I. ABSTRACT

In this proposal we submit a request for funding from the APA for our workshop series, SWIPshop. SWIPshop is organized by the New York Society for Women in Philosophy (NYSWIP), hosted at the NYU Philosophy Department building, and serves as a meeting place for graduate students and faculty to discuss work-in-progress related to feminist philosophy, broadly construed. This proposal includes the following:

III. PURPOSE

SWIPshop is a workshop where philosophers present papers on any topic in the philosophy of gender, sex, and sexuality, feminist philosophy, feminist theory, feminism, and related topics. SWIPshop follows the successful models of WOGAP (Workshop on Gender and Philosophy) at MIT, and BayFAP (Bay Area Feminism and Philosophy Workshop).

SWIPshop is a place for philosophers of all genders, all philosophical traditions, and all professional levels (graduate students, junior faculty, senior faculty) to meet as equals and discuss their work in a supportive environment.

We meet monthly to discuss the work-in-progress of philosophers doing work related to feminism (very broadly construed) in the New York City area. Our format focuses on discussion, rather than presentation, since we read the work ahead of time.

The workshop serves at least three main goals: (1) providing a space for feedback (content, form, editorial, etc.) for philosophers (especially graduate students and junior faculty) to facilitate research publication; (2) community-building for the feminist philosophical community in NYC and the surrounding area; and finally (3) fills various professional development roles for feminist philosophers as well as the wider NYC-area philosophical community.

_PUBLICATION-ORIENTED RESEARCH FEEDBACK_
One of the key goals of SWIPshop is to provide a space for open, critical discussion on our participants’ work in progress with a keen eye toward publication. We are a group of philosophers with a wide range of expertise (including political philosophy, philosophy of language, epistemology, ethics, Continental philosophy, and history of philosophy) who engage with each other in productive, fruitful ways. Many of our presenters are working on articles aimed at publication or on sections of their dissertation research. One
of our key aims is to help our participants meet their research goals, be it publication or dissertation completion. We do this by offering critical objections, friendly suggestions, and citations for further research within the space of our workshops.

COMMUNITY-BUILDING

Within the New York City area philosophical community there are a multitude of different philosophical traditions, methodologies, and interests. We aim to perform some important bridge-building work for this community vis à vis feminist philosophy. We feel that there is a critical mass of feminist philosophers in the NYC area, from all philosophical backgrounds, and the workshops serve as an important network not only for research-oriented dialog, but also for scholars to meet other philosophers in the profession with similar interests. The workshops also serve this goal via NYSWIP outreach: that is, by publicizing NYSWIP as an organization, and getting younger philosophers involved in NYSWIP.

PROFESSIONAL DEVELOPMENT

Finally, SWIPshop serves as an important professional development tool for feminist philosophers in the NYC area. In addition to familiarizing participants with up-and-coming research in feminist philosophy and beyond, SWIPshop brings together graduate students and faculty at all levels for informal learning, mentorship, and strategizing for all levels of the profession: dissertation research, completion, job market skills, and tenure-track goals. Through our workshops, presenters receive thoughtful and critical feedback that can prepare them for job talks and publications. Moreover, SWIPshop provides a platform for the development of mentorship at all levels of the profession. It also encourages development of partnerships and work that pushes boundaries, such as the joining of separate areas of philosophy and the merging of philosophy with other academic fields.

IV. GROUNDWORK

2011-2012 marks the third year of the SWIPshop workshop series. Members of the SWIPshop steering committee met with NYSWIP organizers in the Summer of 2009 to begin organizing the first workshops in Fall 2009, and so far have held 13 highly successful workshops, hosted at the NYU Philosophy Department. Participants include graduate students, junior and senior faculty, and emeritae faculty at area philosophy departments. We have organized workshops on a broad range of topics intersecting with feminism, including: metaphysics, philosophy of mind, philosophy of language, normative ethics, meta-ethics, applied ethics, political philosophy, and history of philosophy.

Schedules for past workshops can be found in the appendix. We have also recently solicited a CFP for abstract submissions for our 2011-2012 year, also in the appendix.
V. FUNDING

For the 2009-2010 and 2010-2011 workshop series, funding for food and supplies has been provided by volunteer members of NYSWIP. Even though we are affiliated with NYSWIP, NYWSIP monies, which come through membership dues and donations, are not used to support SWIPshop.

We are seeking support for four main areas: (a) dinner costs; (b) supplies; (c) printing; and (d) travel.

DINNER COSTS
Typically, we begin each session with a simple meal provided by volunteers. Dinner usually includes a basic vegetarian entrée (e.g. chili, curry, or pasta), a salad (e.g. green salad), beverages (e.g., soda, iced tea, wine), and a dessert (e.g. cupcakes, cookies). APA support would ease the financial burden for meals from our volunteers (many of whom are graduate students).

SUPPLIES
In addition to dinner, we require some basic supplies. This includes tableware (e.g. disposable plates, flatware, cups, napkins) and nametags. As of now our volunteers bear the cost of these supplies as well.

PRINTING
Currently our main avenue of communicating with members of the NYC philosophical community is via email. We are requesting support to extend this publicity to the “real world” via posters and handouts. These would be distributed to area philosophy departments (e.g. NYU, CUNY GC, Columbia, Fordham, Rutgers, Princeton, the New School, the University of Connecticut, Yale) to be displayed in offices as well as placed in faculty and graduate student mailboxes. These funds may also be used to support printing of handouts for our speakers, who currently bear the cost of printing.

TRAVEL
Finally, we are requesting some modest support for travel for potential speakers who live beyond the NYC area. Currently there are three feminist workshops active in the United States – these include BAYFAP in the San Francisco Bay Area, WOGAP in the Boston area, and SWIPshop in the NYC area. We would like to extend an offer of presentation to potential speakers who may not have a sympathetic workshop space in their geographic area. We would sponsor a travel fund to cover a portion of the travel expenses for our presenters each semester, up to $200 ($600 total).

For an itemized breakdown of fund requests, please see the following detailed budget report.

FISCAL AGENT
NYSWIP will serve as the fiscal agent for SWIPshop, facilitated by Amy Baehr and Rachel McKinney.

VII. TIMELINE

Specific dates for the 2011-2012 workshops have not yet been set, but typically occur once a month on Thursday evenings. We plan on scheduling 3-4 workshops in the Fall semester, 3-4 in the Spring, and 3 in Summer 2012. Previous schedules can be found in the appendix.

We are planning our first 2011-2012 workshop for late August 2011; we therefore request support beginning in early August, 2011. Our workshops will follow thereafter once a month on Thursdays. We request support for each of our semesters: Fall, beginning in early August, 2011; Spring, beginning in early January 2012; and Summer, beginning in late May 2012.
For reference, a typical meeting runs as follows:

**Prior to meeting:**
Email sent to area philosophy departments advertising the title and speaker
Email sent to the SWIPshop email list with paper attached
RSVP list organized

**Meeting:**
6:15: Volunteers meet to set up dinner, drinks, and supplies (e.g. nametags, etc)
6:30: Dinner, welcoming, etc
6:45: Announcements, introductions, etc
6:50 – 8:30: Discussion/Q&A

**Post-Meeting:**
9:00: follow up with speaker and interested participants at a nearby bar

**VIII. ASSESSMENT**

We will assess the effectiveness of the workshop series in the following ways:

**NUMBER OF ABSTRACT SUBMISSIONS FOR 2011-2012 SESSIONS**
Last year we had 7 abstract submissions for 6 scheduled workshop dates; if we get noticeably less than this, it will be a sign that we need to distribute the CFPs more widely (this year we are soliciting papers once for the Fall sessions and again for the Spring and Summer sessions separately).

**ATTENDANCE**
We usually receive 12-20 participants, plus a speaker (sometimes more, sometimes less) – this includes graduate students, faculty (junior and senior) and emeritae. Attendance at last years’ sessions was very good. If attendance drops off, this will be a sign that we ought to widen our publication of the workshops.

**FEEDBACK FROM PRESENTERS**
So far we have received verbal feedback from presenters – all have been very positive about their experience. We have also been flexible with format in light of speaker feedback – our Summer 2011 sessions are more informal, feature two speakers for each Workshop rather than one, and are conducted on the basis of abstracts rather than full working paper drafts. We may solicit a survey (via email or hardcopy at one of our Workshops) to gather further feedback, both from presenters and participants.

**FEEDBACK FROM PARTICIPANTS**
We also regularly solicit feedback from participants on what works and what does not. As mentioned above, we may solicit a survey (via email or hardcopy at one of our Workshops) to gather further feedback.
VIII. ADVERTISING/ACCESSIBILITY

ADVERTISING
Previously we have used posters and e-mails sent to area Philosophy departments to advertise both the CFPs and the workshops themselves. We will continue these strategies, but are also seeking funds to print and distribute color posters to area Philosophy departments to be displayed and also to be included in faculty and student mailboxes at the beginning of the Fall, Spring, and Summer semesters.

ACCESSIBILITY
The NYU Philosophy Department building is wheelchair accessible. Our papers are distributed via email (either .doc or .pdf) before the workshop; these are accessible to deaf/hard of hearing and blind participants via assistive technology software. We also welcome suggestions for further accessibility.

The New York Society for Women in Philosophy wants YOU to join our workshop and discuss your work with other philosophers in a supportive setting.

The New York Society for Women in Philosophy (NYSWIP) has a monthly workshop, SWIPshop, where philosophers present papers on any topic in the philosophy of gender, sex and sexuality, feminist philosophy, feminist theory, feminism, and related topics.

SWIPshop is a place for philosophers of all genders, all philosophical traditions, and all professional levels (graduate students, junior faculty, senior faculty, retired) to meet as equals and discuss their work in a supportive environment. Graduate students, in particular, are encouraged to attend SWIPshop and present their work.

Each workshop begins with dinner (provided by volunteers) and then we discuss a work-in-progress with the author.

If you’d like to offer a paper-in-progress for discussion at a Fall workshop, please submit an abstract (approximately 750 words) to anne.barnhill@gmail.com by August 1, 2011. A CFP for our Spring session will follow late 2011.

If we have more submissions than workshop spaces, we’ll prioritize submissions by junior scholars, especially graduate students, and select submissions with an eye to diversity of philosophical approaches.
