# Acknowledgment of Right Relationship and Open Dialogue

## **A Statement of the APA Committee on Native American and Indigenous Philosophers**

*Obligation:* The American Philosophical Association Committee on Native American and Indigenous Philosophers wishes to underscore that we as philosophers have an obligation to acknowledge and address situations in which the rights of others are, have been, or continue to be disregarded.

*Context:* The American Philosophical Association owes its existence and success not only to those special founding members, but also to the vitality of generations around the globe whose hopes, dreams and energies have created a constellation of historical relationships in the Americas. Some of these generations have left distant lands for many reasons, some brought against their will, and some having lived here for more generations than can be counted. These latter include the current five hundred sixty-seven (567) federally recognized Indian Nations, and state recognized tribes, and bands, pueblos, communities, and native villages, some stretching across America's northern and southern boundaries.

*Committee Specificity:* Although we recognize abuses against and debts owed to many groups, especially those for which the APA maintains diversity committees, this statement focuses on disregard for the rights of native and indigenous peoples and perpetration of harms against them, which are on a scale that approaches cultural erasure.

*Acknowledgment:* The American Philosophical Association acknowledges and pays respect to the indigenous people upon whose ancestral lands this conference is being held. We recognize that the rights of native and indigenous people and nations have been and continue to be denied and violated, and we honor with gratitude the land itself and the people who have stewarded it throughout the generations.

*Truth:* The APA Committee on Native American and Indigenous Philosophers affirms that building mutual respect across barriers of heritage and difference is often made possible by honoring truth. Honoring America's Indigenous truth means acknowledging that human violence,

displacement, migration and settlement have created legacies of distrust. Yet truth and trust are critical to building mutual respect for our common connections across all barriers of difference.

*Recognition:* The APA Committee on Native American and Indigenous Philosophers emphasizes the importance of acknowledging the often-erased history, overlooked debt, frequently contested and forgotten contributions of traditional indigenous philosophical heritage, and traditional stewardship and stewards of our ancestral lands throughout the past and present. The committee respectfully acknowledges that we exist on a land debt, that this event is taking place on the traditional ancestral lands of Indigenous Native Americans, in the context of the discipline of philosophy's traditional indigenous philosophical heritage, and pays honor to this past and present history, philosophy, and elders.

# The AAPT-APA Teaching Hub

The American Association of Philosophy Teachers (AAPT) and the American Philosophical Association Committee on the Teaching of Philosophy (CTP) have co-organized a two-day conference on teaching for the 2026 Eastern Division meeting. We are aiming to bring the collegial and supportive culture of the AAPT to the APA; highlight teaching within the context of an APA meeting; stretch beyond the traditional APA session format to offer sessions that model active learning; and attract a broader range of philosophers to the divisional meetings.

Edited by C. D. C. Reeve and Pavlos Kontos

Boxed Set: \$145.00 | Unboxed Set: \$130.00 | eBook: \$80.00

*Aristotle: Complete Works* is a monumental achievement, the first new English-language translations of the Aristotelian corpus since 1954. Edited by C. D. C. Reeve and Pavlos Kontos, this two-volume set aims for consistent translation of key terms across the works and includes a general

Introduction by Christof Rapp, Catalogs of Aristotle's Writings, an Annotated Index of People and Places, and an extensive Annotated Glossary of Terms.

Both editions feature eggplant-colored cloth-bound hardcover books with sewn bindings. The cover material is Arrestox B, providing a durable, environmentally friendly linen finish. The interiors of each book feature acid-free, bright white paper (matte coated for durability), Grosgrain black ribbon markers, and saffron yellow endsheets. The stamping on the exterior of the covers features a matching saffron yellow pigment foil. The box set version packages the volumes in a rigid, matte slipcase made of durable 88-point boards and covered in thick 80-pound, full-color paper.
