The 2023 “Top 3” Conference, sponsored by the American Osteopathic College of Radiology, is intended for practicing radiologists and radiology trainees as a comprehensive and practical case-based radiology review. All subspecialties and imaging modalities will be covered with lectures divided into the following sections: neuroimaging, musculoskeletal imaging, gastrointestinal imaging, genitourinary imaging, ultrasound imaging, cardiothoracic imaging, pediatric imaging, breast imaging, vascular & interventional radiology, and nuclear medicine. Lectures are provided by a distinguished group of faculty with a wealth of clinical and teaching experience, each covering the key clinical and imaging findings for differentials within common imaging gamuts, as well as characteristic “Aunt Minnie” cases. Our goal is to provide attendees with a comprehensive gamut-based approach to image interpretation with helpful pearls to distinguish between entities on a list of differential diagnoses.
COURSE OBJECTIVES

- Formulate gamut-based differential diagnoses for key imaging findings across all radiology subspecialties and imaging modalities.
- Distinguish amongst differential diagnoses based upon characteristic imaging findings.
- Recognize & identify diagnoses with classic imaging findings, in which there is no differential diagnosis.
- Implement and optimize imaging modalities and protocols to improve diagnostic accuracy.
- Recognize appropriate indications for image-guided interventional procedures, as well as management of potential complications.

ACCME & AOA Accreditation
The AOCR is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The AOCR designates this live activity for a maximum of 30 AMA PRA Category 1 credits.™

The AOCR is accredited by the American Osteopathic Association (AOA). The AOA has approved this CME Activity for a maximum of 30 AOA Category 1-A credits.

Disclosure
It is the policy of the AOCR to comply with the ACCME Standards for commercial support of CME Activities. All faculty participants in AOCR programs are required to disclose to the program audience any real or apparent conflict(s) of interest related to this meeting or its content. Faculty disclosure information is included in the course syllabus information and will be disclosed by faculty as they present.

SAM Designation Statement
The AOCR has received SAM Deemed Status from the American Osteopathic Board of Radiology (AOBR); therefore, this CME activity is approved for 5 AOBR SAM credits for the purpose of fulfilling requirements in the AOBR Osteopathic Continuous Certification Program.

Located 25 minutes from the Phoenix Sky Harbor International Airport, The Wigwam is a premier destination of luxury and leisure. There are many popular attractions located within driving distance, along with local sightseeing spots like sports arenas, dining, shopping outlets, museums and much more.

The AOCR has made special arrangements for a discounted group rate of $220 per night + $15 Resort Charge + $3 Resort Gratuity. These rooms will be available for attendees on a first come, first serve basis and may sell out before the cut-off date of March 31, 2023. Please support the conference and the AOCR by booking your room at The Wigwam.

Booking Link: [AOCR - Annual Meeting](#)  
Or  
Please call (623) 258-4676 & choose option 1 to be connected to the Reservations Team.

**Why book a room at the conference hotel?**

The AOCR negotiates competitive group rates on behalf of attendees for each CME conference. As part of these hotel negotiations, the College is required to sign a contract guaranteeing a specific number of hotel rooms being sold within the group block. If this guarantee is not met, the College is financially responsible for that shortage. All of this is considered when setting the registration rate for each CME conference. Therefore, we encourage all attendees to consider staying in the conference hotel. This will help to ensure that the College is able to keep registration rates for future CME conferences as low as possible.
Registrant Contact Information

Name: ___________________________ Address: ___________________________

Phone #: ___________________________ City: ___________ State: _____ Zip: ______

Email: __________________________________________________________________

Payment Information

Mail check payable to the AOCR or include credit card information

- Visa
- MasterCard
- American Express
- Discover

Card #: ___________________________ Card Exp. Date: ___________ CVV: ___________

Name on Credit Card: __________________________________________________________________

Billing Address (if different from address listed above): ________________________________________

By attending this event, I agree to voluntarily assume all risk related to exposure and agree to not hold the AOCR or any of its affiliates including its directors, officers, employees, agents, contractors, and volunteers liable for any illness I might contract during or after the event. I will take necessary precautions while at the event. I agree to not attend any AOCR event if I feel ill or had recent exposure to a COVID-19 case.
Accessing Course Information
All course information will be available to attendees using our event app. This may be accessed by downloading the app to a mobile device or by using a web browser. Details on accessing the event app will be emailed to course registrants prior to the course. In addition, all lecture recordings will be made available to attendees for 36 months following the conference for reference purposes. This reference material will be located in the online CME Library.

Hearing Impairment
Attendees who would like to request reasonable accommodations for hearing impairment assistance are asked to submit their request no later than March 24 so that we may best accommodate your needs and requirements. Onsite requests will be accommodated to the best of our ability; however, available resources may be limited.

Questions and requests regarding hearing assistance at AOCR CME Conferences should be directed to info@aocr.org or 660-445-6090.

General Disclaimer
By virtue of participation, meeting registrants grant to the American Osteopathic College of Radiology (AOCR), its representatives and employees the right to share your name, city/state with pertinent establishments including but not limited to the hotel and the American Osteopathic Association. Additionally, meeting registrants grant to the American Osteopathic College of Radiology (AOCR), its representatives and employees the right to take photographs of them in connection with the CME Conference. It is agreed that AOCR may use such photographs of registrants with or without the registrant’s name and for any lawful purpose, including (for example) publicity, illustration, advertising and web content.

How to Obtain CME Credit
- The CME Attestation & Evaluation Form will be available on the event app. An email will be sent Friday, April 28, reminding attendees to complete the attestation.
- The attestation form will close on Sunday, May 28. Please make every effort to complete this process prior to the closing date. Learners that do not complete the attestation form prior to the closing date must email info@aocr.org for assistance.
- CME certificates will be provided to learners no later than Wednesday, May 31. Instructions on viewing/printing your certificate will be emailed to the email address we have on file.
  - DO Learners: AOCR will report your CME credit to the AOA on your behalf no later than Wednesday, May 31. You may print/save a copy of your CME certificate to provide to other appropriate licensing and accrediting bodies.
  - MD Learners: You may print/save a copy of your CME certificate to provide to the appropriate licensing and accrediting bodies.

Monday, April 24.................7 Hours

Make your own history at The Wigwam - Arizona's rich cultural and iconic resort since 1929. Whether business, romance, relaxation or family fun, our 440 acres of lush landscapes and elegantly crafted adobe and timber suites contain the extravagant retreat you so desire.

From green golf courses to outdoor tennis courts, our relaxing spas to signature dining spots - find a world of your own near the heart of Phoenix, at our luxury resort. Surrounding Litchfield Park, the outdoor sightseeing opportunities by the Sonoran Desert are also endless. Fulfill the authentic Arizona tradition when you stay at The Wigwam.

Amenities Include:

- Sparkling pools, including a kids fun zone with two water slides, a splash pad, as well as private cabanas and relaxing Jacuzzis.
- Arizona's only resort with 54 holes of championship golf, including two golf courses designed by Robert Trent Jones, Sr. courses.
- Nine lighted, paved tennis courts including one full size stadium court and full service pro shop.
- Fitness Center offering premier cardio and Nautilus equipment, a motion studio and daily fitness offerings.
- A custom built, regulation bocce ball court, bike rentals and yard games.
Things to do
Near the Resort

Equinox Balloons
If you are not afraid of heights and want to try an amazing experience, head over to Equinox Balloons. They offer romantic rides for couples or private rides for small groups of up to 6 people. This way you avoid being crammed into a small balloon basket and with 20 strangers around you.

Arizona Scenic Tours
If you want to truly experience Arizona and the Southwest, make sure to take one of the tours offered by Arizona Scenic Tours. The professional staff will take you to national parks, mining towns, the Grand Canyon, the Apache Trail, the Wine Country, the Monument Valley and many more other interesting and unique places.

Camelback Ranch
This baseball stadium is the spring training home for 2 important teams from the Major League: the Chicago White Sox and the Los Angeles Dodgers. Parking is free and you will get a good view of the pitch no matter where you sit. The food is good and the stadium is cozy and intimate, compared to a large MLB stadium.

Westgate Entertainment District
This place is a huge mall and has plenty of spots to find good food, drinks and entertainment for the entire family. Among others you will find a wide variety of shops, bars and restaurants, bowling alleys and other games, ice skating, water effects and much more.
