

Have the overall specified learning objectives been met?

- **Yes**: 24 (100.0%)
- **No**: 0%
Speaker Comments – Neal Bhatia, MD

How will you utilize stated learning objectives within your practice?

- Great info on HS
- Info on HS
- NA
- Nice review of PDT/HS - will incorporate different treatment options.
- Will plan to modify my way of treating patients with PDT based on his presentation.

What did you find most effective about this session?

- Approaches to hidradenitis suppurativa.
- Great updates
- Has a lot of knowledge in these areas
- NA
- Photos
- Thorough coverage of the subjects presented.
- Updates on new tx on horizon for HS; consider red light vs blue light; keep lymphoma as a zebra in my mind
### Speaker Evaluation – Whitney High, MD

Speaker Comments – Whitney High, MD

How will you utilize stated learning objectives within your practice?

- Don’t forget the zebras
- General knowledge
- Maintain good technique with biopsies and provide more information the dermatopathologist when possible
- NA
- Reiterate the importance of good tissue sampling
- Review of the consequences of immunosuppressives in relation to cancers and infections.
- Yes

What did you find most effective about this session?

- All of it
- Discussion of sub optimal biopsies and melanoma diagnosis.
- Great review of dermpath findings
- NA
- Photos
- The complexity of the cases presented
- The importance of an experienced Dermatopathologist with consulting
**Speaker Evaluation – William Chow, DO, FAOCD**

**The Powerpoints and/or handouts effectively supported the presentation.**

- **Strongly Agree**: 20 (90.9%)
- **Agree**: 2 (9.1%)
- **Disagree**: 0%

**The content of the topics were presented in a clear and understandable manner.**

- **Strongly Agree**: 21 (95.5%)
- **Agree**: 1 (4.5%)
- **Disagree**: 0%

**The sessions assisted me in my professional development.**

- **Strongly Agree**: 14 (63.6%)
- **Agree**: 6 (27.3%)
- **Disagree**: 2 (9.1%)

**The sessions provided me with specific ideas that I intend to use.**

- **Yes**: 22 (100.0%)

- **No**: 0%
Speaker Comments – William Chow, DO, FAOCD

How will you utilize stated learning objectives within your practice?

- Do more secondary intention healing
- I cannot utilize those objectives since I do not do Mohs surgery.
- Include secondary intention more as a close option after Mohs.
- NA
- Not a Mohs surgeon but great review.
- Not a Mohs surgeon. No major changes in practice
- Not much application since I do not perform MOHS

What did you find most effective about this session?

- Great history presented on Mohs micrographic surgery and how it has evolved over the years.
- NA
- Photos
- Review of ABD, AOBD requirements
The overall mission of each AOCD CME Activity is to:
1. Inform the provider of advances in medical knowledge and technology.
2. Inform the provider of advances in diagnosis and treatments for better patient care and outcomes.
3. Inform the provider of advances in Practice-Based Learning and System-Based Practices.

AOCD CME activities are intended to enhance the knowledge and competence of its attendees, with the intended goal being improving patient care and their health outcomes. The impact of our educational meetings will provide a diversified CME program focusing on the art and science of Dermatology.

The AOCD has met its mission for this conference:

Yes (100%)

If you answered “no,” please describe how we did not meet the mission:

- N/A
Attestation Exit Survey

Please identify how you will change your practice as a result of attending these webinars (more than one selection could be made):

- Change the management and or treatment of my patients – 60.00%
- Change protocols, policies, and or procedures – 92.00%
- Other Change – 4.00%
  
  Please explain
  
  - Change how I think about dermatologic pathologies
  - Currently we are corporate but will try to pass on info learned in these lectures
  - I enjoyed learning the different protocols for jak inhibitors
  - Learned many different pearls I can apply in my practice

I will share what I learned from today's activity with:

- Colleagues (25)
- Patients (11)
- Staff (7)
- Mid-Level Providers (6)
- Residents (4)
- PAs (3)
- Medical assistants
- Students

As a result of what I learned from this activity, I intend to make the following practice/performance changes that I believe will result in more positive patient outcomes:

- Avoid BPO in skin of color.
- Change bolsters in graft closures
- Change management of pediatric derm
- Change how I treat melasma
- Code appropriately
- Consider offering mental health days to my staff. Practice more surgical management for my HS patients.
- Consideration of alternative approaches to certain patients and disease processes
- Continue to practice evidence-based medicine
- Education and treatment options for patients with psoriasis, HS, alopecia areata, atopic dermatitis, autoimmune blistering diseases, and others.
- Everything Lisa Swanson said! She was amazing
- Great board review, great treatment options for hard-to-treat diseases. Overall great meeting.
- Have a better understanding of JAK
- I am more comfortable and confident in prescribing JAK inhibitors.
- I have a new confidence and intend to continue to research newer medications and treatment options for various skin diseases.
- Improve treatment plans and incorporate updated protocols that I learned during this conference.
- Improved JAK management
- Improved patient care.
- New coding information
- None
- Perform more FTSG where appropriate and implement use of TXA for melasma
- Protopic for eyelid derm
- Some good take aways for practice management.
- Start using JAK inhibitors
- Too many to list.
- Treatment plans using newer approved therapies
- Try using the Aron regimen for kids with AD.
- Update treatment protocols, especially with Mohs reconstructions and the use of JAK inhibitors.
- Updates from thus seminar
- Use JAK for psoriasis, if accessible.
- Use Jak inhibitors more in general. Use spironolactone for hair loss because previously I didn’t think it worked well. I also will try low dose minoxidil.
- Use new meds that just came out on market. Use meds that I may have been hesitant to try in past. Improve my billing.
- Will try the Aron regimen
- Wound care, JAK inhibitors and other new novel therapies.
- Writing more jak inhibitors
30-45 Day Post-Activity Outcomes Evaluation
13 Responses Received

Were the materials from this meeting useful as reference tools?

- Yes 100.0%
- No 0%

As a result of attending this activity, have you been able to implement any changes of protocols, policies and or procedures?

- Yes 92.3%
- No 7.7%

Please share an example:

- Better monitoring protocols for biologics
- Change in how I start JAK inhibitor drugs
- Changes to Improve office efficiency and pharmaceutical approaches to some difficult and challenging cases
- Feeling more comfortable on advising patients on JAK inhibitors
- Making sure of the protocols are up to date based on the exam that Dr. Greg Papadeas gave at the meeting.
- Not applicable, still a student
- Use new medications jak kinase with informative consent
As a result of attending this activity, have you been able to implement any changes to the management and or treatment of patients?

Yes 100.0%

No 0%

Please share an example:
- I will expand the treatment offered based on the new JAK 2 medications discussed at the meeting.
- Improve discussion and treatment options eczema
- More willing to prescribe new AD treatments
- See above
- Using JAK inhibitors with more confidence
- Wound care counseling

Please select the barrier(s) that prevented you from implementing changes in your practice:
- Clinical knowledge/skill/expertise – 0.00%
- Peer influence – 10.00%
- Recall, confidence – 20.00%
- Legal concerns – 20.00%
- Patient characteristics/factors – 30.00%
- Patient adherence – 0.00%
- Workload – 30.00%
- Safety concerns - 20.00%
- Cost/funding – 40.00%
- Lack of opportunity – 40.00%

I still plan to implement changes, I need more time.

Yes 100.0%

No 0%
Comments

- Loved having a live meeting again!! Also was fun having happy hour each afternoon so could socialize more.
- Best AOCD in recent years (excluding COVID factor) Great on point topics and top-notch speakers.
- Have some 30-minute lectures to cover more topics
- I think we could decrease the length of the entire meeting..... Shorten lectures and decrease the large break times between lectures. Breakfast and lunch provided are logistically helpful in that we don't have to leave the venue.
- It was great, very educational and loved the speakers.
- Thank You for putting together a great program.
- This is probably the best AOCD meeting I have attended. Speakers were very intelligent and I plan to use what I learned here in practice.
- Would like to have seen lots more photos on skin of color conditions.
- Wonderful conference
- Was very pleased with my first AOCD conference. Very well run, great support and fun.
- Well run educational conference
- Good size conference room. Nice hotel, but needs renovation.
- Great conference!
- Great meeting! Quality lectures.
- Loved the updates for coding
