

Dr. Floyd J. Trenergy Memorial Medal Recipients

The medal was created in 1953 as a memorial to Dr. Trenergy but was given retroactively to 1941 as lectures had been dedicated to Dr. Trenergy annually. Dr. Trenergy lectured at the first two meetings in 1941 and 1942 and then died prior to the 1943 meeting. Originally a lecture was given annually, and the speaker was presented the medal following the lecture. In 2007, the lecture was discontinued, and the medal was awarded based on the contributions to AOCR didactic programs. The award was retired in 2017.
