Lecturer in Real Estate

Land, Farm and Agri-business Management Department

Salary: £34,189 to £38,460 per annum
The point of entry will be dependent upon relevant qualifications and experience
Closing Date: Thursday 12 September 2019
Interview Date: To be confirmed
Reference: RP-110

Harper Adams University seeks a Lecturer to join the Land and Property team teaching on its RICS accredited property courses. This is an exciting opportunity for an enthusiastic and motivated individual to become an integral part of our Land and Property team. Ideally you can offer us expertise in real estate economics, property finance and investment valuation or in Town and Country Planning and Law. Relevant professional or academic experience will be valued, and if you are a chartered surveyor so much the better. You will play a key role in the delivery of a variety of modules at both undergraduate and postgraduate level and a desire to help young people to develop their careers is important.

Applications are welcomed from those interested in teaching on a full or part-time basis. We may also consider a job share between two more recent graduates interested in combining teaching with postgraduate study.

If you have any queries or questions or for an informal discussion please contact Rebecca Payne via email rpayne@harper-adams.ac.uk

This post is exempted under the Rehabilitation of Offenders Act 1974 and as such appointment will be conditional upon the receipt of a satisfactory response to a check of criminal records via the Disclosure and Barring Service before the appointment is confirmed. This will include details of cautions, reprimands or final warnings, as well as convictions.

This post may meet the relevant criteria to allow the University to issue a Certificate of Sponsorship to non-EEA nationals who wish to come to work in the UK through Tier 2 of the Points Based Immigration System. For information on the sponsorship system, please visit the UK Visas and Immigration website at https://www.gov.uk/government/organisations/uk-visas-and-immigration. You are advised to assess your circumstances against the criteria set out in the UKVI policy guidance, available at https://www.gov.uk/browse/visas-immigration. UK NARIC provides advice and guidance on international qualifications at UK NARIC Visas and Nationality

Further details:

• Job description
• The University

Harper Adams University is one of the premier UK Higher Education Institutions focused on the land-based and food supply chain sector.

With 2800 undergraduate students, plus those completing postgraduate, research and CPD programmes, Harper Adams is the UK’s largest single provider of higher education for these subjects. Programmes fall
into eleven broad subject areas – but none operate in isolation. Community and collaboration are key at Harper Adams, meaning everyone, including staff, students and industry partners, benefits from a close network of knowledge and opportunity exchange.

Situated in Shropshire, the campus and the surrounding area provide an excellent working and living environment for staff and students alike.

Harper Adams is consistently positioned highly in a range of national ratings, performance measures and league tables. Its current graduate employment rate is 98% (the joint top rating in England) and student satisfaction stands at 93% (National Student Survey 2017).

Harper Adams is ranked as the UK’s Best Modern University by the Times and Sunday Times Good University Guide 2018; was named University of the Year in the 2016 and 2017 Whatuni Student Choice Awards and holds a Gold (highest level) award from the Government’s Teaching Excellence Framework.

In 2018 Harper Adams University will receive the Queen’s Anniversary Prize for Further and Higher Education, part of the UK honours system.

Applied research is at the heart of the university’s activity, with the work of a thriving academic community underpinning both teaching and work with the industries allied to Harper. The 2014 Government Research Excellence Framework rated all of the university’s research as “of international quality”, and more than half was deemed “world leading” or “internationally excellent”.
